

Essence: Sweet children, have broad intellects and do the service of making the whole world into the land of happiness from the land of sorrow and pure from impure. *Save your time*; do not waste it.

Question: Who is *healthy* and who is *unhealthy* on the path of knowledge?

Answer: Those who churn the ocean of knowledge and experience it to be a form of entertainment in their lives are *healthy*. Those who cannot churn the ocean of knowledge are *unhealthy*. When a cow eats grass, it chews it all day; their mouth continues to work. If the mouth is not working, it would be understood that the cow is ill. It is the same here.

Om shanti. You sweetest, beloved, long-lost and now-found children come to the unlimited Father in order to be *refreshed* because you children know that they will receive the sovereignty of the unlimited world from the unlimited Father. You should never forget this. If you children constantly remember this you can experience limitless happiness. Repeatedly continue to look at the *badges* that Baba has had made while you are walking and moving around. Oho! Through God's shrimat, we are becoming this! Look at the *badge* and continue to say, "Baba, Baba!" and there will be constant remembrance. We are becoming this (Lakshmi and Narayan) through the Father. So, you should follow the Father's shrimat, should you not? Sweet children, you should have very broad and unlimited intellects. Only continue to have thoughts of only *service* throughout the day. Baba wants those children who cannot stay without doing *service*. You children have to surround the whole world, that is, you have to make the impure world pure. You have to make the whole world of sorrow into the land of happiness. A *teacher* enjoys teaching good *students*. Together with being *students*, you have also become elevated *teachers*. The better the *teacher* is, the more she will make others the same as herself; she will never get tired. There is great happiness experienced in doing Godly *service*. You receive the Father's help. This is a huge, unlimited business. It is you business people who become wealthy; you are the ones who are excited with this path of knowledge. The Father too is the unlimited Businessman. The deal is *first class*. However, you have to have a lot of courage in this. New children can go ahead of the older ones in their efforts. Each one's fortune is *individual* and each one has to make *individual* effort. You have to *check* yourself fully. Those who carry out such *checking* remain engaged in making effort day and night. They would say: Why should we *waste* our *time*? As much as possible, *save* your *time*. Some make a firm promise to themselves that they will never forget the Father and that they will definitely claim a *scholarship*. Such children then also receive help. You will see such new effort-making children and you will continue to have visions. At the end you will see again what happened in the beginning. The closer you come, the more you will continue to dance in happiness. On the other side, there will continue to be unnecessary bloodshed. The Godly *race* of you children is now taking place. As you continue to race ahead, the scenes of the new world will continue to come closer and your happiness will continue to rise. Those who cannot see the scenes close to them will not experience that happiness. Now, there should be disinterest in the iron-aged world and a lot of love for the new golden-aged world. If you remember Shiv Baba, you will also remember your inheritance of heaven. If you remember your inheritance of heaven, you will also remember Shiv Baba. You children know that you are now to go to heaven; your feet are towards hell and your head is towards heaven. It is now the stage of retirement of all, young and old. Baba is always intoxicated: Oho! I will now go and become this little child Krishna. Daughters continue to send gifts *in advance* for that one. The gopikas who have full faith are the ones who send gifts. They experience supersensuous happiness. We too will become the deities of the land of immortality. We became that in the previous cycle and we then took 84 rebirths. If you remember this somersault, then that, too, is your great fortune. Constantly stay in limitless happiness. You are winning a huge *lottery*. We attained our fortune of the kingdom 5000 years ago and we will receive it tomorrow too; it is fixed in the *drama*. We will take birth in the same way as we did in the previous cycle. We will have those same parents. The one who was the father of Krishna will be the same one. Those who churn the ocean of knowledge in this way throughout the day will remain very much entertained. If someone does not churn the ocean of knowledge, it means he is *unhealthy*. When a cow eats grass, it chews it all day long and their mouth continues to work. If their mouth doesn't work, it is understood that the cow is ill. It is the same here. Both the unlimited Father and Dada have a lot of *love* for you sweetest children. They teach you with so much *love*. They make you beautiful from ugly. The mercury of happiness of you children should rise. Your mercury will rise by having remembrance. The Father does *lovely service* with a lot of love every cycle. He makes everyone, including the five elements, pure. This is such huge, unlimited service. The Father continues to give you children teachings with a lot of love because it is the Father's and the

