

**Essence:** Sweet children, only you know the Father from beyond this world accurately and this is why only you can be called true theists, those who have truly loving intellects.

**Question:** Which one of the Father's duties proves that He is the Protector of the Devotees?

**Answer:** To liberate all devotees from the *jail* of Ravan and to make them *solvent* from *insolvent* is the duty of the one Father alone. To change old devotees into Brahmins and then deities is His protection. The Protector of the Devotees has come to give liberation and liberation-in-life to all His devotees.

**Song:** No one is unique like the Innocent Lord!

Om shanti. Whose praise did you children hear? God is remembered as the Highest on High and only God is called the Father. He is the Creator of this whole creation, just as a worldly father is the creator of his creation. First he makes a kumari his wife and then creates a creation with her. He has five to seven children; they are called his creation. The father is their creator; he is a limited creator. You children know that you, the creation, receive your inheritance from your Father, your Creator. People have two fathers: one worldly and the One from beyond this world. It has been explained to you children that knowledge and devotion are separate and that there is then disinterest. At this time, you children are sitting at the confluence age whereas all the rest of the people are in the iron age. All are His children, but you have come to know the unlimited Father who is the Creator of the whole of creation. Even while having worldly fathers, people remember that Father from beyond this world. In the golden age, while having a worldly father no one remembers the Father from beyond this world because that is the land of happiness. Everyone remembers the Father from beyond when they are in sorrow. You are educated here; human beings are made sensible here. On the path of devotion, people don't even know the Father. They say: O Supreme Father, Supreme Soul, o *God, the Father!* O Remover of Sorrow and Bestower of Happiness! Then they say that He is omnipresent or that He is in every particle, in the stones, in the dogs, the cats etc., in everything! They begin to insult the Father, the Supreme Soul, in this way. You now belong to the Father and so you have become theists. Your intellects truly have love for the Father. All others have intellects which do not have true love for the Father. You now know that the great Mahabharat War for the destruction of the old world is just ahead. Every 5000 years the iron-aged impure world ends and the golden-aged pure world is established. It is established by the Father whom people remember and to whom they call out: O Purifier, come! O Boatman, remove us from this ocean of poison and take us to the ocean of milk! Gandhiji too used to sing: The Purifier is Sita's Rama. O Rama, now come and purify all the Sitas! All of you are Sitas, devotees. He is God and everyone calls out to Him. He is making you pure from impure. He doesn't make you stumble anywhere. He doesn't say: Go on pilgrimages and to Kumbha melas; no! Those rivers are not purifiers. Only the one Father, the Ocean of Knowledge, is the Purifier. No one remembers the ocean or the rivers. They call out to the Father: O Purifier Baba, come and purify us! There are rivers of water everywhere in the world; they are not purifiers. Only the one Father is called the Purifier. Only when He comes can He purify you. The praise of Bharat is very great. Bharat is the pilgrimage place of all religions. The birthday of Shiva is also remembered here. The golden age is the pure world where the deities reside. The praise of the deities is remembered: You are full of all virtues, 16 celestial degrees full. The moon dynasty is said to be 14 celestial degrees. They continue to come down the ladder. The Father comes and makes you climb up the ladder in a *second* and takes you to the land of peace and the land of happiness. You then go around the cycle of 84 births and come down the ladder. Someone must definitely have taken the full 84 births. Out of all the scriptures, the Gita is the main jewel. The Shrimad Bhagawad Gita means the Gita sung by God. However, impure human beings don't know who God is. The Purifier and the Bestower of Salvation for All is only the one incorporeal Shiva, but no one knows when He comes. The Father comes and gives His own introduction Himself. Sons and daughters all say: Baba. It is sung: You are the Mother and Father, and, by studying this Raja Yoga of Yours, we receive so much happiness! You come here to claim your inheritance of heaven for 21 births from the unlimited Father. The birthday of Shiva is only celebrated in Bharat. Ravan is also only shown in Bharat. However, no one knows the meaning of that. Shiva is our unlimited Father. No one knows this but they just continue to worship Him. The Father comes when the whole tree has become tamopradhan. Bharat was heaven in the new world; there was the golden age in Bharat. There is now the iron age in Bharat. The Father explains: At first, you were the masters of heaven. You have now taken 84 births and become residents of hell. I now teach you Raja Yoga and make you into deities from human beings and pure from impure. Devotion means the night of Brahma and knowledge means the day of Brahma. You Brahma Kumars and Kumaris are now going into

