

Essence: Sweet children, you are now becoming flowers from thorns. You must always give others happiness. You must not make anyone unhappy.

Question: What words will *first-class*, effort-making children speak from their hearts?

Answer: "Baba, don't worry, I will definitely *pass with honours* and show everyone." Their *registers* will also be very good. They will never speak words such as: "I am still an effort-maker." You have to make effort and become such a mahavir that Maya isn't able to shake you, even slightly.

Om shanti. You sweetest, spiritual children are studying with the spiritual Father. You should consider yourselves to be souls. We children, incorporeal souls, are studying with the incorporeal Father. In the world, it is only corporeal *teachers* who teach you. Here, it is the incorporeal Father, the incorporeal *Teacher*, who is teaching. This one has no *value*. Shiv Baba, the unlimited Father, comes and gives *value* to this one. It is Shiv Baba who comes and establishes heaven who is the *most valuable* one. He carries out such an elevated task! The Father is remembered as the Highest on High, so you children also have to become the highest. You know that the Father is the highest of all. It is in your intellects that the kingdom of heaven is now truly being established. This is the confluence age, the confluence of the golden age and the iron age, the confluence age in which you become the most elevated. People don't understand the meaning of the word "purshottam" (most elevated being). The highest on high then becomes the lowest on low. There is so much difference between pure and impure. Worshippers of the deities say: You are full of all virtues. You are the masters of the world. Then, they say of themselves: We are the ones who flounder in the river of poison. They just say this for the sake of saying it; they don't really believe it. The *drama* is unique and *wonderful*. You listen to such things every cycle. The Father comes and explains to you. Those who completely *love* the Father feel that great pull. How can souls meet the Father? It is in the corporeal world that the meeting takes place; there is no question of experiencing a pull in the incorporeal world. There, all souls are pure; all the rust has been removed. There is no question of a pull there. The question of *love* arises here. You should absolutely hold on to such a Baba very firmly. "Baba You perform such great wonders! You are making our lives so wonderful!" A lot of *love* is required. Why isn't there that *love*? Because the soul is covered in rust. Unless you have the pilgrimage of remembrance, your rust cannot be removed and you can't become that *lovely*. You flowers have to bloom here. You have to become flowers here before you can become flowers there for birth after birth. You should have so much happiness that you are changing from thorns into flowers! Flowers always give happiness to everyone. Everyone raises flowers to their eyes and takes their fragrance. They make perfume from flowers. They also make rosewater. You are being made into flowers from thorns. It is the Father who makes you into flowers. Baba *wonders* why you children are not happy. He is making you into flowers of the golden age. When flowers become old they completely wilt. Your intellects know that you are changing from ordinary humans into deities. There is so much difference between tamopradhan human beings and satopradhan deities! No one but the Father can explain this. You know that you are studying to become deities. There is intoxication of the study, is there not? You understand that you are now studying with Baba and that you will then become the masters of the world. Your study is *for the future*. Have you ever heard of any study for the *future*? You yourselves say that you are studying for the new world, for the new birth. The Father explains to you the philosophy of action, neutral action and sinful action. This is also mentioned in the Gita, but those who study the Gita don't understand the meaning of it. You have now come to know from the Father that actions are neutral in the golden age and that when the kingdom of Ravan begins, actions become sinful. For 63 births you have been performing such sinful actions! There is a huge burden of sins on your heads. Everyone has become a sinful soul. How can the sins of the *past* be removed? You know that you were satopradhan at first and that you then took 84 births. The Father has given you recognition of the *drama*. Those who come at the beginning in the first kingdom will take 84 births and then the Father will come and gives you your fortune of the kingdom. You are now claiming your kingdom. You now understand how you have been around the cycle of 84 births. You now have to become pure again. By remembering Baba, souls become pure and their old bodies are then destroyed. You children should have infinite happiness. You have never before heard the praise of the Father being the Father, the *Teacher* and the Guru, that all three are the Highest on High. All three are one: the True Father, the True *Teacher* and the True Guru. You feel that Baba, who is the Ocean of Knowledge, the Father of all souls, is now teaching us. He creates the method. Many good *points* continue to emerge in the *magazines*. It is possible that there will be a colour *magazine*. It is just that the writing in that is very small. All the pictures have already been

