

Essence: Sweet children, this is the most elevated confluence age. The old world is changing and becoming new. You now have to make effort and claim an elevated deity status.

Question: Which aspect do the *serviceable* children constantly keep in their intellects?

Answer: They remember that wealth doesn't run out by donating it. This is why they even renounce their sleep and continue to donate the wealth of knowledge night and day and don't become tired. However, if there are any defects in them, they cannot have enthusiasm for doing *service*.

Om shanti. The Father explains to you sweetest, spiritual children. You children know that the Supreme Father explains to you every day, just as a *teacher* teaches you every day. A father simply gives his children teachings and looks after them, because children live at home with their father. Parents live with the children. Here, this is a *wonderful* thing! You stay with the spiritual Father. You first stay with the spiritual Father in the incorporeal world. Then the Father only enters the cycle once in order to give you children your inheritance, to purify you and to give you peace and happiness. Therefore, He definitely comes and stays down here. This is what human beings have become confused about. It is remembered that He enters an ordinary body. The ordinary body would not come flying here from anywhere else. He definitely enters a human body. He tells you: I enter this body. You children now understand that the Father has come to give you your inheritance of heaven. We have definitely become impure and unworthy. Everyone says: O Purifier, come! Come and purify us impure ones! The Father says: I am given the *duty* every cycle of purifying the impure. O children, you now have to make this impure world pure. The old world is said to be impure, and the new world is said to be pure. The Father has come to make the old world new again. No one would say that the iron age is the new world. This is something that has to be understood. The iron age is the old world. The Father definitely comes at the confluence of the old and the new. Whenever you explain to people, also tell them that this is the most elevated confluence age and that the Father has come. Not a single human being throughout the whole world knows that this is the most elevated confluence age. You are definitely at the confluence age. This is why you must explain the main thing: that this is the confluence age. Therefore, these *points* are essential. You have to explain the things that no one else knows, and that is why Baba has said that you must definitely write that it is now the most elevated confluence age. There are also the pictures of the new age, that is, the golden age. How can human beings understand that Lakshmi and Narayan are the masters of the golden age, the new world? The expression "the most elevated confluence age" definitely has to be written on the picture. You definitely have to write this because this is the main thing. People think that there are still many years of the iron age left to come. They are in complete darkness. Therefore, you have to explain to them that Lakshmi and Narayan are the masters of the new world. These pictures are symbolic. You say that their kingdom is being established. There is a song: The new age has come. Awaken from the sleep of ignorance! You now understand that this is the confluence age. It is not called the new age. The confluence is called the confluence age. This is the most elevated confluence age when the new world is established and the old world is destroyed. You are now changing from ordinary humans into deities by studying Raja Yoga. The highest status among the deities is that of Lakshmi and Narayan. They too are human beings, but they have divine virtues, and that is why they are called deities. The highest virtue is that of purity and this is why people bow down in front of idols of the deities. These *points* are being absorbed by the intellects of those who continue to do *service*. It is said: Your wealth never finishes by donating it. You continue to receive many explanations. This *knowledge* is very easy. However, some are able to imbibe it very well, whereas others are not. Those who have defects are unable to look after a *centre*. The Father explains to you children that you should use direct words at the exhibitions. The main thing to explain is about this elevated confluence age. The original, eternal, deity religion is being established at this confluence age. At the time this religion existed, no other religions existed. The Mahabharat War is fixed in the *drama*. Those other religions have just emerged; they were not there earlier. Everything will be destroyed within one hundred years. The confluence age has to at least be one hundred years. The whole world is to become new again. How many years did it take to create New Delhi? You understand that the new world has to be created in Bharat and that the old world will then be destroyed. Some of it will remain; there isn't annihilation. You have all of these aspects in your intellects. It is now the confluence age. These deities existed in the new world and they will exist again. This is the study of Raja Yoga. If you are unable to explain in *detail*, you should just explain one thing: the Supreme Father, the Supreme Soul, is the Father of all. Everyone remembers Him. He tells all of us children: You have become impure. You call out: O Purifier, come! Truly, there are impure beings in the

