

**Essence:** Sweet children, the Father has come to make the orphans belong to the Lord and Master, to liberate everyone from sorrow and take them to the land of happiness.

**Question:** What patience does the Father give His children every cycle?

**Answer:** Sweet children, remain carefree! It is My duty to establish peace in the world and to liberate everyone from sorrow. I have come to liberate you children from this kingdom of Ravan and take you to the kingdom of Rama. It is My duty to take you children back.

**Song:** Leave Your throne of the sky and come down to earth!

Om shanti. You children heard the song. Children remember their most beloved, supremely beloved, Supreme Father for Him to come once again because Maya has cast a shadow, that is, this has become Ravan's kingdom; everyone is unhappy. They say: We are all impure. Baba says: I come at the confluence age of every cycle. I came 5000 years ago and have come once again at the confluence age of the cycle. The Father comes and gives you patience. Children, remain carefree! This is My *part* alone. Children say: Baba, come! Come and teach us Raja Yoga once again! Come and make the impure world pure! At this time, all are *orphans*. *Orphans* are those who don't have parents; they continue to fight and quarrel among themselves. Everyone is very unhappy. There is peacelessness in the whole world and this is why I have come to take you children beyond sorrow, to liberate you from Ravan's kingdom and take you to the kingdom of Rama, the land of happiness. The Father says: This is My duty. The Father of the whole *world*, that is, of all souls, is only the One. Everyone says: O unlimited Baba! You have now left Your throne and come down from up above. He resides in the great element of brahm. Here, there are living beings. That is the place of souls which is also called Brahmand. The Father explains to you children: This is a play of happiness and sorrow. All the people call out, "O Supreme Father, Supreme Soul", because they are unhappy. The song is based on this. What mistake have the children made? They have forgotten the Father. They don't know the God of the Gita, the One who taught you easy Raja Yoga, and made you belong to the Lord and Master from being orphans! It is also sung, "O Lord, the One who makes orphans belong to the Lord and Master!" He changes Bharat from an orphan into the Bharat that belongs to the Lord and Master. Bharat belonged to the Lord and Master and was constantly happy. There were *purity*, *peace* and *prosperity*. There was the household ashram. Bharat was great and pure. It is also sung, "People there were 16 celestial degrees full, completely viceless." Here, they have become orphans. They don't know what violence is or what non-violence is. They think that killing cows etc. is violence. The Father says: Using the sword of lust on one another is violence. Because of Ravan's existence, everyone has become impure. The Father says: The *number one* enemy is body consciousness; then, lust, anger, these five vices that have made you into orphans, are your enemies. Baba asks you: O children of Bharat, do you remember that you belonged to the Lord and Master and that you were so happy when you were in the golden age? When someone here leaves his body, people say that he has gone to heaven. He went from hell, did he not? So, you should explain that Bharat is hell at this time; it is said to be the extreme depths of hell. There are stories in the Garuda Purana (Hindu scripture). There isn't any other river but everyone continues to choke in the ocean of poison. They continue to bite one another and make each other unhappy. The Father comes and explains: This *drama* of happiness and sorrow is predestined. It isn't that it is hell one moment and heaven the next, that those who have a lot of wealth are in heaven; no! Even wealthy people are unhappy. At this time, the whole world is unhappy. The Father explains: You belong to the Mother and Father to whom you sing: You are the Mother and Father and we are Your children. People don't know anything, and so they sing this song even in front of Lakshmi and Narayan, "You are the Mother and You are the Father." They even sing this in front of Radhe and Krishna because they don't know the Father. They don't know the Father, the Creator, or His creation. This is the cycle of the world. It wouldn't be called the cycle of Maya. The five vices are called Maya. Wealth is called prosperity. May you be prosperous! May you have a long life! May you have children! Only the Father gives these blessings. All the rest are gurus of the path of devotion. Only the One is the Ocean of Knowledge to whom they sing. They relate the Gita and then say, "These are the versions of God Shri Krishna." Oh! but how can Krishna be God? They are calling out to the One up above when they say, "Change Your form and come here." You souls too change your form. The Father also comes in a human body. He doesn't come riding a bull. You say, "Baba, You also change Your form as we do and come in a human body." I do not enter a bull or a fish or an alligator. First of all, the human world is created through Brahma, the Father of People. So you have two fathers. One is the Supreme Father, the Supreme Soul, Shiva, to whom you say, "O Baba who makes orphans belong to the Lord and Master, come!" You then sing, "When the Sun of Knowledge rises..." The Sun of Knowledge is

