

Essence: Sweet children, this land of Bharat is the *birthplace* of the incorporeal Father. It is here that the Father comes to teach you Raja Yoga, to give you your sovereignty and to serve you.

Question: What promise does Shiv Baba have each of His children make?

Answer: Sweet children, promise Baba that you will not perform any sinful actions. You are donating the five vices. You should have the fear inside you that if you take anything back that you have given as a donation, you will accumulate a lot of sin, the punishment for which is severe. The story of King Harishchandra is based on this.

Om shanti. This is the *Godly student life* of you children. You children know that you have come to Him. He comes and gives you children of Bharat your fortune of the kingdom every cycle. He only comes in Bharat. This is the land of Bharat. One has a lot of love and *regard* for one's own land. When an important person from abroad dies here, he is taken back home, and when an important person from here dies abroad, his body is brought back here. There is that much regard for one's own land. Bharat is called God's birthplace. You know that you are now sitting in front of the One whom you call God, Allah, the Supreme Soul. There definitely has to be a name. Even though they speak of Allah, they still worship the oval image. Since they speak of Ishwar and Khuda, there have to be signs of Him. People everywhere worship the oval image. In pictures of the deities, they put in front of them an image of the Supreme Father, the Supreme Soul, in the form of an oval image. He is the highest of all. He doesn't have a body of His own and this is why He is called the Incorporeal. He is not corporeal. Now, you children know that you become present in front of Him every cycle in order to receive teachings from Him. Since there are the versions of God, He must surely be teaching Raja Yoga. Raja Yoga was taught to the *students* and they then became kings and queens. There was no question of a war etc. Lakshmi and Narayan did not attain their kingdom by battling; not at all! People of the world don't know at all how they attained their kingdom of the golden age. You children understand that you are now claiming the kingdom from the Father and that you are personally sitting in front of Him. That One is Baba, not Krishna. Krishna is a young child; he is the creation. Krishna is truly claiming his status now so that he will be called Krishna in the future. All of this is a matter of study. You know that Baba is teaching you Raja Yoga, just as human beings teach other human beings and make them into *barristers* and *engineers*. They are human beings. You understand that you too are human beings, but that you are impure. The Father is now making you pure and also giving you your inheritance. The new world will be the pure world. There is the kingdom in the new world. You are now sitting personally in front of the Father. Just as a worldly father sits with his children and explains to them with love, so, here, this is the unique Father from beyond this world for whom you have been singing: You are the Mother and You are the Father. You know that that One, whom we remember on the path of devotion, is playing His *part* at this time. You say that you have come to Shiv Baba. You even write a letter: Shiv Baba c/o Brahma. If you were to show this *post* to others they would be amazed. They would never have heard of any such thing as "Shiv Baba c/o Brahma"! Shiv Baba enters Brahma and establishes the land of Vishnu. He is standing in front and Shiv Baba is up above. Shiv Baba had carried out establishment through Brahma and is now doing that once again. This is the family path. When law is being taught as a higher education, both *males* and *females* study. Even *females* become *judges*, *barristers*, *doctors* etc. This is the family path. The path of sannyasis is that of isolation and is separate. Baba has also explained that if it weren't for Shankaracharya, there wouldn't be any trace of purity in Bharat. Bharat would have been completely burnt. Therefore, that is fixed to support Bharat. Bharat was very pure and then it became impure. Bharat is now so poverty-stricken! People say that the golden Lanka sank beneath the sea. However, there cannot be a Lanka of gold. They just wrote stories through which there has been no benefit. You children know that truly Baba is making you so elevated with the power of this completely easy remembrance. The Father promises that if you make effort to stay in constant remembrance, your sins will be absolved. You also made effort to stay in remembrance on the path of devotion. Why do they remember God? So that they can have visions. They don't think that they will receive a kingdom in the land of Krishna by remembering God or that they will become Narayan from an ordinary man; no. Even you didn't have any hope of changing from a human being into a deity. It is remembered that it didn't take God long to change humans into deities. You can see that there really will be the golden age after the iron age. There are so many people in the iron age! There will be one religion in the golden age. You have now received knowledge of the soul and the Supreme Soul. There isn't a single human being in the world who has knowledge of the soul. No one knows how a *part* of 84 births is recorded in a soul. You would never have heard these words from anyone else. The Father is the Ocean of Knowledge, the Purifier, the

