

**Essence:** Sweet children, you mustn't have any of the desires that people of this old world have because this world is to be destroyed.

**Question:** What desire should you have at the confluence age so that all your desires are fulfilled for all time?

**Answer:** I have to become pure, remember the Father and claim my full inheritance from Him. Just have this one desire, for it is with this desire that all other desires will be fulfilled for ever. "May you have a long life! May you have many sons! May you be wealthy!" You receive all of these blessings. In the golden age all your desires will be fulfilled.

**Song:** You are the Mother and You are the Father!

Om shanti. The Supreme Father, the Supreme Soul, explains to the sweetest, spiritual children, that is, souls. You know that the unlimited Father is blessing us. Those people bless you: May you have a son! May you have a long life! May you be wealthy! The Father now blesses you: May you have a long life! You will have a very long life. Even the son you have there will be one who gives happiness. Here, all children cause sorrow. In the golden age all children give happiness. You children now know that the unlimited Father is giving you the inheritance of unlimited happiness. We really will become those with long lives and have a lot of wealth. You mustn't have any desires in your hearts now. All your desires are to be fulfilled in the golden age. You mustn't have any desires in this hell. Don't have any desire for wealth. You should not have a desire for a lot of wealth or a job with a high position. The stomach only wants a few chapattis. There mustn't be greed. If you do have a lot of wealth, that is to be destroyed. You children know that Baba is making you into the masters of heaven. The Father now says: Make a donation and the eclipse will be removed. What should you donate? Donate the five vices. By donating those, the omens will be removed and you will become sixteen celestial degrees full. You know that you have to become full of all virtues and sixteen celestial degrees full here. The five vices have to be donated. The Father says to you children: Sweet children, have no desire other than to receive your unlimited inheritance from the unlimited Father. Very little time remains. It is said: A lot of time has passed and only a short time now remains. There is little time left before this destruction. So, don't have any desires in the old world. Simply continue to remember the Father. You children have to become satopradhan by having remembrance. You mustn't have any desires like people in the world outside do. Simply have the desire to claim your inheritance of heaven from Shiv Baba. Don't cause anyone sorrow. To use the sword of lust on one another is the greatest sorrow of all. This is why sannyasis separate themselves from women. They say: He has renounced everything. In the kingdom of Ravan, all souls are impure and sinful. There is now very little time left. If you don't follow the Father's shrimat, you won't become elevated. You children have to become the highest-of all and this is why the five vices have to be donated so that the eclipse can be removed. There are bad omens over everyone. Everyone has become completely ugly. The Father says: If you want to claim your inheritance from Me, then become pure. You have been becoming impure from the copper age and have become tamopradhan from satopradhan. This is why you sing: O Purifier, come! Come and purify us! The Father's order is: Children, don't become impure any more. Conquer the great enemy of lust. You have received sorrow from this vice from its beginning through the middle to the end. The Father says: You were completely pure in heaven. You have now become impure by following the dictates of Ravan. This is why you go in front of the deities and sing their praise: You are full of all virtues, sixteen celestial degrees full, completely viceless, whereas we are vicious. By becoming viceless, you have nothing but happiness. The Father says: I have now come to make you children viceless. You children now have to renounce all desires. You may do your business etc., but also give the nectar of knowledge to one another. It is said: Why should I renounce nectar and drink poison? The Father says: Do not have any desires. We will become completely satopradhan through the pilgrimage of remembrance. Only by having remembrance will the sins you have committed over 63 births be absolved. Now become viceless! Even though storms of Maya come, don't become impure. Change from humans into deities. You were satopradhan, worthy-of-worship deities and then, from being worthy of worship, you became worshippers. We were free from disease and then we became diseased. We now have to become free from disease once again. When you were free from disease, you had a long lifespan whereas people now die suddenly without cause. Don't have any desires! All of those desires are dirty. You just have the one *first-class* desire to change from thorns into flowers. The Father says: Remember Me and you will become charitable souls. At this time there are bad omens over everyone. The whole of Bharat has bad omens over it. After that, there have to be the omens of Jupiter (good omens). You know that there are now the omens of Jupiter over you. Bharat was

