

Essence: Sweet children, remember the *sweet Father* and the *sweet* kingdom and you will become very, very *sweet*.

Question: By making what effort are you children becoming deities from human beings?

Answer: You are now taking a dip in the lake of knowledge and becoming angels of knowledge. By bathing in knowledge your character is changing. All your defects are being removed. By remembering the Father and the land of Vishnu, you become pure deities. The attraction of the deities is just their purity and it is because of this that human beings are pulled from far away to visit their temples.

Song: Our pilgrimage is unique!

Om shanti. You sweetest, spiritual children, heard the song. Only you children are remembered as *lucky* stars. There are the Sun of Knowledge, the moon of knowledge and you *lucky* stars of knowledge. The physical sun and moon give light to the stage and this is why you are praised. You are the stars of knowledge. Those stars cannot be called stars of knowledge. Hearing the name “Sun of Knowledge” they think that His form is like that of the sun. They also believe that God is in the pebbles and stones. Many people believe in the sun. They call themselves the sun dynasty. They worship the sun and also have a flag with a symbol of the sun. Your flag is the Trimurti. It is so *wonderful*! It is written on it: Truth brings victory. He truly enables you to gain victory over the world. You are the Shiv Shakti Pandava Army. They have named streets and buildings Trimurti Road, Trimurti *House*. The Father explains the meaning of this and also the activities that He inspires through the Trimurti. He carries out establishment through Brahma. They have removed the name, “Shiva”, from the Trimurti and falsified the image. You now know the secrets that there are in the image of the Trimurti. True Shiv Baba gives you the kingdom through Brahma. We children are once again claiming our kingdom of purity, peace, happiness and prosperity from Shiv Baba exactly as we did in the previous cycle. Education is always received during celibacy. Nowadays, some people even take up *courses* after their marriage to increase their income. Here, your income is limitless. You children know that Shiv Baba has come to make you into the masters of the world. Shrimat is said to be the most elevated. Once someone becomes a child of Baba, he will definitely follow Baba’s directions, and not the dictates of his brothers. You have been following those dictates for many births, but there hasn’t been any benefit through doing that. You now have to follow Baba’s directions. All the sages and holy men are brothers. The Father has now come to give you elevated directions. Many people take a *nature cure* as medicine. All of that is for a temporary period. This *nature cure* is for 21 births. Those people ask you to bathe in cold water, or do this or that or take precautions with your food and drink. Here, it is not a question of food and drink. Here, the *sweet Father* tells you children: Now remember Me and you will become very *sweet*. Deities are *sweet*; they have so much attraction. Earlier, temples to Shiva were built high up in the mountains. People would go by foot to have a glimpse of them because that *purity* would pull them. When the deities were pure, they used to rule the world. Now people go and bow down in front of their images and salute them. Everyone now remembers that *sweet Father*. He has to come here. They definitely receive a lot of happiness in heaven through Him. That is why they remember Him. The Father comes when it is the end of the kingdom of Ravan and gives the kingdom of heaven. Baba only comes in Bharat. People celebrate the birthday of Shiva in Bharat, but they don’t know what they receive by doing that. The Father says: I have come to make you children *sweet*. You became so dirty! Baba is *knowledge-full* and you are now receiving all the *knowledge*. Only the Seed would have all the *knowledge*. He is the Seed, the Truth, the Living Being and also the Ocean of Knowledge. He only speaks the truth. He too is a soul, but He is the Supreme. “The Supreme Soul” means God. He always resides in the supreme abode and is the Highest on High. Many people say that He is beyond name and form, but nothing without name or form can exist. His name is Shiva and everyone worships Him. He is the Incorporeal and He has now come. Previously, we were body conscious, but the Father now says: Children, may you be soul conscious! It is also written in the Gita: Manmanabhav! It is just that they have put Krishna’s name instead of Shiva’s and thereby made it false. One cannot receive a kingdom by reading books. The kingdom exists in the golden age. The Father definitely has to come at the confluence age. Now, according to the *drama*, devotion is coming to an end. After devotion, there is knowledge. This is the old world, whereas the golden age is the new world. The sun dynasty ruled in the golden age. This is Raja Yoga in which you change from an ordinary man into Narayan and an ordinary woman into Lakshmi. It was their kingdom in the golden age, but just look what there is in the iron age now! You are now studying once again to go to the golden age. All the Vedas and scriptures of the path of devotion have to be renounced. Once you have received