incorporeal One. You souls know that you are now becoming charitable souls from impure souls. In the golden age all are charitable souls. Here, all are sinful souls. It isn't that those who make many donations and perform a lot of charity are charitable souls; no! Charitable souls are only in the golden age. People here think that souls who make many donations are charitable souls. There, you won't need to donate anything or perform charity. No one there is poor. You are constantly charitable souls there. You give your bodies, minds and wealth to the unlimited Father and this is known as surrendering yourselves. The Father asks: Do I surrender first or do you? Baba says: You surrender first for only then can you receive your return of that for 21 births. You now understand these things very clearly because you hear them *directly*. When you are living at home, you receive the murlis there and so you hear them at a distance. You are now personally sitting in front of the Father. The Father says: Children, I am your Father. There is nothing of blind faith here. He is the Father and also the *Teacher*. When you belong to the Father, He gives you teachings. Your intellects now have all the knowledge. The cycle of 84 births has been explained to you. Those who are not to take 84 births will not understand this. You understand that you truly have been around the cycle of 84 births and are now returning home. The Father says: You souls came bodiless and you have to return home bodiless. You become pure souls and then go back. You are making effort to become pure. You will become pure with the power of yoga, that is, with the power of remembrance. The word "yoga" is from the scriptures. The *right* word is remembrance. A wife remembers her husband and a husband remembers his wife. The meaning of yoga is remembrance. The Father says: Constantly remember Me alone and break your intellect's yoga away from everyone else and connect it to Me, your Father. Remember Me! The more you remember Me, the more your sins will be absolved. Truly, Bharat receives the inheritance every cycle. The birthday of Shiva is very well known. Just as there are the birthdays of Christ, Buddha etc., similarly, there is the birthday of incorporeal Shiva. He is therefore the highest of all. The birthday of Krishna is also well known, but no one knows what he does when He comes here. Krishna was a *prince* of the golden age. Someone must definitely have taught him to perform such actions that he became a *prince* of the golden age. A small child is pure anyway. There is no question of vice there. Children are pure anyway. God is the only incorporeal One. *God is One!* All the rest are the creation. The creation can never receive an inheritance from the creation. An inheritance is only received from a father. A brother cannot receive an inheritance from a brother. All of you are brothers. They speak of *brotherhood*. There is only the one Father and the inheritance is received from Him. The Bestower of Salvation for all brothers is the one Father. All souls are receiving an inheritance from the Father. The Father says: I come and teach you souls and grant salvation to souls. The Father sits here and teaches you Raja Yoga. You will not receive a status here from this study. Those people become *barristers* etc. in this birth. Then, in their next birth, they will study again. You know that you attain a reward for 21 births through this study. There are no *doctors* etc. in the golden age; there is no illness there. There, you stay in the palace of a womb. Here, you stay in the *jail* of a womb where a lot of punishment is received. This is why souls call out: Let me out of this *jail*; I will not make any mistakes again! People promise this to Dharamraj. Here, you have to promise Shiv Baba: Baba, I will never indulge in vice again. I am giving You the five vices. The Father knows that the vices cannot be renounced instantly just like that. There should be the fear inside you that if you take back the vices you have donated, a lot of sin would then be accumulated. There is the example of King Harishchandra. The Father knows that the five vices will not be renounced just like that. No, it takes *time*. The war will begin when you reach your karmateet stage. These five vices are your great enemies. In those too, the main one is body consciousness. It is so difficult to donate that. The Father repeatedly tells you: Consider yourself to be a soul and remember Me, your Father. However, this does not happen. When you become body conscious, you are struck by the vice of lust. Body consciousness is the strongest of all. Effort is required to become soul conscious. Sin has increased because of becoming body conscious. The five vices have to be donated and it is this that takes time. The brides cannot go back before the Bridegroom. First, the Bridegroom has to go and then the brides will follow. The Bridegroom has to come and take all the souls back home. Effort has to be made until you reach your karmateet stage. Mistakes are made when you become body conscious. Some say: Baba, I became body conscious and fell into vice. Many storms will come. There may be thoughts of vice, but you must never commit any sin through your physical organs. So much effort has to be made to conquer Maya! The Father says: If you are already married, then show how you remain pure so that even the sannyasis will see that it is possible to remain pure. Look how great the income you receive is! If you show that you remain pure, you will attain a very high status. They will all surrender themselves to you. Even Baba praises you. Perhaps you do remain

pure, but yoga is also needed. It is in yoga that there are constantly obstacles; there is body consciousness. It is good that you remain pure; only with purity will you claim an inheritance in the pure world. However, Maya will also show her force. Maya attacks a great deal. The Father explains: All of that will happen. You show that courage, but, together with that, there also has to be constant remembrance for only then will your sins be absolved. Maya very much harasses those who become very powerful. Some are hardly able to stay in remembrance. You should ask those who are able to stay in remembrance their experience. What do you think? How are you able to do this? By staying in remembrance your sins will be absolved. This is a very new and unique aspect. While sitting here you become intoxicated. You also understand that God, and not Krishna, is the only incorporeal One. They have written stories about Krishna in the scriptures, about how he was tied to a pole and how he did this and that. In fact, none of those things are true. They just defame and *insult* him. Krishna didn't have any defects. To be mischievous in that way would also be a defect. Krishna was the highest being who completely followed the highest code of conduct. His praise is sung: Full of all virtues.... They sing: "Guru Brahma, Guru Vishnu", but you must tell them that you don't have a guru. We do not believe this one to be our guru or our God. Only the one incorporeal One is the Purifier. No corporeal guru can be the Purifier. You have now come to know the whole life story of the Supreme Father, the Supreme Soul. You have now come to know from the Father what *part* Shiv Baba plays in 5000 years. The Father is *knowledge-full*. He is the Ocean of Happiness, Peace and Bliss. This is His praise. The Father has treasures. Therefore, He definitely also gives them to the children. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to attain the karmateet stage, don't make any mistakes through the physical senses. Together with remaining pure, also become strong in remembrance.
2. In order to be a constantly charitable soul, surrender your body, mind and wealth to the Father. By surrendering yourself to the Father once, you become a charitable soul for 21 births.

Blessing: May you be free from all attractions and make your awareness, attitude and vision alokik (spiritual).

It is said: As are your thoughts, so is your world. Every thought of the special souls who are instruments to make the world new has to be elevated, that is, alokik. When your awareness, attitude and vision are alokik, no person or object of this world can attract you. If any of those attract you, then you are definitely lacking in spirituality. Alokik souls would be free from all attractions.

Slogan: When God's love and His powers are merged in your heart, there cannot be any confusion in your mind.
