

Essence: Sweet children, never cause sorrow for anyone through your thoughts, words or deeds. Never get angry with anyone. Love is a very sweet thing and you can control anyone with this.

Question: What method does the Father show you children in order to make you into the *double-crowned* masters of the world and *the best*?

Answer: 1) Imbibe divine virtues and become very, very sweet. Look at one another with the vision of being brothers or brothers and sisters. Give yourself the tilak of sovereignty through your own efforts. 2) God, the Father, Himself, is teaching you and so you have to become *regular* in your study. The more you study and teach others and reform your *manners*, the more you will become *the best*.

Om shanti. The sweetest, beloved, long-lost and now-found children know that they have left the shores of hell and are moving forward. This most auspicious confluence age in the middle is completely separate. Your *boat* is in the middle of the ocean. You are neither golden aged nor iron aged. You are the most elevated Brahmins of the most auspicious confluence age. The confluence age is of Brahmins. Brahmins are the topknot. This is the very short age of Brahmins. This age is of just one birth. This is your age of happiness. What do you have happiness of? God is teaching us. Such *students* would have so much happiness! You now have the knowledge of the whole cycle in your intellects. We are now Brahmins and we will then become deities. First, we will go to our *sweet home* and then go to the new world. Only we Brahmins are the spinners of the discus of self-realisation. We are the only ones who perform the somersault. Only you Brahmin children know this variety-form image. All of these things should be churned by the intellect all day. This is your very *lovely* family. Each one of you has to become very, very *lovely*. The Father is sweet and so you children also have to become as sweet. Never become angry with anyone. Never cause anyone sorrow through your thoughts, words or deeds. The Father never causes anyone sorrow. The more you remember the Father, the sweeter you will continue to become; that is all. Your boat will go across through this remembrance. This is the pilgrimage of remembrance. By having remembrance, you have go to the land of happiness *via* the land of silence. The Father has come to make you children constantly happy. The Father tells you the way to chase away the evil spirits: Remember Me and these evil spirits will continue to be removed. If any of you have any evil spirits, then leave them here with Me. You call out: Baba, come and remove our evil spirits and make us pure from impure. The Father is making you into such beautiful flowers. Both Bap and Dada together are decorating you children. Those are your limited fathers whereas this One is your unlimited Father. You children have to move along and interact with everyone with a lot of love. Donate all your vices. When you make a donation, the eclipse of bad omens is removed. There is no question of excuses in this. You can control anyone with love. Explain with a lot of love. Love is something very sweet. A person can control a lion, an elephant – animals with love. Those people are impure beings whereas you are now becoming deities. So, imbibe divine virtues and become very, very sweet. Look at one another with a vision of being brothers or brothers and sisters. A soul can never cause sorrow for another soul. The Father says: Sweet children, I have come to give you your fortune of the kingdom of heaven. Now take whatever you want from Me. I have come to make you into the *double-crowned* masters of the world, but you do have to make effort. I will not place a crown on anyone. You have to give the tilak of sovereignty to yourself through your own efforts. The Father tells you a method for making effort: This is how you can make yourself into a *double-crowned* master of the world. Pay full attention to the study. Never stop studying. If you sulk due to any reason and stop studying, there will be a great loss. Continue to look at your profit and loss. You are *students* of the Godly *University* and you are studying with God, the Father. You are studying and becoming worthy of worship deities. You have to become *regular students*. *Student life is the best*. The more you study and teach others and reform your *manners*, to that extent you will become *the best*. Sweet children, it is now your *return journey*. Just as you have continued to come down from the golden age through the silver, copper and iron ages, in the same way, you now have to go up from the *iron age* to the *golden age*. When you reach the *silver-aged* stage, the mischief of these physical senses will finish. Therefore, the more you remember the Father, the more the rust of the rajo and tamo stages on the soul will continue to be removed and the more the rust is removed, the more the attraction to the Father, the Magnet, will increase. If there isn't that attraction, there is definitely rust still on the soul. When the rust is completely removed and the soul becomes real gold, that is the final karmateet stage. The main thing that the Father explains to you sweet children is: Be soul conscious. Forget your body and all bodily relations and constantly remember Me alone. You definitely

