

**Essence:** Sweet children, be honest with the true Father. If you don't speak the truth, your sins continue to increase.

**Question:** What will you children experience when you come close to your karmateet stage?

**Answer:** You will experience the storms of Maya all coming to an end. You will not be afraid of any obstacles. Your stage will remain fearless. While that stage is still far away, the storms of Maya will distress you a great deal. Baba says: Sweet children, the stronger you become, the stronger the Maya that comes to you. However, you have to be victorious and not be afraid. Continue to move along with honesty and cleanliness with the true Father. Never hide anything.

**Song:** Awaken o brides, awaken! The new day is about to dawn....

Om shanti. The children here listen to this song every day. The BKs living at the *centres* also hear it, but those living outside don't hear it. In fact, all the very special children should keep this song in their homes. You should awaken everyone because the meaning of this song is very good: the new age is coming. The new age is the golden age. This is the iron age. The iron age is to be destroyed. The kingdom in the golden age belongs to the people of Bharat. That is called the *golden-aged world*. There is the *golden-aged* Bharat in the *golden-age world* whereas in the *iron-aged* world, there is the *iron-aged* Bharat. Only you know that there is no other land or religion in the *golden age*. It is now the *iron age* and all religions exist now. There definitely is the religion of Bharat too, but that is not the deity religion. That definitely has to exist again. The Father says: I come and carry out establishment. First of all, give the Father's introduction. When anyone speaks about the scriptures, tell him: Those scriptures belong to the path of devotion. There is no scripture of the path of knowledge. The Supreme Father, the Supreme Soul, is called the Ocean of Knowledge. Only when He comes and gives knowledge can there be salvation. That Gita etc. are also for the path of devotion. I come and teach you children knowledge and yoga. Those later become the scriptures which are then used on the path of devotion. It is now your stage of ascending. The Father comes and speaks knowledge to you. The Father Himself says: I give you knowledge for salvation. That then disappears. The Father now says: Don't listen to any scriptures. The spiritual Father of all is One. The inheritance of salvation is also received from Him. This is the land of degradation. The golden age is called the land of salvation. When anyone speaks about the scriptures, the Vedas or the Gita, tell him: We know all of them. However, they all belong to devotion. Why should we even mention their names, since the Ocean of Knowledge, the Supreme Father, the Supreme Soul, is teaching us? The Father says: Consider yourself to be a soul and remember Me, the Father, and your sins will be absolved in this fire of yoga. On the path of devotion, even more sins have been committed. The Father has told us to be "Manmanabhav". He alone is the Ocean of Knowledge and the Purifier. Krishna cannot be called the Purifier. We now only listen to the one Father. We say to Him: Salutations to Shiva, the Supreme Soul. To all others, it would be said: Salutations to the deities. At this time, all are tamopradhan. Only the one Father comes and shows you the way to become satopradhan. Now, only remember that one Father. Don't remember the brahm element; that is your home. Your sins won't be absolved by remembering the home. However, if you souls remember the Supreme Father, the Supreme Soul, who resides in that home, your sins will be absolved and you will become satopradhan and return home, and you will then come again to play your *parts*. The significance of the cycle should be explained. First of all, they should understand that it is the incorporeal Supreme Father, the Supreme Soul, who speaks knowledge to you. When someone says that you only listen to Brahma, tell him: No, we don't listen to any bodily beings. The Supreme Father, the Supreme Soul, explains to us through this one. We don't believe this one (Brahma) to be the Supreme Soul. The Father of all is Shiva and the inheritance is received from Him. It is *through* this one. You don't receive anything from Brahma. What is his praise? All the praise belongs to the one Shiva. If He didn't enter this one, how could you have come here? Shiv Baba has *adopted* you through Brahma and this is why you are called BKs. There has to be the Brahmin clan. No human being or scripture can show you the path to liberation or liberation-in-life. Only the incorporeal Supreme Father, the Supreme Soul, the Bestower of Salvation, shows you the path. You mustn't speak a lot. You should instantly tell them that we have been performing devotion for birth after birth. The Father now tells us: Constantly remember Me alone and become as pure as a lotus in this final birth while living at home with your family. Remember Me and all the sins of this final birth and of the *past* births will be absolved and you will return home. No one can return home without becoming pure. Only explain the first and foremost thing: Incorporeal Shiv Baba says: O souls! I give you *knowledge* by entering the body of Brahma. I carry out establishment through Brahma. I give teachings to

