

Essence: Sweet children, you are the *most valuable servants* of Bharat. On the basis of shrimat you use your bodies, minds and wealth to make it into the kingdom of Rama.

Question: What is true spiritual service, which you children are now doing?

Answer: By following shrimat, you children are establishing the pure land of happiness in an incognito way. This is the true spiritual service of Bharat. By following the unlimited Father's shrimat, you are liberating everyone from Ravan's *jail*. For this, you are becoming pure and making others pure.

Song: Show the path to the blind, o God!

Om shanti. There is such a big difference between saying the words, "O Prabhu, o God, o Supreme Soul" and saying the word "Father". There is so much *regard* in saying, "O God, o Prabhu" whereas the word "Father" is very *ordinary*. There are many fathers. Even in prayers, people say "Prabhu", "O God". Why do they not say "Baba"? After all, He is the Supreme Father. It is as if the word "Father" becomes suppressed and the words "Supreme Soul" become more important. People call out: O God, show the path to the blind! Souls say: Baba, show us the path to liberation and liberation in life. The word "Prabhu" is so great whereas the word "Father" is very ordinary. You understand that the Father comes and explains to you. In the physical world, there are many fathers. People even call out: You are the Mother and Father. These words are very ordinary. By saying "God" or "Prabhu", people think: What can He not do? You children know that the Father has now come. The Father shows you a very elevated, easy path. The Father says: O My children, by following Ravan's dictates and by sitting on the pyre of lust, you have been totally burnt. I have now come to purify you and take you back home. This is why you call out to the Father to come and make you pure from impure. The Father says: I have come to serve you. All of you children are also on spiritual service of Bharat. No one, except you, is able to do this *service*. It is for Bharat that you do it. You become pure by following shrimat and you also make Bharat pure. Bapu Gandhiji also wanted the kingdom of Rama to come. Now, no human being is able to create the kingdom of Rama. Otherwise, why would they call out to God as the Purifier? Now, you children have so much *love* for Bharat. You are the ones who do true service of Bharat in particular and the whole world in general. You know that you are once again making Bharat into the kingdom of Rama, which Gandhiji wanted. He was the father of a limited nation whereas that One is the Father of the unlimited. He does unlimited service. Only you children know this. Some amongst you also have the intoxication, numberwise, that you are creating the kingdom of Rama. You are *Government servants*. You are creating the divine *Government*. You have intoxication for Bharat. You understand that it used to be a pure land in the golden age and that it is now impure. You know that you are now creating a pure land, the land of happiness, through the Father, and that, too, in an incognito way. You also receive shrimat in an incognito way. You are doing this for the *Government* of Bharat. By following shrimat, you are doing the most elevated service of Bharat with your bodies, minds, and wealth. Many from the Congress Party went to *jail*, but there is no need for you to go to *jail*. Your aspect is spiritual. Your war is against Ravan, the five vices, who rules the kingdom of the entire earth. This is your army. That Lanka is a small island whereas this world is an unlimited island (Lanka). By following the unlimited Father's shrimat, you liberate everyone from Ravan's *jail*. You know that the impure world has to be destroyed anyway. You are Shiv Shaktis. You gopes (brothers) are also Shiv Shaktis. You are doing great service of Bharat in an incognito way. As you make progress, everyone will come to know about this. Your service, based on shrimat, is spiritual. You are incognito. The *Government* does not know that you Brahma Kumaris are making Bharat into the most elevated land of truth with your minds, bodies and wealth. Bharat used to be the land of truth, but it is now the land of falsehood. Only the one Father is the Truth. It is said, "*God is Truth*". He is giving you true teachings to change you from an ordinary human into Narayan. The Father says: I made you into Narayan from an ordinary human in the previous cycle too. They have written such tall stories in the Ramayana. It says that Rama took an army of monkeys. Previously, you were all like monkeys. It wasn't a question of just one Sita. The Father explains how He destroys the kingdom of Ravan and establishes the kingdom of Rama. There is no question of any difficulty in this. People spend so much money creating an effigy of Ravan and then burning it. They do not understand anything. Many eminent people go and watch that. *Foreigners* are also invited to come and watch it, but they don't understand anything. The Father now explains all of these things, and so you children have enthusiasm in your hearts that you are doing true spiritual service of Bharat. The rest of the