also that Father who is the Highest on High. This play has to be understood. The play is also based on Bharat. All the rest are *by-plots*. The deity religion of Bharat is elevated and *number one*. The deity religion and the divine acts were elevated. Now, they have become corrupt in their religion and action. The Father explains: There are four main religions. The first religion is the deity religion. Only the one Father would carry out the task of the establishment of the golden age. He is *Heavenly God, the Father*. The Father says: I only come once, at the confluence age of the cycle. You children know that you now belong to the Lord and Master. Only the one Father makes orphans belong to the Lord and Master. Human beings can only give temporary happiness to human beings. This is the world of sorrow. People continue to cry out in distress. Bharat was the land of happiness and it is now the land of sorrow. He has come from the land of peace. The play is now coming to an end. This costume has become old. While living at home with your family, remain pure. I, your Father have come to establish pure *heaven*. It was pure and is now impure. For half the cycle, there is the kingdom of Rama and for half the cycle there is the kingdom of Ravan. You are now in God's lap. This is God's *family*. Dada (*Grandfather*) is Shiv Baba. Prajapita Brahma is Baba. This is the *reality*. You know that the incorporeal Father has entered this one. He has come in a human body. That Father sits here and talks to you souls. He is called the spiritual *Surgeon*. He gives an *injection* to the spirits. They say that souls are immune to the effect of action, but how could souls be immune? The sanskars are in the soul and a soul takes birth according to them. You children now know the Supreme Father, the Supreme Soul. Everyone remembers Him, "O Purifier, Supreme Father, Supreme Soul! You are the Father, the Seed of this human world tree. You are the Living Being and the Ocean of Knowledge". All the *knowledge* is in the soul. Then, according to your sanskars, you become kings through the study. The Father also has sanskars of knowledge. He has the knowledge of the beginning, the middle and the end of the world. He also makes you into seers of the three aspects of time. You souls know that you come from the incorporeal world. The brahm element cannot be called God. The *knowledge* that the Father comes and speaks is called the Gita. The Father Himself comes and establishes a kingdom. No one else establishes a kingdom. The kingdom is now to be established and this is why you have to become pure. The Father now gives you children *knowledge*. He makes you pure and makes you belong to the Lord and Master. No one knows about the world *drama* either. This drama is the eternal and imperishable *drama*. All souls have received imperishable *parts*. The Supreme Soul also has a *part*. Baba has explained that Shiva is not such a big lingam. He is called the Supreme Father, the Supreme Soul. What is the form of a soul? *A star, a light*. A wonderful *star* sparkles in the centre of the forehead. It is a *wonder* how such a tiny soul has such a big *part*. The Father says: I, a soul, also have a *part*. I *serve* you so much on the path of devotion. At this time the *part* is *wonderful*. The *parts* of you children continue every cycle. *Actors* too are numberwise. First of all is Baba. The Father gives you all the *knowledge* that He has. The Father says: Children, a kingdom is being established. Now make effort and claim a high status. Claim whatever *seat* you want. You have to make effort for your reward and for unlimited happiness from the unlimited Father. The World Mother is called the *goddess of knowledge*. From where did she receive *knowledge*? From Brahma. Who gave it to Brahma? Shiva, the Supreme Soul. The Brahma Kumars and Kumaris are receiving this *knowledge* through Brahma. You Brahmins have become instruments for this sacrificial fire. This is called the sacrificial fire of the knowledge of Rudra in which the whole of the old world is to be destroyed. All the festivals are of this confluence age. Instead of Shiva, they have spoken of the night of Krishna and portrayed the birth of Krishna to be at night. They don't understand the meaning of Shiv Ratri, the night of Shiva. The iron age is the night and the golden age is the day. When Shiva comes and changes night into day that is called Shiv Jayanti. It is the unlimited night and day. This Shiv Shakti Army is one that will make Bharat into heaven. Look how you are studying in such an incognito way. You claim the kingdom with the power of yoga. Ancient Raja Yoga through which you receive the kingdom is very well known. Everyone becomes pure. Souls imbibe this *knowledge*. No one has knowledge of the soul. There (the golden age), they have knowledge of the soul, but not of God or creation. Only you Brahmins have this *knowledge*. You, who do spiritual service, are the most elevated. The one Traveller comes to make all of you brides beautiful. There is just the one Traveller and all the rest are brides. The procession of those who become part of the subjects and who reside in the land of liberation is very long. The Bridegroom comes to decorate everyone and take them back home. He will take everyone back like a swarm of mosquitoes. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. Become a *lighthouse*. Let the land of peace be in one eye and the land of happiness in the other eye. Don't see this land of sorrow while seeing it.
2. Become *full of knowledge*, the same as the Father, and make full effort to claim unlimited happiness. Give others the *knowledge* that you have received.

**Blessing:** May you be a world benefactor who receives the instant fruit of the service you do with a big heart.

The children who serve with a big heart also receive big instant fruit of that service. Whenever you carry out a task, do it with a big heart and also have a big heart in making others co-operative. Do not have a small heart for yourself or for your co-operative companions. By you having a big heart, even mud becomes gold, weak companions become powerful and success becomes possible from impossible. For this, sacrifice the consciousness of "I, I", and you will become a world benefactor with a big heart.

**Slogan:** To transform a reason into a solution is to be a well-wisher, one who has positive thoughts for others.