you Brahmins. Brahmins are needed to look after the sacrificial fire of knowledge. You have now become Brahmins. You know that this land of death is now to end. The iron age is called the land of death and the golden age is called the land of immortality. The night of devotion is now coming to an end and the day of Brahma is beginning. No one understands that Brahma becomes Vishnu. Only when they come and listen to this knowledge for the full seven days will they be able to understand. This knowledge doesn't sit in anyone's intellect at the exhibitions. They simply say that this path is good and that it is worth understanding. Explain the main thing, which is that incorporeal Shiva is the God of the Gita. He says: Remember Me! Whatever you have been studying for birth after birth has only continued to bring you down. Then, after the picture of the ladder, explain to them the picture of the tree. You belong to the path of isolation and we belong to the household path. Our renunciation is unlimited. When the night comes to an end, there is distaste for the whole world and also for devotion. There is devotion in the kingdom of Ravan. Shiv Baba is now establishing the Temple of Shiva (Shivalaya). The birthday of Shiva is also celebrated in Bharat. Make it firm that Shiv Baba came and made Bharat into heaven and also destroyed hell. Only those who are going to go to the new world are studying this Raja Yoga. In heaven there is everything: *purity*, *peace* and *prosperity*. Here, sannyasis only have semi *purity*. They take birth in a householder's family through vice and then have renunciation. You have to explain that Shiv Baba, the Purifier, explains to us through the body of Brahma. He teaches us Raja Yoga through Brahma and makes us this. The kingdom is being established through Raja Yoga. The *episode* of the Gita is now being *repeated*. If you want to study Raja Yoga, come and study it. This knowledge is for the household path. God speaks: Become pure while living at home with your family and remember Me and your sins will be absolved. There is no other way to become pure. You should only speak a little and not become confused. Baba has explained: Sit at night and think about whatever happened during the day. All the *service* that took place during the day happened according to the *drama plan*. Effort has to continue. Children make so much effort at the exhibitions. You know that the storms of Maya are very strong. Some children say: Baba, put an end to them so that we don't have any sinful thoughts. Baba says: Why are you afraid of them? I tell Maya: Bring storms with greater force! In a *boxing* match, would one of them say: Don't hit me so hard that I fall down? You too are on a battlefield. If you forget the Father, Maya slaps you. Storms of Maya will continue to come till the end. When you reach your karmateet stage, they will come to an end. Many storms will come. There is no need to be afraid. Remain honest with Baba. Send your true *chart* to Baba. Some children don't get up and sit in remembrance in the morning; they just remain sleeping. They don't realise that if they don't follow shrimat, they are destroying everything for themselves for cycle after cycle and that they are causing themselves great harm. There are some children who never speak the truth. What would their condition be? They would fall. Maya slaps them with great force and they aren't even aware of it. Throughout the day they continue to gossip. By not telling the truth, their lies continue to increase. You should tell the truth. Today, I made the mistake of lying. Otherwise, that will continue to increase and you will never become truthful. You should say what *disservice* you did. Forgive me! By not telling the truth, you are unable to climb into Baba's heart. Honesty pulls you. Children themselves know who does good *service*. There are very few very good children. I want to send good daughters to the villages so that everyone becomes happy: Baba has sent to us the *head* of Bombay or the *head* of Calcutta. Tell anyone you meet, directly: The Purifier, the Supreme Father, the Supreme Soul, comes at the confluence age and gives us this great mantra: Constantly remember Me alone. Baba teaches Raja Yoga to only you children. Your duty is to show the path to others. Children say: Baba, come to Calcutta. Baba cannot talk to anyone except His children. Then, people say: That One doesn't meet anyone. How can we understand who He is? Everything of theirs is from the path of devotion. No one can tell you who the Father of all souls is. Shiv Baba only comes in Bharat. It would take hours to explain such things. Baba doesn't meet anyone; it is you children who have to beat your heads. Here, too, look how much effort He has to make on you children in order to reform you! No one gives Baba the news truthfully. Baba, I spoke to a sannyasi, but I was unable to answer this particular question of his. I made this mistake. You should write down what you do throughout the day. Baba has explained to you children: Don't write a letter to anyone without asking Me. If you ask Baba, Baba would give you such directions through which someone could be benefited. Send everything you write to Baba so that He can *correct* it. Baba would show you the way. If you write in a state of soul consciousness, he would melt while reading it. Very good teachings are given. Your *aim* and *objective* is to become Lakshmi and Narayan. That One is your Father, *Teacher*, Guru, Brother, everything. He continues to advise you about everything so that it is then no longer your responsibility because you are

following shrimat. He would also explain to you that if, in business, you have to eat food prepared by someone else, in desperate circumstances, that is fine. Otherwise, you might lose your business. If you didn't drink a cup of tea, the *Minister* would get upset. You should tell them tactfully: I don't drink tea at this time. I would have great difficulty afterwards. If you don't attend a wedding etc. they will become upset. Then Baba would say: Do this and that. He would show you different tactics. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. Always remain honest with the Father. In order to be seated on the heart-throne follow shrimat fully.
2. On the battlefield, don't be afraid of the sinful thoughts and obstacles of Maya. Write your *chart* honestly. Don't gossip.

**Blessing:** May you be a karma yogi and experience the karmateet stage by being *double light*. Just as it is natural to act and do things, similarly, let it be natural to be karmateet. For this, remain *double light*. In order to remain *double light*, consider yourself to be a *trustee* while performing actions and practise staying in the soul-conscious stage. By paying *attention* to these two things you will become karmateet in a *second* and a karma yogi in a *second*. Be a karma yogi just in name to do something and then experience the karmateet stage.

**Slogan:** An impossible task becomes possible for those who have big hearts.