world are following Ravan's dictates, whereas you are following Rama's shrimat. Whether you say Rama or Shiva, it is the same thing; God has been given many names. You children are Bharat's *most valuable servants* who are following shrimat. People call out: O Purifier, come and purify us. You know how much happiness you receive in the golden age. You receive limitless treasures. Even the *average* lifespan there is very long. There, they are yogis, whereas here, all are bhogis (those who indulge in sensual pleasures). There, they are pure whereas here, they are impure; there is the difference of day and night. Krishna too is called a yogi. They also call him a mahatma (great soul), but he is the true mahatma. It is his praise of being full of all virtues etc. that is sung. Both the soul and the body are pure. Sannyasis are born to householders through vice and then they become sannyasis. The Father now explains these aspects to you. At this time, people are *unrighteous* and *unhappy*. What were they in the golden age? They were *religious* and *righteous*. They were *100 % solvent* and *ever happy*. There is the difference of day and night. Only you know this *accurately*. No one is able to know how Bharat became *hell* from *heaven*. They worship Lakshmi and Narayan and build temples to them, but they don't understand anything. The Father continues to tell you that you can explain to those who have a good *position* and you can also explain these things to Birla - how Lakshmi and Narayan achieved their status and what they did for temples to be built to them. To worship someone without knowing his *occupation* is like worshipping a stone idol; that is the worship of dolls. Those of other religions know that *Christ* came at such-and-such a time and they believe that he will come again. Therefore, you children should have a great deal of inner spiritual intoxication. You spirits should have this happiness. You have been body conscious for half a cycle. The Father says: Now become bodiless. Consider yourself to be a soul. I, the soul, am listening to the Father. In other satsangs, they never think that the spiritual Father is sitting there and explaining to spirits. It is the spirit that listens to everything. The soul says: I am a *Prime Minister*, I am so-and-so. The soul says through his body that he is the *Prime Minister*. You now say that you souls are making effort to become the deities of heaven. I am a soul and this is my body. It takes great effort to become soul conscious. If you repeatedly consider yourself to be a soul and remember the Father, all your sins will be absolved. You are the *most obedient servants*. You perform this task in an incognito way. Therefore, you should also have incognito intoxication that you are spiritual *servants* of the *Government*. You are making Bharat into heaven. Bapuji also wanted there to be a new Bharat in the new world; he wanted New Delhi. This is not the new world now. This old Delhi is going to become a graveyard and it will then become the land of angels. You cannot call it the land of angels now. You are creating New Delhi, the land of angels, for the new world. These aspects have to be understood very clearly. You should not forget these things. It is such an elevated task to make Bharat into the land of happiness again. According to the *drama plan*, the world has to become old. It is now the land of sorrow. Only the one Father is called the Remover of Sorrow and the Bestower of Happiness. You know that the Father comes every 5000 years to make sorrowful Bharat happy. He gives happiness as well as peace. People also ask how they can have peace of mind. Now, peace can only exist in the land of peace, the *sweet home*. It is called the land of silence where there is no sound or sorrow. Even the sun and moon etc. don't exist there. You children now have all of this knowledge. The Father has come as your *Obedient Servant*. However, no one knows the Father at all. People call anyone a great soul, but there can be no great soul now; only in heaven. Souls there are pure and, because they are pure, they also have *peace* and *prosperity*. They don't have *purity* now and so they have nothing. There is regard for *purity*. Deities are pure, which is why people bow down in front of the idols of them. Pure ones are pure and impure ones are impure. That One is the unlimited Bapuji of everyone in the world. Even a *mayor* can be called the *father* of a *city*. Such things do not exist there. The kingdom there functions according to the law. People call out: O Purifier, come! The Father says: Now become pure! Then, they ask: How is this possible? How would children be born? How would the world population grow? They don't realize that Lakshmi and Narayan are completely viceless. You children have to tolerate so much *opposition*. Whatever happened in the *drama* in the previous cycle will *repeat*. It is not that you have to stand still because of the *drama* and think that you will receive it if it is in the *drama*. Would you *pass* at *school* by sitting idly in that way? People have to continue to make effort for everything. Without making effort, you cannot even obtain water. Whatever effort you make, *second by second*, is for your reward. You have to make unlimited effort in order to have unlimited happiness. It is now the night of Brahma, and so it is also the night of Brahmins. Then, it will be the day of Brahmins. You used to study this in the scriptures, but you did not understand anything. This Baba himself used to relate the Ramayana and the Bhagawad; he used to sit like a pundit. You now understand that that is the path of devotion. Devotion is separate from knowledge. The Father