heaven. In the golden age you had the omens of Jupiter over you. At this time there are bad omens. You are now receiving the omens of Jupiter from the unlimited Father. You have happiness for 21 births when you have the omens of Jupiter. In the silver age there are the omens of Venus. For as long as you remember the Father, you will have the omens of Jupiter. It has also been explained that everyone now has to return home. Therefore, continue to remember the Father so that your sins are absolved and you become worthy to fly. Maya has cut off your wings. You are now receiving God's directions through which you become constantly happy. You become the masters of heaven by following God's directions. You are claiming the sovereignty of the world. What directions do you receive from God? Remember the Father and your final thoughts will lead you to your destination! Your sins will be absolved by having remembrance and you will become pure. Only pure souls become worthy of heaven. There, you will have a long lifespan and bodies that are free from disease. You will also have a lot of wealth. They never adopt anyone there. The Father says: May you have a long life and may you have a lot of wealth! You will also definitely have a son. At this time the Father adopts all of you. Then, in the golden age, no one is adopted. There, they just have one son and one daughter through the power of yoga. Some ask: How will children be born there? There, there is just the power of yoga. It is fixed in the *drama*. Everyone in the golden age is yogi. Krishna is called Yogeshwar. It isn't that Krishna stays in yoga. He is a completely pure yogi. God made everyone yogeshwar, and so they remain yogis in the future. The Father has made you into yogis. Yogis have long lifespans whereas bhogis (those who indulge in sensual pleasures) have short lifespans. God made you children pure, taught you yoga and made you into deities. They are called yogis. Yogis and rishis are pure. It has been explained to you that you are Raj Rishis. You are studying Raja Yoga to claim a royal status. At this time you have to remember the Father. You mustn't have any wrong desires to have a child. In that case, you would have to indulge in vice and use the sword of lust. Those who are body conscious use the sword of lust. Those who are soul conscious don't use the sword of lust. The Father says: Become pure! He speaks to you souls. Now, don't use this sword of lust. Become pure and all your sorrow will be removed. He makes you into the masters of heaven. The Father gives you so much happiness! You have to claim your full inheritance from the Father. He is the Lord of the Poor. It is remembered that Sudama gave a handful of rice and received a palace in return. Baba gives you an inheritance for 21 births. You also understand that everyone has to return home. Any of you can help in Shiv Baba's task of establishment as much as you want. Open a *university* or *hospital* at home. Write on a *board*: Sisters and brothers, if you want to become *ever healthy and wealthy* for 21 births, come inside and understand how. We will show you the way to become *ever healthy and wealthy* in a *second*. You are *surgeons*. *Surgeons* definitely put up a *board*. How else would people know about them? You can also put a *board* up outside your home. Explain the secret of the two fathers to anyone who comes: You have been receiving limited inheritances from limited fathers. The unlimited Father says: Constantly remember Me alone and you will receive your unlimited inheritance. At the exhibitions, first of all explain this with *projectors*: This is what you will become by making this effort. It is now the confluence age. The iron age has to change into the golden age. You people of Bharat were satopradhan. You have now become tamopradhan. The Father says: Remember Me and you will become the masters of heaven. There are just the two terms: Remember Alpha and the sovereignty is yours. It is with this remembrance that you will stay in happiness. Don't have any type of desire in this dirty world. Here, you are making effort to die alive. Those people say that So-and-so became a resident of heaven after he died. You tell everyone that you are remembering the Father in order to become residents of heaven. You receive unlimited happiness from Him. By remembering the Father you will never weep or wail. Storms of Maya do come, but don't worry about them. Storms of Maya will come. This is a battle. If you have bad or sinful thoughts, you are just wasting your *time* unnecessarily. Storms will *pass*; they will not stay here for ever. "I have to wake up early in the morning and remember the Father and claim my inheritance from the Father." You should have this concern inside you. The Father doesn't give you any other difficulty. Simply remember the Father and forget everyone else. Everyone is already dead. Just talk about these things among yourselves. "Baba, I will now only remember You. I will claim my inheritance of heaven from You." Make *time* – "I will definitely wake up at three or four o'clock in the morning and remember the Father. I will also remember the cycle." The Father has given us the *knowledge* of the Creator and creation. We know the human world tree. How we take 84 births is in your intellects. We are now going back home and we will then go to heaven once again to play our *parts*. We are souls. The soul receives a kingdom. By remembering the Father, you claim a right to the inheritance. This is Raja Yoga; you remember the Father. You became the masters of the world through the unlimited Father

innumerable times. You then became residents of hell and are now becoming residents of heaven by having remembrance of the one Father. It is only by having remembrance of the Father that your sins will be burnt away. This is why this is called the fire of yoga. You Brahmins are Raj Rishis. Rishis are always pure. By remembering the Father you claim your inheritance of the kingdom. You must no longer have any desire to indulge in vice. That is a dirty desire. You now have to claim your inheritance from the Father from beyond this world. You can also remember Him when you are ill. The Father loves His children. Baba has to write letters to so many children. Shiv Baba makes him write them. You also write letters: Shiv Baba c/o Brahma. All of us children of Shiv Baba are *brothers*. The spiritual Father comes and purifies us and this is why He is called the Purifier. He purifies all souls. I don't leave anyone out. Even matter becomes pure. You know that even matter will be pure in the golden age. Even bodies are impure now and this is why people go to bathe their bodies in the Ganges. However, those souls don't become pure. It is only with the fire of yoga that they can be purified. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Don't have any wrong type of desire in this iron-aged world. In order to become completely satopradhan, follow God's directions.
2. Only have the one desire to return home having become pure. Your final thoughts will lead you to your destination. So, don't waste your time with the storms of Maya.

**Blessing:** May you be an intense effort-maker by finishing all the different forms of laziness and by maintaining constant enthusiasm.

At present, Maya's attacks come in various forms of laziness. Laziness is also a particular vice and in order to finish it, you have to maintain constant enthusiasm. When you have the enthusiasm to earn, all laziness finishes and you must therefore never allow your enthusiasm to decrease. "I will think about it, I will do it, I will get it done, it will happen.." are all signs of laziness. Those who have such laziness have to finish all weak thoughts and think: Whatever I need to do, however I need to do, I have to do it now. Only then will you be called an intense effort-maker.