knowledge, there is no need for devotion. We become the masters of the world through knowledge. The Father has come to give us the fruit of devotion. He is speaking knowledge to us. We definitely have to become pure from impure because impure ones cannot return home. All pure souls reside in the land of liberation. In the land of happiness, too, all souls are pure. Now, in the iron age, all are impure. Who would purify them? The Purifier is only the one Father. The Father says: I come at the end of the last of this one's many births. The greatest *number one* devotee was this Dada. You can call him Brahma or the soul of Lakshmi or Narayan. This is a deep thing that has to be understood. Brahma emerged from the navel of Vishnu and Vishnu emerged from the navel of Brahma. Vishnu becomes Brahma after 84 births. These things are not mentioned in any of the scriptures. The father also used to read the Gita. When he received knowledge and also had a vision of Vishnu and saw that Baba was giving him the kingdom of the world, he immediately gave up reading the Gita. Baba had entered him. After that, he never touched it again. He began to remember the one Father alone. This one says: I began to listen to that Father. Shiv Baba says: When I spoke to the children, this one would also listen. I entered his body and this is why he is named Arjuna. In the scriptures, they have shown a horse chariot. There is so much difference! Did He sit in a horse chariot and give knowledge to just one? You now understand how that could not have been possible. You see how Baba is teaching you in a *practical* way! There are so many *centres* and so it is definitely a school, not a battlefield, that is needed to teach you. Baba teaches you Raja Yoga. In the golden age there are no scriptures. I gave you this knowledge at this time. There is no need for it in the golden age. Whatever there is in the old world will turn to dust. This is the sacrificial fire of knowledge in which the horse is sacrificed. This chariot (body) is called the horse. This too has to be sacrificed. The soul belongs to the Father and then the old body will be destroyed. You will not take this dirty body to the land of Krishna. The soul is immortal. When a Holika is burnt, the sweet chapatti is burnt but the thread holding it still remains. Baba explains unlimited things to you. Forget whatever you have heard up to now. Bharat has now become the land of falsehood. Yesterday, it was the land of truth. The Father made it into the land of truth and then Ravan made it into the land of falsehood. This Ravan is everyone's oldest enemy. They just follow whatever anyone says. For instance, in the Dilwala Temple they have named Adi Dev, Mahavir. Mahavir is Hanuman. There is so much difference between them. Your accurate memorial is in that temple. Up above is heaven and below it, you are doing tapasya. They have made a *golden* image of Adinath. They say that Bharat used to be "The Golden Sparrow". There isn't as much gold anywhere else as there was in Bharat. There used to be golden palaces. The roofs and walls were studded with diamonds and jewels. There were so many diamonds and jewels in the temples. They were then looted. They put them in the mosques. What would their *value* have been at that time? There was plenty of wealth and that was why they were *looted*. Everyone knows that ancient Bharat was very wealthy and that it has now become so poor. One has compassion for those who are poor. Ravan has made you so *insolvent*. The Father is now making you *solvent* once again. This is an unlimited play but no one knows its beginning, middle or end. The Father is *knowledge-full*. It isn't that He sits and sees what is inside each one. All of this is fixed in the *drama*. Whatever sin anyone commits, he definitely receives punishment for it. I am called *knowledge-full* and the Purifier. People call out: O Baba, come! Come and give us *knowledge* and purify us. I come and carry out this task. The Father says: Forget all the things from the scriptures and only listen to the things I tell you. You are now studying Raja Yoga with the Father. You will become part of the sun dynasty, then the moon dynasty and then the merchant dynasty and the shudra dynasty. You have this knowledge in your intellects. You will have forgotten everything in the golden age. No one remembers the Father there. Once they have received their inheritance, why should they remember Him? Everything is explained to you so well. These things are not mentioned in any of the scriptures. The Seed of the Tree is the one Father. He says: Remember Me! Is there just the one *Creator* or would the pebbles and stones also be *creators*? The Father says: Ravan has spoilt your intellects so much. All the great scholars have so much arrogance. They don't know the Father at all. They don't know the beginning, middle or end of creation either. The Father says: I gave you the kingdom and you then used up all the wealth and are now begging. This is why the devilish community has been remembered. They sing so much praise of the deities. They then say: We are without virtue, we have no virtues. You children now have to imbibe virtues. Remove the defects. Ravan made you become like monkeys and the Father is now making you into deities. Those who have the five vices in them are said to be monkeys. (Example of Narad). Your character is now changing and you will then become deities. By taking a dip in this lake of knowledge, we are becoming angels of knowledge. They have then taken this to mean a lake of water. This is a matter of bathing in knowledge. You children

know that Baba is once again explaining to us exactly as He did 5000 years ago. There cannot be any doubt about this. Remember the Purifier Father and the land of Vishnu and you will become pure. People beat their heads so much to receive liberation, but no one knows about the home. Some think that souls will merge and some think that souls don't take other bodies. There are innumerable opinions. No one knows the Father. The whole world thinks that it is God Krishna who speaks. Here, the Father says: It is God Shiva who speaks. There is the difference of day and night. They have completely changed the name. Achcha. Both Bap and Dada say "sweetest" because you are the children of both of them. This one is a *student* and you are also *students*. This one is also studying. Those who are engaged in the *service* of purifying Bharat are the children. Baba sees but doesn't see those who don't become pure. He feels that they will experience punishment and then become cooks (in the golden age). Those who become pure will become the masters of the world.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to become *sweet*, remember the *sweet* Father with a lot of love. Remain true to the true Father. Follow the elevated directions of the one Father.
2. Make effort and become perfect. Do the *service* of purifying Bharat. Don't raise doubts about anything.

Blessing: May you constantly wear a crown of *light* and have all activities carried out through the signals of thoughts.

The thoughts and time of the children who always remain *light* are never wasted. Only the thoughts that are to happen practically will arise. Just as you clarify something by speaking about it, in the same way, all the activities will be carried out through thoughts. When you adopt such a method this corporeal world will become the subtle region. For this, accumulate the power of *silence* and wear a crown of *light*.

Slogan: When you step away from this world of sorrow waves of sorrow can never come to you.

* * * O M S H A N T I * * *
