

- Essence:** Sweet children, the Father has come to decorate you children with knowledge and yoga. In order to keep that decoration on all the time, never be defeated by Maya.
- Question:** What one little thing breaks the faith of the children who have faithful intellects and makes them have doubtful intellects instead?
- Answer:** When children with faithful intellects become trapped in doubt by even a tiny mistake, their faith breaks. When doubts are created about shrimat, Maya makes your intellects doubtful. Those who have a doubtful intellects cannot do *service*, nor are they even able to make the effort to conquer the vices. The merciful Father advises such weak children: Children, if you are harassed by the vices and you don't even do *service*, then at least remember the Father!
- Song:** You are the Mother and Father.
- Om shanti. Whose praise is this? It is the praise of the Mother and Father. You are the children of that Mother and Father. He is called the unlimited Creator. There are so many Brahma Kumars and Kumaris. There are the pictures of the World Mother, the World Father and also of Brahma. It is just that they have made different pictures. You know that, at the beginning of the world, that is, in the golden age, there was plenty of happiness. You are now once again claiming the inheritance of unlimited happiness from the unlimited Father. This cannot be the praise of physical parents. This refers to the unlimited Mother and Father. Only the Supreme Father, the Supreme Soul, can be called the Mother and Father. However, He is incorporeal. It has been explained to you many times that this is new knowledge for the new creation and the new religion. The deity religion doesn't exist now. No one would say that their religion is the deity religion because everyone there was completely viceless. Now, all are vicious. All the religions definitely have to be destroyed, for only then can the Father come to establish that one religion. You children now have to remember the Father and the inheritance. You take birth through your mother's womb and you remember your father in order to receive your inheritance. You took birth, but *through* whom? You took birth through a mother. It is the same here. You have become children *through* the mother. You remember Shiv Baba in order to claim your inheritance, *via* the mother. However, some of you have faith, whereas others don't. It isn't that everyone has faith. Maya continues to make you choke and you become trapped somewhere or other. Those who don't follow shrimat become trapped in the mistakes of their own doubts. When there is faith, you let go of everything else. You simply have to listen to these things and then relate them to others. Some say that they're unable to do *service*. If you don't create subjects you won't become a king. OK, if you're unable to do anything else, simply remember Shiv Baba and you will go to heaven. OK, if you are unable to make effort to conquer the vices, then remember the Father and you will be able to go to heaven, but the status you receive will be low. The Father explains: The *part* of devotion now has to end. The Father has come to give you the fruit of devotion. You are numberwise in performing complete devotion. First of all, you worship Shiv Baba and then Brahma, Vishnu and Shankar. Just look how so many temples have been built in every street. There are so many spiritual gatherings. At the moment, they have so many of all those things but, later, none of them will remain; not a single temple will remain. There is now so much paraphernalia of devotion. The copper and iron ages are the ages of devotion, the ages of becoming tamopradhan. The Father is now liberating you from all of those complications. He says: *Hear no evil, see no evil*. Remove your attachment from all of those things, including your body. You now have to go to your new home. Only when establishment has taken place will you go there. This is the old world, the land of sorrow. This is your final birth. You are now sitting in God's lap. You are in the lap of the Mother and Father. According to the *law*, the Father gives you birth through the mouth of Brahma and so he becomes the mother, but your intellects go to Shiv Baba: You are the Mother and Father and we are Your children! Your *love* goes to Shiv Baba. You are also brides. Shiv Baba has come to make you worthy by decorating you. He decorates you children with knowledge and yoga. It isn't just you who listen to this. Everyone at all the *centres* listens to these sounds. Thousands will continue to listen. Everyone continues to be decorated. After you have been decorated so much, you still become dirty. Baba gives the example of a donkey. You children have to become full of all virtues, 16 celestial degrees full. Don't be defeated by Maya again and again. Some say: Baba, Maya slapped me today. Baba says: You are defaming the name of the clan. You defame the Father as well as the children. You will fall even more. You have to conquer lust, the greatest enemy. You must promise the Father this. The Father is the Creator of heaven. Therefore, He would definitely make you into the masters of heaven. Those who study this easy Raja Yoga will go to heaven. It isn't that everyone will go to heaven, even though they understand that only *God, the Father*, creates the new world. However, they can only understand the secret of who rules the new world when