have to become pure too. While a kumari is pure, everyone bows down to her but when she gets married she becomes a worshipper and has to bow her head in front of everyone. When a girl is at her parent's home, she doesn't remember so many relationships. After marriage, all bodily relationships increase and attachment to the husband and children then increase. She remembers her mother-in-law and father-in-law. First, there is attachment to only the mother and father. Here, you have to forget all of those relations because that One alone is your true Mother and Father. This is a Godly relationship. It is sung: You are the Mother and You are the Father..... That Mother and Father makes you into the masters of the world and, therefore, the Father says: Constantly remember Me, your unlimited Father, and do not have any attachments to bodily beings. That unlimited Father takes you to heaven; remember such a sweet Father with a lot of love and continue to spin the discus of self-realisation. It is with the power of remembrance that you souls will become pure and become the masters of heaven. The heart becomes happy on hearing the name of heaven. Those who constantly stay in remembrance and who also inspire others to have remembrance will claim a high status. By making this effort you will gradually create that stage by the end. This world is old, this body is old, the body and all bodily relations are old. Remove your intellects' yoga away from all of them and connect it to the one Father alone so that at the end you only remember that Father. If you remember any other relatives, you will remember them at the end and your status will be destroyed. Those who stay in remembrance of the unlimited Father at the end will become Narayan from ordinary human. When you have remembrance of the Father, then Shivalaya is not far away. You sweetest, beloved, long-lost and now-found children come to the unlimited Father to be *refreshed* because you children know that you receive the kingdom of the unlimited world from the unlimited Father. You should never forget this. If you constantly remember this, you children will experience limitless happiness. Continue to look at your *badge* again and again while you are walking and moving around. Fix it to your heart. Oho! I am becoming this by following God's shrimat. Just look at the *badge* and continue to love Him. Continue to say "Baba, Baba!" and you will always remain aware that you are becoming that through the Father. You sweet children should have very broad intellects. Continue to have thoughts of *service* throughout the day. Baba wants children who cannot stay without doing *service*. You children have to surround the whole world, that is, you have to make the impure world pure. You have to make the whole world of the land of sorrow into the land of happiness. A *teacher* loves to teach. You have now become great *teachers*. The better the *teacher*, the more he makes others equal to himself; he would never get tired. There is a lot of happiness experienced in doing Godly *service*. You receive help from the Father. This is unlimited business. Businessmen become wealthy. They are very eager on this path of knowledge too. The Father is also the unlimited Businessman. The deal is *first-class* but you have to imbibe a lot of courage for this. New children can go ahead of the older children in their efforts. Each one's fortune is *individual* and so each one has to make *individual* effort. You have to *check* yourself fully. Those who carry out such *checking* will engage themselves in this effort day and night and will ask: Why should we *waste* our *time*? As much as possible you have to *save* your *time*. They make a firm promise to themselves: I will never forget the Father and will definitely claim a *scholarship*. Such children also receive help. You will see such new effort-making children and you will also continue to have visions. You will see at the end whatever happened in the beginning. The closer you come, the more you will continue to dance in happiness. On the other side, unnecessary bloodshed without cause will also continue. The Godly *race* of you children is taking place. The more you continue to race ahead, the more the scenes of the new world will continue to come closer; your happiness will increase. Those who are not able to see the scenes coming close will not have that happiness. You should now have disinterest in the iron-aged world and have a lot of love for the golden-aged world. If you remember Shiv Baba you will also remember the inheritance of heaven. If you remember the inheritance of heaven you will also remember Shiv Baba. You children know that you are now going to heaven. Your feet are towards hell and your head is towards heaven. It is now the stage of retirement for all, young and old. Baba always has this intoxication: Oho! I will go and become that child Krishna; he continues to send gifts *in advance* for him. Those gopikas who have full faith continue to send gifts. They receive happiness of supersensuous joy: I will also become a deity of the land of immortality. I became that in the previous cycle and I then took 84 rebirths. It is great fortune if you remember this somersault. Constantly stay in limitless happiness. You are winning a great *lottery*. We claimed our fortune of the kingdom 5000 years ago and tomorrow we will then claim it again; it is fixed in the *drama*. We will take birth in the same way as we did in the previous cycle. We will have the same parents. The one who was the father of Krishna will be the same one again. Those who continue to have such thoughts

throughout the day will remain very entertained. If you do not churn the ocean of knowledge, it means you are *unhealthy*. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Never become tired of Godly *service*. Become a good *teacher* and do the service of making others equal to yourself.
2. Make the soul clean and pure with the power of remembrance. Do not have attachment to any bodily beings.

Blessing: May you be accurate and powerful and clarify all secrets of knowledge using few words. The smaller the *quantity* of anything is, the more powerful it is. Similarly, when you stabilize yourself in your stage beyond sound before you come into words, your words will then be few, but they will be accurate and powerful. One word will be filled with the significance of a thousand words then wasteful words will *automatically* finish. You will be able to clarify all secrets of knowledge with one word and all expansion will finish.

Slogan: To say “Baba” from your heart means to receive happiness and power.