Teacher's duty to reform the children. The Father gives *shrimat* through which you become elevated. The more you remember with love, the more elevated you will become. You also have to write in your *chart* whether you are following *shrimat* or following the dictates of your own mind. Only by following *shrimat* will you become *accurate*. The more love your intellect has for the Father, the more incognito happiness you will experience and you will become elevated. Ask your heart: Do I have that unlimited happiness? Do I have that much love for the Father? To have love means to remember Him. It is only by having remembrance that you will become *ever healthy and ever wealthy*. You have to make effort not to remember anyone else. Remember Shiv Baba alone. Spin the discus of self-realisation when you leave your body. Belong to one Shiv Baba and none other. This is the final mantra, that is, the mantra that disciplines the mind; it is the mantra with which to conquer Ravan. The Father explains: Sweet children, you have remained body conscious for so long, now *practise* becoming soul conscious. To transform your vision is a sign of having faith in the intellect. Forget all your bodily relations and consider yourself to be a *Godly student*. Let there be the vision of brotherhood, of soul consciousness for only then will the vision of brother and sister, of being a Brahma Kumar or Kumari become firm. Wake up early in the morning and remember the Father. If you fall asleep, there will be a loss in your income. Wake up at amrit vela and have a sweet heart-to-heart conversation with Baba. Baba, You have changed me completely from what I was. Baba, it is Your wonder! Baba, You give us plenty of treasures and make us into the masters of the world. Baba, I can never forget You. While eating and doing everything, I will only remember You. By making such a promise, your remembrance will become firm. *Most beloved Baba* is *knowledge-full* and also *blissful*. From our being *number one* impure, He makes us *number one* pure. Simply bubble up in remembrance of sweet Baba. As Baba remembers this, he experiences a lot of happiness within. Oho! I will become Vishnu from Brahma! Then, after 84 births, I will become Brahma again. Then, Baba will make me into Vishnu. Then, after half the cycle, Ravan will make me impure. This is such a *wonderful drama*! By remembering these things you will always remain cheerful. Shiv Baba is making me so worthy! Wah fortune! wah! While having such thoughts, become those who are completely intoxicated. Wah! I am becoming a master of heaven! Do not become happy simply thinking that you are doing very good *service*. First of all, continue to do your incognito *service* of remembrance. Practise becoming bodiless. It is only through this that you will benefit. As you develop this practice, you will repeatedly become bodiless. Today, Baba is specially emphasizing this. Those who practise this will be able to reach their karmateet stage and claim a high status. While sitting in this stage and remembering the Father, you will return home. Day by day you should increase your *chart* of remembrance. Check to see to what *percentage* you have become satopradhan from tamopradhan. Do I cause anyone sorrow? My intellect is not trapped in any bodily being, is it? To how many people do I give the Father's message? If you keep such a *chart*, there will be a lot of progress. Achcha.

Second murli:

Today, you children are told about thoughts, sinful thoughts and being free from thoughts, that is, about action, neutral action and sinful action. While you are here you will definitely have thoughts. No human being can stay for even a moment without having a thought. Thoughts will arise here, they will arise in the golden age and they will also arise on the path of ignorance. However, when you come into knowledge, thoughts are not then thoughts, because you have become instruments for God's service. The thoughts that arise for the yagya are not thoughts, for they are neutral thoughts. The other useless thoughts that you have, that is, thoughts of the iron-aged world and about iron-aged friends and relatives are said to be sinful thoughts through which sins are committed and through sinful actions sorrow is experienced. The thoughts that you have for the yagya or for Godly service are said to be neutral thoughts. You may have pure thoughts for *service*. Look, Baba is sitting here in order to look after you children. So, the mother and father would definitely have thoughts about this *service*, but these thoughts are not just thoughts. Sins are not committed through these thoughts. However, if someone has any vicious thoughts for any relations there are then definitely sins committed through those. Baba says: You may *serve* your friends and relatives, but with alokik and spiritual vision. There shouldn't be any strings of attachment. Fulfil your responsibility while being free from any attraction. However, those who are here, while being in karmic relationships and not able to become free from them, should nevertheless not let go of the Father's hand. If you hold on to His hand, you will definitely claim one status or another. Each one of you knows what vice you have inside you. If someone has even one vice, then he is definitely body conscious. Those who do not

have any vices are soul conscious. If someone has any vice, he will definitely experience punishment and those who are free from vices will become free from punishment. For instance, some children do not have any lust, anger, greed or attachment and they are able to do very good *service*. Their stage is filled with gyan and vigyan (knowledge and yoga). All of you would *vote* on that. Just as I know, so all of you also know that everyone will *vote* for those who are good. Now have this faith. Those who have any vices are not able to do *service*. Those who are “vice-proof” will be able to do *service* and make others the same as themselves. This is why you need to look after yourself very well. You need to have full victory over the vices. You need to have full victory over sinful thoughts. Thoughts for God would be classified as neutral thoughts. In fact, neutral thoughts would be referred to as the stage when you do not have any thoughts. You will be beyond sorrow and happiness at the end when you settle your karmic accounts and return home. There, you have the stage of being beyond happiness and sorrow as you do not have any thoughts then. At that time, your stage is of being beyond action and neutral action, that is, your stage is of being free from action. Here, you will definitely have thoughts because you have become instruments to purify the whole world. So, you will definitely have pure thoughts for that. Because you have pure thoughts in the golden age, thoughts are not just thoughts and the actions you perform are not just actions, but they are said to be neutral actions. Do you understand? It is only the Father who explains to you the philosophy of action, neutral action and sinful action. It is only the one Father who frees you from performing sinful actions. He is teaching you now, at the confluence age, and this is why you children have to be very cautious about yourselves. Also continue to look at your karmic accounts. You have come here to settle your karmic accounts. It should not be that you come here and continue to create further karmic accounts so that you have to experience punishment. The punishment in the *jail* of a womb is not a small thing! Because of this, you have to make a lot of effort. This destination is very high and this is why you have to move along with great caution. You definitely have to conquer sinful thoughts. To what extent have you gained victory over sinful thoughts? To what extent are you able to stay in the stage of being free from thoughts, that is, in the stage of being beyond happiness and sorrow? All of you can know this for yourselves. If you are not able to understand yourself, you can ask Baba because you are His heirs and so He can tell you. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

- 1) Wake up at amrit vela and have a sweet conversation with Baba. Then, while eating and doing your work, stay in remembrance of Baba. Forget the relations of the body, consider yourself to be a soul and make your vision of brotherhood firm.
- 2) Gain victory over your sinful thoughts and remain in the detached stage of being free from any thoughts of happiness or sorrow. Systematically sacrifice the vices and become yogyukt.

Blessing: May you be a confluence-aged angel who is to become a deity and who eats and serves others the “prabhu prasad” (food offered to God) of divine virtues.

Divine virtues are the most elevated prabhu prasad. Share this prasad a lot. Just as you give physical toli as a sign of love for one another, similarly, serve this toli of divine virtues to others. Whichever power a particular soul needs, donate that power with your mind, that is, with your pure attitude and vibrations; with your actions, become an image of virtues and give your co-operation to souls to imbibe virtues. The aim of the confluence age of becoming an angel who becomes a deity will easily be revealed in you all with this method.

Slogan: Constantly maintaining zeal and enthusiasm is the breath of Brahmin life.
