

**Essence:** Sweet children, in order to become *double* crowned, renounce *double* violence. Become *unknown warriors* and conquer the enemy, Maya.

**Question:** Why is the saying, "small mouth, big talk" well known and about whom?

**Answer:** This saying is about God, because He sits in an ordinary body and tells you big things through this small mouth. The Father, the Lord of the Poor, makes you wealthy from poor. You children also say: We are very powerful *warriors*. We are conquering Ravan and establishing heaven over the whole world. So, this too is like a small mouth and big talk. People laugh when they hear these things; they are unable to understand these things. No one else would know how to say the things that you do.

**Song:** At last the day for which we had been waiting has come!

Om shanti. You children heard the song and also understood its meaning. You also have faith that the Baba who is called the Purifier has now come. The word 'Purifier' also includes the expression 'Lord of the Poor'. At this time the whole world is hell. There are a lot of poor people; the whole world is poor. Don't think that Russia and America are wealthy; no. You know that whatever little they have is nothing compared to heaven. Even if they were to accumulate all the comforts and possessions, that would be nothing compared to heaven. They write that China can buy so many *million pounds*' worth of gold, but even America is very wealthy in that way. However, you children know that all of that is nothing in front of your kingdom and the self-sovereignty that is being established. Even though they have so much, they are still poor. In comparison to heaven, the whole world is poor. The name of this Father is the Lord of the Poor. Bharat itself was so wealthy in heaven. That comparison is made. Look at the condition now! The Father, the Lord of the Poor, is sitting in front of you and has come to give you your inheritance of heaven. You know how wealthy the Father is making you. We emperors and empresses are so wealthy. On the path of devotion they make such beautiful temples. So the Father's name 'Lord of the Poor' suits Him. That is the new world and this is the old world. You understand what the people of the old world have become like. Heaven is the treasure-store of happiness. There is someone who will change this world of sorrow. You now know how He changes it. There is no question of fighting or quarrelling etc. They have put Krishna's name in the Gita. Krishna cannot be the one who changes the world. The One who changes the world is called *God*. You now understand what the Father is making you from what you were. We didn't know anything before. Truly, we do become emperors and empresses of the world. The very name is the *golden age*, the world of gold. Dwaraka is also said to be of gold. Dwaraka means the whole city is golden. Therefore, there must surely be that much wealth there. Some children have had visions of that. Baba says: The more progress you make, the more you will repeatedly have visions. When you come close to your homeland, it enters your heart that you are now about to arrive home. You know that that war will definitely take place and that this is how the destruction of the old world will take place. For instance, Delhi was old and has now been made new. You know that the whole world is a graveyard and that it is to become the land of angels once again. Baba is giving us the inheritance of the new world. Today, that day has come for poor Bharat when it receives the sovereignty of heaven from the Father. It isn't that the whole of Delhi is called New Delhi. You will call it New Delhi in the new world. Gandhiji used to say and people today also say: There should be the kingdom of Rama. Therefore, you should explain that it is now definitely the kingdom of Ravan. They say: So-and-so has gone to heaven. That surely means that he was in hell which was why he went to heaven. You won't say these words in heaven. Just as you remember heaven here, so you also have to remember the Father. When a person dies, they say: He left for the *heavenly abode*. Which religion exists in that *heaven*? Only *God*, the *Father*, establishes *heaven*. You can see how He is sitting here so ordinarily. Only you understand the secrets of the *drama*. Whatever *scene* is performed at a particular time, it is *repeated*; it *repeats* again after 5000 years. Christ was crucified on a *cross*. That has become the *past*. This is the *world history and geography* that will *repeat*. The Christian religion won't exist but Christ will come again and establish it. These things are not in the intellect of anyone except you. The Father says: I have come once again after 5000 years in order to teach you Raja Yoga. The *Teacher* would say: I am telling you the secrets of the beginning, the middle and the end of the world. No one, apart from the Supreme Father, the Supreme Soul, can give this *knowledge*. These things are not mentioned in the scriptures. No one understands these things. Christ will also come again after 3000 years. It has now been 2000 years, and so this is an account of 5000 years. However, this doesn't sit in anyone's intellect. You children know that heaven is being established once again. There is no war etc. The Father would not make