created. Anyone can create them anywhere. You know the *occupation* of everyone in each picture. You also know Shiv Baba's *occupation*. Children would definitely be told their father's *occupation* by their father. You didn't know anything at all previously. What would little children know about studying? They begin to study at the age of five. Then it takes them many years of studying to *pass* a high examination. You are so ordinary, and yet look what you are becoming! The masters of the world! You will be decorated so much! “*A golden spoon in the mouth*” is the praise of that place. Even now, when some good children leave their bodies they take birth in very good homes. Therefore, they receive a *golden spoon in the mouth*. They will definitely go to someone *in advance*. Only Shri Krishna takes the first viceless birth. Everyone else who leaves here will take birth to vicious ones. However, they will not experience very much punishment in the womb. They will take birth in very good homes. Their sins will have been cut away and only a few will remain. They will not experience that much suffering. As you make progress, you will see how *princes* and *princesses* from great royal families come to you. The Father praises you so much! I make you even more elevated than I am, just as a physical father makes his children happy. As soon as he reaches 60 years old he goes into the stage of retirement and occupies himself in devotion. No one can give them knowledge. It is I who grant salvation to everyone through knowledge. Everyone is benefited because of you because the new world is definitely needed for you. You become so happy. You children have received an invitation to the *Vegetarian Conference*. Baba continues to tell you to have courage. Your sound should spread everywhere in a city like Delhi. There is a lot of devotion in the world through blind faith. There is no question of devotion in the golden and silver ages. That *department* is completely separate. The reward of knowledge lasts for half the cycle. You receive an inheritance for 21 births from the unlimited Father. You remain happy for 21 generations. There is no mention of sorrow there even in old age. You remain happy for your *full* lifespan. The status you claim will be high to the extent that you make effort to claim your inheritance. Therefore, you should make full effort. You can see how the rosary is created, numberwise. It is created according to the effort each of you makes. You are *wonderful students*. *Schoolchildren* are made to race to a target. Baba says: You also have to run to the target and return here. Race on the pilgrimage of remembrance and claim *number one*. The main thing is the pilgrimage of remembrance. Some children say: Baba, I forget. Oh! You forget the Father who is making you into a master of the world! Although storms may come, the Father gives you courage. Together with that, He says: This is a battlefield. In fact, the Father should also be called Yudhistar (one who teaches you to battle) because He teaches you to battle. Yudhistar, the Father, teaches you how to battle with Maya. At this time, this is a battlefield. The Father says: Lust is the greatest enemy. By conquering it you conquer the world. You don't have to chant anything through your lips. You have to remain silent. They make so much effort on the path of devotion. Internally, they chant, Rama, Rama. That is called intense devotion. You know that Baba is making you part of His rosary. You are going to become the beads of the rosary of Rudra that will later be worshipped. The rosary of Rudra and the rosary of Runda are being created. The rosary of Vishnu is also called the rosary of Runda. You are becoming the garland around the neck of Vishnu. How do you become that? When you *win* the race. You have to remember the Father and know the cycle of 84 births. Only by having remembrance of the Father will your sins be absolved. How are you a *lighthouse*? You have the land of liberation in one eye and the land of liberation-in-life in the other eye. By knowing this cycle, you become the rulers of the globe, the masters of the land of happiness. You souls say: We souls are now to return to our home. We go there by remembering it. This is the pilgrimage of remembrance. Look how *first class* your pilgrimage is! Baba knows that you will go to the ocean of milk while just sitting here. Vishnu is shown lying in a lake of milk. By remembering the Father you will go to the ocean of milk. The ocean of milk doesn't exist now. Those who created that lake must definitely have poured milk into it. Previously milk was very cheap. They used to give a whole urn of milk for one paisa. So, why wouldn't there be a whole lake of it? Now, there isn't any milk. Everywhere, there is just water. Baba has seen a very big picture of Vishnu in Nepal. They have made him dark blue. You are now becoming the masters of the land of Vishnu through the pilgrimage of remembrance and by spinning the discus of self-realization. You also have to imbibe divine virtues here. This is the most elevated confluence age. By studying, you become most elevated. The degraded nature of souls finishes. Baba explains to you every day that you should feel intoxicated. Some say: Baba, I am making effort. Tell Baba with an open heart: Baba, don't worry about me! I will definitely *pass with honours*. *First-class* children who study very well will have a good *register*. You should tell Baba: Baba, don't worry! I will definitely become like them. Baba also knows that many *teachers* are very *first-class*. Not everyone can become *first-class*. The good *teachers*

