

- Essence:** Sweet children, you Brahmins are the mouth-born creation of Brahma. Only you receive the third eye of knowledge from the Father. You are now in God's lap.
- Question:** What is the basis of the establishment of the undivided kingdom where there is no other religion?
- Answer:** The power of yoga. The undivided kingdom can never be established with physical power. In fact, Christians have so much power that if they were to come together, they could rule the whole world. However, that is not the *law*. To establish the one kingdom in the world is the task of the Father alone.
- Song:** Leave Your throne of the sky and come down to earth!
- Om shanti. The meaning of "Om shanti" has been explained to you children many times. "Om" means Who am I? It means, I am a soul and this body is my *organ*. I, the soul, am a resident of the supreme region. The people of Bharat call out: O Resident of the Faraway Land, come, because there is a lot of defamation of religion and sorrow in Bharat. Come once again and give the message of the Gita. It is only in the Gita that they ask God to come – "Shiv Baba, come", because He is the Father of all. They say: There is once again the shadow of Maya, Ravan, over the residents of Bharat, and this is why everyone is unhappy and impure. They call out: Change Your form and come here, that is, come here in a human form. I do come in a human form. My coming is divine and unique. I do not enter a womb. I enter an ordinary old body. You children know that I change from My incorporeal form and come every cycle. Only the Supreme Father, the Supreme Soul, is the Ocean of Knowledge. Krishna can never be called this. The Father says: I have entered this ordinary body and am once again teaching you easy Raja Yoga. I have to come when the world has become impure. I come to change the iron age into the golden age. There is the picture of Brahma, Vishnu and Shankar. There is establishment through Brahma, destruction through Shankar and then sustenance through Vishnu. Lakshmi and Narayan are the two forms of Vishnu. You children know that Baba has once again changed His form and come here. He is our *Supreme* Father, *Supreme Teacher* and also *Supreme Guru*. Other gurus cannot be called *supreme*. This One is all three: Father, *Teacher* and *Guru*. Physical parents sustain their children and also send them to *school*. It is rare for a child's father to be his *teacher* too. No one else can say that (his father is three in one). All souls call out to Me. They speak of *God, the Father*, and so He is the *Father* of souls. This song belongs to the path of devotion. Maya doesn't exist in the golden age that you would have to call out. There, you have nothing but happiness. You know that the cycle is 5000 years. For half the cycle it is the golden and silver ages, the day, and for half the cycle it is the copper and iron ages, the night. You Brahmins are the mouth-born creation of Brahma. The day and night of Brahma, that is, of you Brahmins, is remembered. You children have the knowledge of the day and the night. Lakshmi and Narayan do not have this knowledge. You are now at the confluence age. You know that the path of devotion is now coming to an end and that the day is about to dawn. You have received this knowledge from the Father. No one in the iron age or the golden age has this knowledge. This is why the day of Brahma and the night of Brahma are remembered. You are now making effort to claim the sun and moon dynasty kingdoms. Then, after half the cycle, you lose your kingdom. No one, apart from you Brahmins, has this knowledge. When you have become deities, this knowledge will not remain. It is now the night. The night of Shiva is remembered. They also speak of the night of Krishna, but they don't understand the meaning of that. "The birthday of Shiva" means that there is the *re-incarnation* of Shiva. The day of such a Father should be celebrated for a minimum of one month. They don't even have a *holiday* of the One who makes the whole world pure from impure! The Father says: I am the *Liberator* of everyone. I become everyone's *Guide* and take them back home. You are now making effort to learn Raja Yoga. The Father is giving each of you a third eye of knowledge. No one knows what the form of a soul is. The Father says: You souls are neither thumb shaped nor of infinite light. You are *stars*, just like points. I, the soul, am also a point. However, I do not take rebirth. My praise is different. Because I am the *Supreme*, I don't enter the cycle of birth and death. You souls enter bodies and you take 84 births. I enter this body; I have taken it on *loan*. The Father explains: You too are souls, but you don't *realise* that you are souls. It is the soul that remembers the Father. Souls always remember Him when they are unhappy: O God! O Merciful Baba, have mercy! You ask for mercy because that Father is the One who is *full of knowledge, blissful* and *full of purity*. He is *full* of knowledge; He is the Ocean of Knowledge. This praise cannot be given to human beings. It is only the Father's task to give *bliss* to the whole world. He is the Creator and all the rest are creation. A *creator creates* a creation. He first *adopts* a wife and then creates a creation with her and then also sustains that creation; he doesn't destroy it. This