says: You have all become ugly by sitting on the pyre of lust. Krishna is also called “The ugly and the beautiful one.” Worshipers are ones with blind faith. There is so much worshipping of the five elements. To worship someone’s body means to worship the five elements. That is called adulterated worship. Devotion was initially unadulterated; there was worship of Shiva alone. Just look at the things people worship now. The Father shows many *wonders* and He also explains the *knowledge* to you. He is making you into flowers from thorns. That is called the *garden of flowers*. In Karachi, there lived a Pathan watchman who would go into trance. He would say: I went to heaven and Khuda (God) gave me a flower. He experienced great pleasure. It was a *wonder*! People talk of the seven *wonders* of the world. In fact, heaven is the *wonder of the world*. No one knows this. You have received such *first-class* knowledge and so you should have so much happiness. BapDada is the *highest* and yet He remains so *simple*. When they sing that He is incorporeal and egoless, it is the Father’s praise that is sung. The Father has to come to serve you. A father always serves his children, gives them wealth and property and then he goes into the stage of retirement. He sits his children on his head. You children become the masters of the world. You will go to your *sweet home* and then come down and claim your *sweet* kingdom. The Father says: I do not receive a kingdom. Only the one Father is the true altruistic Server. Therefore, you children should have so much happiness. However, Maya makes you forget. You should not forget such a great BapDada. There is so much intoxication in having the grandfather’s *property*. You have found Shiv Baba. It is His property. The Father says: Remember Me and imbibe divine virtues. You have to remove all devilish traits. They sing: I am without virtues; I have no virtues. There is also an organisation called “The institution of those without virtues”. Now, no one understands the meaning of that. To be without virtues means to have no virtues, but they do not understand that. The Father says that you children only have to explain one thing. Say: We are in the service of Bharat. We are following the shrimat of the One who is the Bapuji of all. This is why the Shrimad Bhagawad Gita is remembered. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Just as the *highest* BapDada is *simple*, you have to become very *simple*, incorporeal and egoless in the same way. Churn this *first-class* knowledge that you receive from the Father.
2. In order to attain unlimited happiness in this *drama* which *repeats* identically, make unlimited effort. Do not stop making effort or leave everything to the *drama*. You definitely have to make effort for your reward.

Blessing: May you be a *master* remover of sorrow and a bestower of happiness who decides to grant salvation by knowing the philosophy of karma.

Do not remain *busy* in watching or listening to your own story until now, but by knowing the philosophy of everyone’s actions, decide to grant salvation. Play the *part* of a *master* remover of sorrow and a bestower of happiness. Finish any problems of sorrow and peacelessness of your own creation; give them the great donation and blessings. Do not take the *facilities* yourself, but now be a bestower and give. Even if you do make self-progress or achieve some temporary success in service on the basis of this *salvation*, today you may be great but you would thirst for that greatness tomorrow.

Slogan: Not to have an experience is a *stage* of battling; become yogis not warriors.

Special homework to experience the avyakt stage in this avyakt month.

Consider yourself to be an incorporeal soul as you walk, move around and while performing actions, consider yourself to be an avyakt angel and you will become a detached observer. No matter what happens in the physical world, an angel becomes a detached observer and watches the *part* from up above and gives sakaash, that is, co-operation. To give sakaash means to fulfil your responsibility.