the day. This old world is now to be set on fire. Truly there is to be the great Mahabharat War. Bharat truly becomes heaven after this Mahabharat War. All the innumerable religions will be destroyed and the one religion will be established. You children have become Baba's helpers and are establishing the original eternal deity religion. When you become worthy of being the masters of heaven, destruction will begin. This is the sacrificial fire of the knowledge of Shiv Baba; you can call Him Shiva or Rudra. It is never said: The sacrificial fire of the knowledge of Krishna. There are no sacrificial fires in the golden and silver ages. Sacrificial fires are created when there are calamities. If there is no grain or if war breaks out, they create a sacrificial fire to bring about peace. You children know that Bharat cannot become heaven without destruction taking place. The Shiv Shakti Army of the mothers of Bharat has been remembered. Salutations are given to those who are pure. You mothers are saluted (Vande Mataram) because you made Bharat into heaven according to shrimat. The Father now says: Death is just over everyone's head. Therefore, become pure in this one birth and remember the Father and you will become satopradhan from tamopradhan. You have now become Brahmins from shudras and you will then become deities. This is nothing new. This cycle continues to turn; every cycle, every 5000 years, hell becomes heaven. Whatever actions people in the impure world perform, they are only sinful actions. The Father says: The philosophy of action, neutral action and sinful action was also explained to you 5000 years ago. I am now explaining to you once again. I, the incorporeal Supreme Father, the Supreme Soul, am your Father. This body that I have taken on loan is not God. Human beings cannot even be called deities, so how could human beings be called God? The Father explains: You have taken 84 births and have continued to come down the ladder. No one can return up above. All of them only show the path to become impure and they themselves also continue to become impure. Therefore, the Father says: I have to come to uplift them too. This is the kingdom of Ravan. You have now come away from the kingdom of Ravan. Everyone will gradually know about this. You cannot claim an inheritance from Shiv Baba without becoming Brahmins. There are just two fathers – one is the incorporeal Father and the other is a corporeal father. Corporeal children receive an inheritance from their corporeal fathers and incorporeal souls receive an inheritance from their incorporeal, unlimited Father. You children now know that you have come to sweetest Shiv Baba to claim from Him your inheritance of the land of happiness for 21 births. Through the power of yoga you become the masters of the world. There are no weapons etc. So, you have yoga with the Father, have your sins absolved and become the masters of the land of Vishnu. You are now listening to the story of immortality in order to go to the land of immortality. There is never untimely death there. There is no name or trace of sorrow. You children have come to the unlimited Father to follow His shrimat and to become most elevated deities. This knowledge is not in any of the scriptures. It is shown that Brahma emerged from the navel of Vishnu. He is then shown holding the scriptures in his hand. The Father says: I am now telling you the beginning, the middle and the end of the whole of creation through Brahma. I alone am the Ocean of Knowledge. It is sung: When the Sun of Knowledge rises, the darkness of ignorance is dispelled. There is no ignorance in the golden age. When Bharat was the land of truth, it was as valuable as a diamond; there were palaces studded with diamonds and jewels etc. Now people don't even have enough to eat. Who would make the *insolvent* world *solvent* once again? This is the task of the Father alone. The Father feels mercy. He says: I have come to teach you Raja Yoga. I make ordinary man into Narayan and ordinary woman into Lakshmi. The Protector of the Devotees is the one Father. I liberate you from the *jail* of Ravan and take you to the land of happiness. All of those in this world who become Brahmins will then become deities. The name of Brahma is also very well known: Prajapita Brahma. You Brahmins are the most elevated. You are doing true, spiritual service of Bharat. Only by having remembrance of the Father will your sins be absolved. There is no other way to become pure from impure. Only through remembrance will alloy be burnt away. Goldsmiths know how to make real gold into artificial gold. They mix silver, copper or iron into it and so that gold becomes less valuable. You too were satopradhan and then alloy was gradually mixed into you. You have now become tamopradhan. You now have to become satopradhan once again; only then can you go to the golden age. The Father says: Do not remember bodily beings! While living at home with your families, don't remember anyone except the one Father and you will then become the masters of the land of heaven. There was heaven, the land of Vishnu, and it is now the land of Ravan. It will definitely become the land of Vishnu again. I come to uplift the sages and holy men etc. This is why it is said: I come when there is extreme irreligiousness. This refers to Bharat. I, the one Father, Shiva, am the Bestower of Salvation for All. Shiva, Rudra etc. are all His names. They have given Him many names. The Father says: I have only one real name - Shiva. I am Shiva and you are saligrams, the children. You have been body conscious for half the

cycle. Now become soul conscious! By knowing the one Father you will come to know everything from that Father; you become *master* oceans of knowledge. Achcha

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. Follow shrimat and become most elevated deities. Do real spiritual service of the whole world. Become the Father's helpers fully in establishing the original eternal deity religion.
2. In order to make the soul real gold, don't remember any bodily being but only the Father. Have true love for the Father from beyond this world.

**Blessing:** May you be a *master* sun of knowledge who burn the rubbish of defects and weaknesses with the rays of their powers.

The children who are *master* suns, the same as the Sun of Knowledge, burn any type of rubbish of defects and weaknesses with the rays of their powers in a *second*. The duty of the sun is to burn rubbish in such a way that all name, form and colour finish for all time. Every power of a *master* sun of knowledge can perform many wonders, but you should know how to *use* them at the right time. At any given time, use only the power that is needed and burn everyone's weaknesses and you would then be a *master* sun of knowledge.

**Slogan:** Be an embodiment of virtues and spread the fragrance of divinity from the bouquet of your life.
