

**Essence:** Sweet children, Yogeshwar, the Father, has come to teach you Raja Yoga. It is only by studying this yoga that you will become conquerors of sin and then become world emperors and empresses in the future.

**Question:** What promise must you remember in order to be saved from sin?

**Answer:** Mine is one Shiv Baba and none other. Have true, spiritual *love* for the one Father. If you remember this promise you won't perform sinful actions. Maya makes you body conscious and makes you perform wrong actions. Baba is the Master. Remember Him and battle with full force against Maya and you won't be defeated.

**Question:** What hope does the Father have in His children?

**Answer:** Just as a physical father wants to give his children a high education, in the same way, the unlimited Father says: I want to make My children into angels of heaven. If you children just follow My shrimat you can become elevated.

**Song:** I have come having awakened my fortune.

Om shanti. You sweetest children know that you have come here to make your new fortune. To whom? To Yogeshwar, to God, who teaches you. This is called Raja Yoga. God is teaching yoga. Which yoga? There are many types of hatha yoga. This is not a physical yoga. Sannyasis have yoga with the elements and with brahm. God doesn't teach them yoga. You children know that the Supreme Father, the Supreme Soul, is once again teaching you Raja Yoga as He did in the previous cycle. Sannyasis would never say that they taught this yoga in the previous cycle and that they are now teaching it once again. You children can say this. Those hatha yogis cannot teach Raja Yoga. It is Shiv Baba who teaches us and He is also called "Yogeshwar". People call Krishna, "Yogeshwar" by mistake. Krishna is the *prince* of the golden age. There is no question of yoga there. This is a very good *point*. Learn the art of explaining to others. You have to explain tactfully. Everything for you depends on yoga. The more you stay in yoga, the more you will become conquerors of sin. The ancient yoga of Bharat is remembered very much. No one, apart from the Supreme Father, the Supreme Soul, can teach this Raja Yoga. That is why His name is Yogeshwar (God of yoga). It is only God who teaches Raja Yoga. For what does He teach Raja Yoga? Does He give the sovereignty of Bharat? No, it is not a question of Bharat alone. I teach you children Raja Yoga in order to make you into the masters of the whole world. This *aim* and *objective* is *clear*. Although someone may rule over a piece of land and not over the whole world, it would be said that he is a master of the world. You children know that you have come having created your fortune for the new world. The whole world becomes new. Bharat is the *capital*. In your new world too, Delhi will be the *capital*. That is remembered as the land of angels. You are the angels of knowledge. You take a dip in the Ocean of Knowledge and change from human beings into angels of heaven. This is the Mansarovar (lake that changes human beings into angels). It is said that by bathing in it human beings become angels. You have come here to become angels of heaven. You are receiving your sovereignty. You will have a lot of jewellery. You say that you are studying Raja Yoga through which you will become emperors and empresses in the future. However, you will only become that if you follow shrimat well. Don't think that those who become subjects will also be called angels; no. You have to imbibe divine virtues by following shrimat. A physical father is attached to his children and so he wants his children to have a higher education. This Father also says: I will make you into the angels of heaven. To the extent that you follow shrimat, accordingly you will become elevated. There is no difficulty. The wealthy don't have time to listen to this. Only the poor have time. No one else has as much time as you do. Those people who have a lot of concerns are unable to have yoga. Today, Baba asked a child: Do you know whose chariot you are serving? Someone who looks after horses would be aware of which master's horse he is looking after. You also know whose chariot this is. If you serve this chariot while remembering Shiv Baba, you can claim a status higher than that of many others. This one is just the chariot, but you have to remember Shiv Baba. Even if you remember this much, your boat can go across. For where is Baba teaching you Raja Yoga? For the future new world. He teaches it at the confluence age. How could Krishna teach Raja Yoga? He was in the golden-aged kingdom, but who established that kingdom? The Father. Who made the ancient deities become that? Who taught them Raja Yoga? Those people mention Krishna's name. The Father says: I teach you children at this time. You have come having awakened your fortune in order to claim a high status in the future new world. The Father says: Remember Me and become the masters of the pure world; there is no other way. On the one hand, they remember the Purifier and ask Him to come. On the other hand, they say that the rivers are the Purifier. This is such a big mistake. It is a small thing but you do have to open the eyes of human beings. When the

