

- Essence:** Sweet children, destruction is definitely fixed in this *drama*. You have to become karmateet before destruction takes place.
- Question:** Which words spoken by the Father attract you a great deal when you are in front of Him in person?
- Answer:** When you are in front of the Father in person and He says the words "You are My children", they attract you a great deal. You enjoy it very much when you hear this personally. Madhuban attracts all the children because this is God's family here. This is the gathering of Brahmins. Brahmins only exchange knowledge amongst themselves.
- Song:** Our pilgrimage is unique.
- Om shanti. You children know that you are going on an imperishable spiritual pilgrimage. You will not return to the land of death from this pilgrimage. People don't know that there can be such a pilgrimage from which we don't have to return here. You *lucky stars* now know this. Remember this very firmly. We souls are playing our *parts*. In other plays you would not say: I, the soul, wore this costume and played this *part* and am now returning home. They consider themselves to be bodily beings. Here, you children have the knowledge that you are souls and that you will shed the costumes of your bodies and take others. These costumes are 84 births old. You will shed them and take new costumes in the new world. Lakshmi and Narayan are wearing new costumes, are they not? They belong to your kingdom. You will go and also wear such new, divine costumes. Here, you say: I am without virtues, I have no virtues. Only the Father makes you that virtuous. He says: I also have the *part* of coming to make you *viceless*. This land is the land of bondage-in-life, the kingdom of Ravan. How you become pure from impure and then impure from pure is in your intellects. You children know that the iron age is darkness. It is now the end of the kingdom of Ravan and the kingdom of Rama is about to begin; it is now the confluence age. The Father has to come at the confluence age of the cycle. People of the world also understand that it is now the time of destruction and that God is somewhere in an incognito form for the sake of establishment. Even you souls are in an incognito form. The soul is distinct from the body. That human costume is your incognito dress. Even the Father has to enter this. You have names given to your bodies, whereas He doesn't even have a body. You are souls and He is also a soul. The soul now has attachment to souls. It is remembered: I will break away from everyone else and connect myself to You alone. Just as You are the Conqueror of Attachment, so we will become the same. Baba is the complete Conqueror of Attachment. There are so many children who have been burnt by sitting on the pyre of lust. The Supreme Father, the Supreme Soul, only comes to destroy the old world. Therefore, how could He have attachment? Only when the impure ones have been destroyed can there be the kingdom of peace. At this time no one has happiness. All are totally impure and experiencing sorrow. This is the impure world. Shiv Baba comes and establishes heaven which is called Shivalaya. Shiv Baba establishes the kingdom of deities and that is the living Shivalaya. The Shivalaya that has an image of Shiva is non-living. You now understand that Lakshmi and Narayan truly were the masters of heaven, that they were worthy of worship and are now becoming that once again. You now have knowledge and so you no longer go to a temple of Lakshmi and Narayan to bow down to them. You will go to their kingdom in the living form. You know that you were deities and that you are no longer that. Images are created of those who existed in the *past*. Birla has built the most temples to Lakshmi and Narayan. Therefore, you have to do *service* of him too. Tell him: We will tell you the story of the 84 births of Lakshmi and Narayan to whom you built those temples. Give them this gift with tact. Baba shows you ways of doing *service*. Mothers should go and tell them: You build temples to them, but you don't know their life story. We know this and can explain it to you. Those who explain have to do it in a very interesting way. The Father too sits here and explains to you. Baba says: If you don't have permission to come, sit at home and remember Me. You know that you are Shiv Baba's children. You receive murlis anyway. It is not that if you came here, your pilgrimage of remembrance would be better and that when you sit at home, your pilgrimage of remembrance is less. Clouds come to be *refreshed*. You too come here to be *refreshed*. You want to come to Baba personally. When you souls listen to this knowledge directly, you enjoy it, but it is the same thing. You children can see how Shiv Baba sits here and says to you: Children, you belong to Me. You have played your *parts* of 84 births. You come into the cycle of birth and death, whereas I don't. I don't take rebirth. I am not even beyond birth. I do come, but I enter an old body. You souls enter the bodies of babies. I come down from the supreme region to play My *part*. I don't enter the womb of a vicious person. You call out to Me: You are the Mother and You are the Father. No one can be My mother or father. I simply take the support of a body to play My *part*. You call out to Me to remove