iron age and pure beings in the golden age. The Supreme Father, the Supreme Soul, says: Now, renounce all impure relationships, including that of your own body, and constantly remember Me alone and you will become pure. This expression is in the Gita. This is the age of the Gita. The Gita was sung at the confluence age when destruction took place. The Father taught you Raja Yoga. The kingdom was established and it will surely be established again. The spiritual Father explains all of these things. OK, if He didn't enter this body, He would enter someone else's body, but it is still the Father who gives the explanation. We don't mention this one's name. We are simply telling you that the Father says: Remember Me and you will become pure and come to Me. It is so simple! Simply remember Me and keep the knowledge of the cycle of 84 births in your intellects. Those who imbibe this will become rulers of the globe. This *message* is for those of all religions. Everyone has to return home. We are showing you the path home. You can give the Father's message to priests or anyone else. Your mercury of happiness should rise within you. The Supreme Father, the Supreme Soul, says: Constantly remember Me alone and your sins will be absolved. Remind everyone of this. The *number one service* is to relate the Father's message. The age of the Gita is now. The Father has come. Therefore, you should have that picture from the start. Those who feel that they are able to give the Father's message must remain ready. It has to enter your heart that you must become a stick for the blind. You can give this message to anyone. People become afraid when they hear the name of the Brahma Kumaris. Tell them that you are simply giving them the Father's message. The Supreme Father, the Supreme Soul, simply says: Remember Me alone! That's all! We are not defaming anyone. The Father says: Constantly remember Me alone! I am the Highest on High, the Purifier. By remembering Me, your sins will be absolved. *Note* this down. This is a very useful thing. People sometimes have writing on their arms or hands. Write this too. Even if you only explain this much, you are a merciful benefactor. Promise you will do this. You definitely have to do *service* and instil this habit. You can explain here as well. You can give these pictures away. This message is worth giving. Hundreds of thousands will be created. Give the message to every home. No matter whether someone gives any money or not, tell him: The Father is the Lord of the Poor, and it is our duty to give this message to every home. This is BapDada and this is our inheritance that we receive from Him. This one takes 84 births and is now in his last birth. We are Brahmins and will then become deities. Brahma too is a Brahmin. Prajapita Brahma is not alone; there is definitely also the Brahmin clan. Brahma becomes Vishnu, a deity. Brahmins are the topknot. They become deities, warriors, merchants and shudras. Someone will definitely emerge who understands what you say. Even men can do *service*. When businessmen open their shops early in the morning, they pray: Send me a good customer! You can also go early in the morning and give the Father's message. Tell them: You will do very good business. Remember the Lord and you will receive an inheritance for 21 births. The early morning hours are very good. Nowadays, even women work in factories. It is very easy to make these *badges*. You children should remain engaged in *service* day and night and renounce your sleep. Once people have received the Father's introduction, they belong to the Lord and Master. You can give this message to anyone. Your knowledge is very elevated. Tell them: We only remember the One. The *Christ* soul is also His child. All souls are His children. *God, the Father, says:* Don't remember any bodily beings. Consider yourself to be a soul and constantly remember Me and your sins will be absolved and you will come to Me. People make effort in order to return home. However, no one is able to do so. It has been seen that children are very slack at the moment. They are unable to make that much effort and just continue to make excuses. There is plenty to be tolerated in this. The founders of religions have to tolerate so much! *Christ* is said to have been crucified on a *cross*. Your duty is to give everyone this message. Baba continues to show you methods to do this. When any of you don't do *service*, Baba understands that you haven't imbibed anything. Baba advises you how to give the message. You can continue to give this message on *trains* too. You know that you are going to heaven. Some will even go and stay in the land of silence. Only you can show them this path. You Brahmins have to go. There are many of you and you have to be placed somewhere: Brahmins, deities and warriors. There would definitely have to be the children of Prajapita Brahma. In the beginning, there are Brahmins. You Brahmins are the highest on high. Those brahmins are born through the womb. Brahmins are definitely needed. Otherwise, where did the Brahmins, children of Prajapita Brahma go? You can sit with those brahmin and explain to them and they will very quickly understand. Tell them: You are brahmins and we also call ourselves Brahmins. Now, tell us: Who established your religion? They won't mention any name other than the name of Brahma. *Try* this for yourself and see! There are very large brahmin families. There are also many brahmin priests. Many children go to Ajmer. None of you has yet given Baba the news that you went to meet those brahmins

and asked them who established their religion. Who established the brahmin religion? You know who the true Brahmins are. You can bring benefit to many. Only devotees go on pilgrimages. This picture of Lakshmi and Narayan is very good. Do you know who Jagadamba is? Who Lakshmi is? You can also explain in this way to the servants and natives. There is no one apart from you who can explain to them. You have to become very merciful. Tell them: You too can become pure and go to the pure world. Consider yourself to be a soul and remember Shiv Baba. You should have a keen interest in showing others the path. Those who stay in remembrance will also make effort to remind others to stay in remembrance. The Father is not going to go and speak to them; this is the duty of you children. You also have to bring benefit to the poor so that they too become happy. Even just by remembering the Father a little they can come amongst the subjects, and that too is good. This religion is one that gives a lot of happiness. Day by day, your sound will spread more loudly. Continue to give this message to everyone: Consider yourself to be a soul and remember the Father. You sweetest children are multimillion times fortunate. When you hear this praise, you understand that. Therefore, why should you have any worries about anything? This is incognito knowledge and you have incognito happiness. You are *incognito warriors*. You are called the *unknown warriors*. No one else can be *unknown warriors*. The Dilwala Temple is your accurate memorial. This is the family of the One who has conquered your hearts. The true pilgrimage is that of Mahavir, Mahavirni and their children. This place is even higher than Kashi. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Give the Father's message to every home. Promise to do *service* and don't make excuses for not doing *service*.
2. Don't worry about anything, but remain in incognito happiness. Don't remember any bodily beings. Stay in remembrance of the one Father.

Blessing: May you be *ever-ready* and beat the drums of victory with the practice of everyone together having a constant and stable stage.
The drums of victory in the world will beat when the thoughts of everyone all become merged in one thought. When, everyone together stabilizes in a constant and stable stage in a *second*, you will then be said to be *ever ready*. Being united in one direction, having a constant and stable stage and stabilizing in one thought in a *second*; the symbol of this is the fingers of everyone with which the iron-aged mountain can be raised. Therefore, practise coming into a constant and stable stage collectively for only then will the name of the Shakti Army be glorified in the world.

Slogan: To get tired of making elevated effort is a sign of laziness.