Father comes He explains that He is the Purifier. I bathe you in knowledge and purify you. This is the impure world. Sannyasis teach many types of yoga. However, I am the only One who can teach Raja Yoga. Only the Supreme Father, the Supreme Soul, Himself, is called the Purifier. You should remember Him so much! You also need good *manners*. We are becoming 16 celestial degrees full. Your food and drink should be pure. Some imbibe this quickly. 'Liberation-in-life in a *second*' is remembered. There wouldn't have been just one Janak. An example is given of just one. There wouldn't have been just one Draupadi either. God maintains the honour of everyone. He saves both men and women from becoming impure. They have written Krishna's name in the Gita. Whatever you children do at this time that becomes a memorial on the path of devotion. The Shiv Baba Temple is so big. The names of those who do *service* are glorified. The Dilwala Temple is your *accurate* memorial. Down below, you are doing tapasya and up above, there are pictures of the kingdom. You are now having yoga with the Father in order to become the masters of heaven. You also remember heaven. When a person dies, people say that he has gone to heaven. However, no one knows where heaven is. They believe that Bharat was heaven and then they say that it is up above. The Father explains: 'Liberation-in-life in a *second*' is remembered. Even then, they speak of the Ocean of Knowledge. Even if you make the trees of a forest into pens and the ocean into ink, this knowledge will not finish; it will continue till the end. Therefore, you have to make effort. It is right to say that it just takes a *second*. When you know the Father, the inheritance from Him is liberation-in-life. Together with that, how the cycle turns and how the religions are established is also explained to you. So many things have to be explained. Together with that, remember the Father and also remember your inheritance. You remember and also have the faith that you are claiming the sovereignty of the world. So, why do you then forget it? Therefore, Baba says: The more you remember Me, the more your sins will be absolved. This is why it takes *time* until you reach your karmateet stage. When you reach your karmateet stage, you won't be able to stay here any longer. Baba has been explaining to you children for years. It is a very simple matter: Alpha and beta. Baba also tells you the secrets of the cycle. When you have all the secrets in your intellects you also have to explain to others. You have the whole tree in your intellects. You have to claim the easiest inheritance from the Father. Some say: Baba, I'm unable to have yoga. Maya makes me commit sin. The Father explains: Children, if you commit sin, you will have to make a lot of effort. Maya makes you body conscious and makes you perform wrong actions. The Father says: Children, after belonging to Me, don't perform any sinful actions. You promised that you would belong to one Shiv Baba and none other. When a kumari gets engaged she has so much *love* for her husband-to-be. Therefore, you should have so much *love* for the unlimited Father. Your *love* is so incognito. That is physical whereas this is spiritual. They have developed that *practice*. Here, you repeatedly forget because this is something new. You have to consider yourselves to be souls and remember the Father. You are Godly helpers. You are spiritual servers. You are standing on the battlefield. Baba, the Master, is also standing with you. He says: Fight Maya with full force so that these five vices don't interfere. Some write: Baba, an evil spirit came. Baba says: Continue to chase away those evil spirits. They will continue to come till the end and they will bring very powerful storms. Storms that you never had on the path of ignorance will also come. You would say that you were in the stage of retirement and never had such thoughts but that, after coming into knowledge, there was the intoxication of lust. You also have such dreams. What is this? This is *wonderful* knowledge. Some become confused and leave. Baba tells you that many storms will come. The stronger you become, the more Maya will make you fall, and this is why you have to become mahavirs and stable. Stay in remembrance of Baba. You mustn't put those thoughts into practice. By putting them into practice, you commit sin. You have to make a lot of effort and remove bad habits. The eternal *Surgeon* knows and this Baba also knows that there are many types of obstacle from Maya. Here, you have to become very pure. If you want to become part of the sun dynasty you have to become worthy. This is Raja Yoga, yoga to become kings, not yoga to become subjects. Therefore, make effort and claim the kingdom. You can go anywhere tactfully, in an incognito way. Say to them: Tell us whom we should remember so that we can be liberated from sorrow. People speak of the ancient yoga of Bharat, but what is that? Can you teach us Raja Yoga so that we can become kings? You should ask them such things and bring them into knowledge. Show such bravery that their intellects become receptive to just one thing. You need those who are diplomatic. That is why Baba asks: Have you become *serviceable* enough? You have to be very cautious. At this time the world is very dirty. There is a story about this of how Kichak (one with impure vision) chased Draupadi. This is why Baba says that you have to be very cautious. The main thing is Raja Yoga. Explain to anyone who comes that it was the Father who taught Raja Yoga and yet the name of the

child was mentioned. Secondly, also prove that Krishna is not God at all. The God of the Gita is Shiva from whom we receive the inheritance of heaven. You need wise methods to explain this. Your *service* is spiritual whereas those *social* workers do physical service. That is worldly *society* and this is spiritual *society*. Spirits are given an *injection* and this is why it is said: When the Satguru gives you the ointment of knowledge... Now, the light of the soul is extinguished. When a person dies, people light a lamp. They believe that the soul would otherwise be in darkness. There truly is unlimited darkness. There hasn't been any oil poured (into souls) for half the cycle. The light of souls has been extinguished. Now, by the oil of knowledge being poured in, there is light. The Father now tells you children: Constantly remember Me alone! Krishna cannot say this. We souls are brothers. We are claiming our inheritance from the Father. It is good to write a *chart* of how long you stay in remembrance of Baba. By your *practising* this, that stage will then become firm. This method is good. Also continue to do *service*. Keep your *chart* and you will continue to make progress. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Be very careful that no evil spirit enters you. Never become confused by the storms of Maya. Remove bad habits.
2. Keep your *chart* of remembrance. Together with that, become a spiritual server and give souls an *injection* of knowledge.

**Blessing:** May you be free from spinning between remembrance and forgetfulness and make your life as *valuable* as a diamond.

This confluence age is the age for remembrance whereas the iron age is the age of forgetfulness. If you constantly have the awareness of your elevated *part* and your elevated fortune, you will then become as *valuable* as a diamond. However, if you forget it, then you are a stone. This is the game of remembrance and forgetfulness. Residents of the confluence age can never tour around the iron age. If your intellect goes there, even slightly, you will then become trapped in a whirlwind because there is a lot of splendour in the iron age, but that splendour is deceptive.

**Slogan:** Those who keep their physical organs and senses in *law* and *order* are true Raj Yogis.