know one another. Not everyone can be brought into the *line* of maharathis. Open good big *centres* so that eminent people come. The treasure-store was also filled in the previous cycle. Baba, the Emperor of all Emperors will definitely fill your treasure-store. Both Fathers have many children. How many children does Prajapita Brahma have? Some are poor, some ordinary and others wealthy. The kingdom was established through this one in the previous cycle too. It was called the divine land of kings (Rajasthan). It is now the devilish land of kings. The whole world was the land of divine kings. None of those many different countries existed there. Delhi was by the banks of River Jamuna. It was called Paristhan (the land of angels). The rivers there didn't overflow. Now they overflow so much; even *dams* break. It is as though we have become slaves of nature. You will then become the masters of it. There is no Maya there with any power to dishonour you. The earth doesn't have the power to shake. You also have to become mahavirs (brave warriors). Hanuman is called Mahavir. The Father says: All of you are mahavirs. Mahavir children can never fluctuate. There are temples built to mahavirs. They don't keep so many images there. Therefore, a *model* has been created. You are now making Bharat into heaven; you should therefore have so much happiness. You should imbibe virtues so well. Continue to remove your defects. Always remain cheerful! Storms will come; it is only when you experience storms that the power of your being a mahavir will be visible. The stronger you become, the more the storms will come. You are now making effort and becoming mahavirs, numberwise, according to the effort you make. Only the Father is the Ocean of Knowledge. Everything else, the scriptures etc., is the paraphernalia of devotion. There is this most elevated confluence age for you. The Krishna soul is sitting here. This one is Bhagirath (the Lucky Chariot). Similarly, all of you are lucky chariots, because you are fortunate. The Father can grant visions of anyone on the path of devotion. Due to this, people have said that He is omnipresent. This is also the destiny of the *drama*. You children are studying a very elevated study. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Remove the rust that has settled on you souls and become very very *lovely* by staying on the pilgrimage of remembrance. There should be such *love* that you are pulled to the Father.
2. Don't be afraid of the storms of Maya. Become mahavirs. Continue to remove your defects. Always remain cheerful and never be shaken.

Blessing: May you become a conqueror of attachment and an embodiment of power through your *sweet silence* stage of being merged in love.

While having a body, bodily relations, sanskars of the body, people and material comforts, the atmosphere and *vibrations*, none of them should attract you. People may continue to cry out in distress, but you must remain unshakeable. No matter how much matter and Maya, in their *last* chance, try to pull you, just stay detached and loving to the Father and in the stage of being merged in love. This is the stage of seeing but not seeing, hearing but not hearing. This is the *sweet silence* stage of being merged in love. When you have created such a stage, you will be said to be a soul who has received the blessing of being a conqueror of attachment and an embodiment of power.

Slogan: Become a *holy* swan, put aside stones of weaknesses and continue to pick up pearls of goodness.