your sorrow and give you happiness. I have now come personally in front of you. I am speaking to you souls. Here, all of you are Brahmins. When you go outside, you become swans and storks. Here (in Madhuban), you only have the company of Brahmins. Your *chit-chat* amongst yourselves is only of knowledge. You are establishing your own kingdom. Baba has come and advises you to continue to tell one another the way to remember the Father. Even at meal times, continue to signal one another to remember the Father. This is a very big gathering. There, vicious ones live with you. Therefore, there is that pull. Here, there is no one's pull. *Warriors* live with *warriors*. This is your family. Your intellects are only aware of having to give the Father's introduction to whomever you meet: Continue to remember God. There are two fathers. Even though they have worldly fathers, they remember God. Those are worldly *fathers*; they cannot be called *God, the Father*. This One is the Father from beyond this world. You definitely have to receive an inheritance from *God, the Father*. Continue to buzz knowledge in this way. You are Brahmins, are you not? Even sannyasis buzz knowledge of the happiness of this world being like the droppings of a crow. There is so much sorrow! They are hatha yogis who belong to the path of isolation. Their religion is separate. You know that we remain so happy and pure in the golden age. You know that when it was the kingdom of deities, there was the pure family path in Bharat. Those who were pure have become impure. People continue to call out: O Purifier, come! However, they then say that God is omnipresent, that they will go and merge into the light. They don't even believe in rebirth. There are many different opinions. Day by day, the population continues to grow. You also have to tell them how even the number of sannyasis is growing. Even the number of sannyasis who remain naked is growing. By staying in whatever religion they belong to, their final thoughts lead them to their destination. For instance, the final thought of those who practise studying the scriptures leads them to their destination. Then, in their next birth, they are able to learn the scriptures by heart from childhood. The Father now says: Renounce all the things of body consciousness, that I am so-and-so or this or that. Consider yourself to be a bodiless soul and remember the Father. While seeing this body don't see it! Renounce all bodily relations including your own body. Have the faith that you are a soul and remember God. This takes a lot of *time*. Maya doesn't allow you to stay in remembrance. Otherwise, it should be very easy for those who are in the stage of retirement. The Father Himself says: Whether you are young or old, it is now the stage of retirement for all of you. On the one hand, destruction will take place and, on the other hand, some will continue to take birth. Those who have to take rebirth will continue to come. You understand that children will be born and that destruction will also take place. Some will be in the womb and others will be somewhere else, but everyone will be destroyed. They will all settle their accounts and return home. There will have to be severe punishment if any karmic accounts remain. Then it will be lightened. It shouldn't be that you stay in yoga and also continue to commit sin. Some children continue to write their *charts* and also say that Maya made them dirty their faces. If Maya defeated them, they would be called weak. The Father explains: Just think that you are only here for a few more days and that you will then return home. Everything is to be destroyed. The Father says: Remember Me and your sins will be absolved. Continue to examine your *chart*. To how many do I show the path and how many do I inspire to make effort? Become a helper in spiritual service through your body, mind and wealth. Some say that they're unable to control their minds. The soul is peaceful. I, the soul, will go and sit in my supreme region. There won't be any thoughts of this world. It isn't that you have to close your eyes and become *unconscious*. Many learn such things. They remain *unconscious* for 10 to 15 days. They practise this and then wake up after so many days. It is as though they have a *time bomb*: the *time* is pre-set for it to go off after so many hours. You children know that you are having yoga. When the tamopradhan rubbish is removed and you have become satopradhan you will then leave your bodies. We are now on the pilgrimage of yoga. We have received this much *time*. We will then have to shed our bodies and everything will be destroyed. The *time* for the end is fixed, when everyone will shed their body and return home like a swarm of mosquitoes and destruction will take place. You will reach your karmateet stage and destruction will begin. The *scenes* of destruction are very horrific. This is definitely fixed in the *drama*. You understand that your stage must remain constant and stable. You should remain constantly cheerful and happy. This world has to be destroyed. You know that destruction takes place every cycle at the confluence age. It isn't just through *bombs*, but even *natural calamities* help a great deal. Therefore, it should remain in the intellects of you children that you now have to return home. The more you remember Baba, the more your sins will be absolved and the higher the status you will claim. *Charity begins at home!* You should try to do this. A kumari is one who uplifts her parents' home and her in-laws' home. This means "*Charity begins at home.*" Remain engaged in *service* and tell them: Shiv Baba

says: Remember Me and you will receive an inheritance. This is a straightforward matter. Remember Me, Alpha, and the inheritance of heaven is yours. You will become the masters of the world. Therefore, if you want to receive your inheritance, remember Me. It is the duty of you children to give this message. You also gave it previously. You have to tell them that destruction is just ahead. After the iron age, the golden age will come. Only the Father comes and gives you your inheritance. Ravan makes you into residents of hell whereas the Father comes and makes you into residents of heaven. The story is about Bharat. The people of Bharat have to be awakened. First of all, go and explain at the temples to Shiva that that Father is the One who makes the world new. He says: Remember Me and your sins will be absolved. This incorporeal Baba has come and is carrying out establishment of heaven through Brahma. Now remember the Father and the inheritance. You have now completed your 84 births. We are telling you this, but whether you believe it or not is now up to you. These things you say are very good. Only the Father is the Remover of Sorrow and the Bestower of Happiness. Just explain to them a little and then move on from there. This is your business. There is no effort in it. You simply have to say: The Father says: Remember Me and become soul conscious. Go to the worshippers of Shiva and then go to the worshippers of Lakshmi and Narayan. Go and tell them the life story of Lakshmi and Narayan. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Become a helper in spiritual service through your body, mind and wealth. Give everyone the introduction to Alpha and enable them the right to claim their inheritance. Stay in remembrance of the Father in order to become karmateet before destruction takes place.
2. Become a conqueror of attachment like the Father. Remove any attachment the soul has to other souls and have love for the one Father.

**Blessing:** May you become constantly free and remove your weaknesses by offering your every thought to the Father.

The easy way to remove weaknesses is to offer whatever thoughts you have to the Father. Hand over all your responsibilities to the Father and you will become free. Simply have one determined thought: I belong to the Father and the Father is mine. When you remain stable in the form of this right, all dependency automatically finishes. At every *second*, *check*: Am I equal to the Father, a *master* almighty authority, one with all rights?

**Slogan:** To become detached and loving in a *second* according to the signals of shrimat is the sign of a tapaswi soul.