unlimited Father comes and inspires establishment, sustenance and destruction. He inspires the sustenance of the original eternal deity religion. The kingdom is instantly established at the beginning of the golden age. Those of other religions just establish their own religions. Then, when that religion has grown to hundreds of thousands or millions, their kingdom comes into existence. You are now establishing your kingdom. You become the masters of the whole world with the power of yoga. No one can rule the world with physical power. Baba has explained that the Christians have so much power that if they were to come together, they could rule the whole world. However, it is not the *law* for anyone to be able to claim the kingdom of the world with physical power. It is not the law in the *drama* for those with physical power to become the masters of the world. The Father explains: Only through the power of yoga can the kingdom of the world be received from Me. There is no *partition* there. The earth and sky all belong to you. No one can *touch* you. That is called the undivided kingdom. Here, there are innumerable kingdoms. The Father explains: I teach you children this Raja Yoga every 5000 years. The Krishna soul is now studying this. Krishna was the *number one prince*. He has now become Brahma at this time, at the end of his 84 births. It has been explained to you children how the world cycle turns. The Father is once again establishing heaven. All the innumerable religions definitely have to be destroyed. There will be establishment of the one religion. When Bharat was 100% *solvent*, it was elevated in its religion. The actions of the deities were also elevated. Their praise is sung: Full of all virtues... They were pure at first and have now become impure. The Father comes and once again makes both men and women pure. No one knows why the festival of Raksha Bandhan is celebrated so much. The Father came and took a promise from you that you would both remain pure in this last birth. The religion of the sannyasis is completely separate. Knowledge, devotion and disinterest are for you. You must have seen how (Christians) priests walk with their eyes looking in one direction. They don't look at anyone else at all. There are also *nuns*: they remember *Christ*. It is said that *Christ* was the son of *God*. You are souls, you have no *connection* with white clothes. You belong to *none but One*; you just have to remember the One. You are true *nuns*. You are to receive an inheritance from that Baba. It is only by remembering Him that your sins will be absolved. This is why the Father's order is: Constantly remember Me alone! Because of not having the faith that they are souls, *nuns* remember *Christ*. They don't know who *God* is. Even the people of Bharat, who come first, don't know anything. Lakshmi and Narayan neither have the knowledge of this world nor are they trikaldarshi. You Brahmins become trikaldarshi. The Father changes you from shells into diamonds. You are now in God's lap. This last birth of yours is so invaluable! You are doing the spiritual service of Bharat in particular and the world in general. Those people are physical *social workers* whereas you are spiritual ones. It is the *Supreme Spirit* who is teaching you. Tell every soul to remember the Father. Only the Father is remembered as the Purifier. It takes you 84 births to come down. It then takes you one *second* to climb up again. This is your final birth in the land of death. There is defeat for the land of death and victory for the land of immortality. This is also called the story of immortality. The eternal Father comes and takes you immortal souls into the age of immortality by telling you the story of immortality. The Father says: OK, if you forget everything else, simply have the faith that you are souls and remember Me, your Father. Connect your intellects in yoga to Me and your sins will be burnt and you will become charitable souls; you will change from humans into deities. This is not a new thing. The Father has come after 5000 years and is giving you your inheritance. Ravan then curses you. This is a play. This story is only about Bharat. Only the Father explains these things. It is not mentioned in any of the Vedas or scriptures etc. This is why *God, the Father*, is called the *knowledge-full One*, the *peaceful* and *blissful One*. He also makes you similar to Himself. You too were worthy of worship and you then became worshippers. Then, from being worshippers, you become worthy of worship. This does not apply to God; it refers to you people of Bharat. At first you only worshipped Shiva; you performed unadulterated devotion, then you started worshipping the deities and you continued to come down. You are now once again becoming deities. Those who study a little will become part of the subjects. Those who study well and also teach others will become part of a royal family. Many subjects are created. An emperor would have hundreds of thousands or millions of subjects. You are making effort exactly as you did in the previous cycle. It can be seen from each one's effort who will become part of the rosary. Of the subjects too, some become wealthy and some become poor. On the path of devotion, people donate in the name of God. Why? Doesn't God have anything? Or they say that they are offering everything to Krishna. In fact, it is all offered to God. Whatever they do, they receive the fruit of that in their next birth. They receive it for one birth. The Father says: I have now come to give you your inheritance for 21 births. Whatever you do *directly* in My name, you receive the reward of that for 21 births.

When you do it *indirectly*, you receive temporary happiness for one birth. The Father explains: Everything of yours is going to turn to dust. Therefore, use everything you have in a worthwhile way. Continue to open a spiritual *university-cum-hospital* where everyone will become *ever healthy* and *ever wealthy*. A lot of *income* is earned through this. You receive *health* through yoga and *wealth* by knowing the cycle. Therefore, continue to open such *universities-cum-hospitals* in every home. Where there are many important people, open a big centre where many others can come. Write on your *boards* just as those who perform *nature cures* do. The Father changes the *nature* of everyone and makes it *pure*. At this time all are *impure*. It is the Father who makes the whole world *ever healthy* and *ever wealthy* and He is now teaching you children. You are the *most sweet children*. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. Engage yourself in spiritual service during this invaluable life of yours. Serve Bharat in particular and the world in general.
2. In order to use everything you have in a worthwhile way, offer it *directly* to God. Open a spiritual *hospital-cum-university*.

**Blessing:** May you be an embodiment of virtues and constantly stay in your elevated *stage* with the awareness of your *royal* family.

Those who belong to a *royal* family never put their feet on ground, in the mud. Here, body consciousness is mud, so do not go down into it. Remain constantly distant from this mud. Always have the awareness that you are the children of the highest-on-high Father's *royal family*, those with an elevated *stage* and your vision will not then go down. Constantly look at your image of virtues and remain stable in your elevated *stage*. When you see weaknesses, continue to finish them. If you repeatedly think about them, they will remain.

**Slogan:** A *royal* person is one who gives the experience of the *royalty* of *purity* with his cheerful face.