someone explains it to them. Although the people of Bharat know that Bharat is an ancient land, they don't know this accurately, and so how could they tell others about it? You can tell them that there can be no other land as pure as Bharat was. There is no other land as prosperous as Bharat was. Although America etc. have a lot of wealth, compared to Bharat, that is only worth shells. Bharat alone is the pilgrimage place of all the religions. The Father of all souls only comes in Bharat to make hell into heaven. He *liberates* everyone. The praise belongs to Him. It is to Him that people offer flowers, but, in the Gita they have forgotten His name. This is why they have reduced His importance. *Christians* have heard wrong things and so they too relate defamatory things to others and *convert* them into their own religion. So many have become *Christians*. This will continue to happen every cycle. The Father says: When such defamation of religion takes place, I come and make Bharat like a diamond. You receive unlimited happiness from the unlimited Father. Heaven is being established. That is Shiv Baba. You are the Shiv Shakti Mothers of Bharat and you are incognito. Human beings don't know you, the Shiv Shakti Army. You know that you truly belong to the Shiv Shakti Pandava Army. A new kingdom is being established. This is the old impure world and that is the pure new world. There cannot be any pure beings in this impure world. Look at what they have written in the scriptures! Those who relate them are also very clever. They have been listening to the scriptures and have also been holding spiritual gatherings where they recite the scriptures for seven days. They have also been having sacrificial fires. In spite of that, the world had to become tamopradhan. No matter what they do, not a single person can return home yet. People don't have knowledge and so they like to listen to the fascinating things in the scriptures. You don't like to do that any more. This is why the Father says: *Hear no evil*. Simply remember Me and follow shrimat and you will become elevated. By following devilish dictates you will only continue to become devilish. Those are the dictates of Ravan. Human beings follow the dictates of Ravan and this is why they continue to burn an effigy of Ravan. The Father sits here and explains everything to you very clearly. There is the *knowledge* of the Seed and the tree. This is called the kalpa tree; its duration is 5000 years. If it had been hundreds of thousands of years since the golden age, the population of Hindus would be very large. You children now know very well that destruction has to take place and that *natural calamities* will also continue to occur. Those people call them *Godly calamities*, but *God* doesn't bring *calamities*; they are fixed in the *drama*. If destruction didn't take place, how could the new world be created? The *gates* will open through the Mahabharat War. Children have had visions. The destination is very high and so some don't have that courage. Look, yesterday too, Baba explained: This is your final birth in the land of death. I have now come to make you into the masters of the land of immortality. Listen to the Father in this last birth. Make a promise of purity. If a child doesn't listen to his physical father, the father would say: You are an unworthy child. Baba is the Almighty Authority. By following His directions, you will receive help. In spite of that, children say: Ok, I will think about it. Oh, but if you were to leave your body tomorrow, you wouldn't receive your inheritance. The illness of the five vices is very severe. Maya has made everyone diseased. The Father now says: Follow My shrimat. Maya will bring many sinful thoughts and many storms will come. There will be bankruptcy. Then, some say: What is this? I belonged to Baba and this is what happened! However, the Father says: You have given everything to Shiv Baba. You have now become a *trustee*. He will give you the full account. Why are you worrying about it? You know that the boat of Bharat is now sinking and that the Father has come to *salvage* it. Who, apart from the Father, can create heaven? They say that Dwaraka went down below, and so how could it come up again now? Will the fish and alligators bring it up? This is the cycle of the *drama* which has to be understood. When the golden and silver ages are on top, the copper and iron ages are down below. You should create a large picture of the world cycle, just as you have a *full-sized* mirror. The Father says: Continue to look at your face in the mirror. See that you don't become monkeys. Those who have vices in them are worse than monkeys. Deities are worthy of being in temples. In fact, temples are never built to sannyasis. Only deities have temples built to them because both souls and bodies are pure. You cannot receive a pure body here. Human beings have so many sacrificial fires and listen to religious stories. The Father only creates one unlimited sacrificial fire which is called the sacrificial fire of Rudra. The flames of destruction emerge from this sacrificial fire. All other sacrificial fires will end. The sacrificial fire of the knowledge of Rudra is very well known. The sacrificial fire of the knowledge of Shiva is not so well known. Rudra and saligrams are worshipped. They make so many saligrams but only one Shiva. So many subjects are created. They wouldn't be able to make so many of them. Shiv Baba and you children are worshipped because you *liberate* the whole world. You are the Shiv Shakti *Salvation Army*. There are many who call themselves Sarvodaya Leader (Leader of those who have mercy for all). However,

no one can have mercy for the whole world. Only Shiv Baba can be called the One who is merciful, the One who has mercy for everyone. Human beings give themselves big names. To have mercy for everyone, that is, to take them to the land of happiness, is the task of God alone. Shiv Baba alone is the Bestower of Liberation and Salvation for all. Human beings cannot grant salvation to anyone. They cannot grant salvation to a single being; it is *impossible*. They tell you that you don't believe in the scriptures. However, they are in front of us and we can see them with our eyes, so how can we not believe in them? Nevertheless, we are now following shrimat through which we become elevated. Shrimat is from God. We are not following the dictates of Krishna. The Krishna soul became so elevated by following shrimat in his previous birth and became a deity and the same applies to you. There would be his kingdom too, what would Krishna do on his own? No one, apart from the Father, can make you into flowers from thorns. The Father has come and so He will definitely create heaven. Otherwise, what is the point of Him incarnating? He definitely made Bharat into heaven and He is doing that now. There won't be any temples there. You know that Baba has come into Bharat to make it into heaven. Baba has explained that everyone will experience storms of Maya. Come and ask Baba. Also ask about the experiences of knowledge and yoga. Also ask him for his experience of the thoughts that become sinful thoughts. Baba is at the front of everyone, so he definitely *passes* through these storms first. We remember Baba. Even so, Maya is no less. The more powerful you become, the more Maya will oppose you, but you mustn't become afraid. Some write: Baba, tell Maya not to distress us. However, Maya will create storms, but you mustn't be afraid. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Give your full account to the Father, become a *trustee* and become free from all worries. Follow the Father's directions fully and become worthy of receiving help.
2. Become the *Salvation Army* and take the sinking boat of human beings across. Become the Father's helpers and thereby worthy of being worship.

Blessing: May you transform your sanskars and so your world by experimenting with the power of yoga at the right time.

Just as you are capable of having yoga and conducting yoga, so become just as capable in experimenting with yoga too. First of all, experiment with the power of yoga on your own sanskars because your elevated sanskars are the foundation for the creation of the elevated world. So, *check* that none of your sanskars deceive you at any time. No matter what the situation may be, what a person or the atmosphere may be like, let them not change your elevated sanskars or make them ordinary or wasteful. Those who transform their own sanskars are the ones who become the instruments to transform the world.

Slogan: If you want to claim a *number* ahead, let your nature be *easy* and your efforts filled with *attention*.