you commit violence. You become *doubly* non-violent through the Father and are becoming *double* crowned. The Father has said: Lust is the great enemy. By conquering it, you will become the masters of the pure world. This is that same *time*. You also see those *circumstances* now. The Bharat war took place 5000 years ago. So, who was victorious? The Yadavas and the Kauravas were all destroyed; so what was the final *result*? They don't show anything. The Father came and there was the Mahabharat War. What happened after that? They show that the Pandavas melted away on the mountains. They have also shown a dog with them. They don't understand anything. This is such a big unlimited cycle. There are so many religions. Your intellects have all the secrets in a *nutshell*. At first you were very wealthy but have now become very poor. The human population has increased so much. Ultimately, people will understand and even say: Such are the *circumstances*! You understand that you are following shrimat and establishing the most elevated kingdom exactly as you did in the previous cycle. You should have that intoxication. You are called the incognito *unknown warriors*. In fact, you are really *unknown*, but very *well known warriors*. They speak of the *unknown warriors*. However, they are still very *well known*, because even eminent people go to offer them flowers (at their memorials). You too become so *well known*. People will offer you so many flowers and build so many temples to you. At the moment no one knows you. Those people are killed with guns etc. You make Bharat into heaven. You are then threaded in the rosary of Vishnu and the rosary of Rudra. However, no one knows what the Shiv Shakti Pandava Army did. Even now, they don't know what you are doing. You are such powerful *warriors*. Who is your *war* with? With Ravan. You tell people that you are on a battlefield and they laugh at you when they hear it. It is said: "Small mouth, big talk." We are establishing heaven. No one else would know how to say the things that you speak of. The unlimited Father comes and tells you big things with this small mouth. They must be referring to Krishna when they speak of "small mouth and big talk." However, Krishna is young anyway. The mouth of a child would definitely be small. In fact, it is said of God that He has a small mouth and talks big. Baba is the Lord of the Poor. He comes and makes everyone so wealthy. He enters an old body. You are poor, Bharat is poor and so Baba comes and becomes the Lord of the Poor for them. You say that Baba comes and changes hell into heaven. These are such big deep matters. People ask: How will He change Bharat into heaven? How is that possible? Look what this *college* is like, who is teaching you and how you claim such a high status! Look how you are sitting here. It is a *wonder*. It will be like this every cycle. Whatever happened from the beginning, how the Father came etc., all of it will *repeat*. He sits here and explains to this one: You don't know your births. I am telling you this. Only those who had faith in the previous cycle will have this faith. Maya is no less. Sometimes, you have faith and you inspire others to have faith, but Maya still makes your intellects have doubt. Even then, those who left, having had doubt in their intellects, are made to have faith in their intellects again. It is understood that the Father's *knowledge* is truly very *wonderful*. This is why it is said: Only God knows the ways and means of God. The Father, the Lord of the Poor, comes and makes you so wealthy. He changes the whole world. He *rejuvenates* it and gives it eternal life. Your body becomes *first-class*. You understand that you truly did have a long life span in the golden age. You shed a body and took another. Look what the conditions here have become! People continue to fear death. You children have had visions. When you went to the forest and someone came in front of you, he had a vision, "This one is a goddess", and he quickly ran away. Baba looks after you children so well. This is why you are called Shaktis. All other people will be afraid of you. They fear Kali so much. A fearsome form of Kali has been portrayed. You have had visions of that too. When a thief comes in front of you, he sees your form of Kali and runs away. Baba looks after you and protects you so much. From whom? From Ravan. He continues to give you methods: If you continue to remember the Father, Maya will not even dare to come close to you. Therefore, the Father explains: Definitely keep a *chart* with you. Yours is also a *race*. When a *race* takes place, there are people to watch those in the *race* to make sure no one cheats. You have to follow shrimat. This is why the Father says: Remember Me. Maya will bring many sinful thoughts. You will think: Previously, I never even had such thoughts. Now that I have become old, why do I have such thoughts? You will even have many dreams. You mustn't be afraid of the storms of Maya. Never become burnt with the fire of lust. The Father has explained: Everyone has been sitting on the pyre of lust and has become completely burnt at this time. They continue to perform dirty actions. Abroad, they give a prize to those who have four or five babies at the same time. There is a great deal of such news in the newspapers. Baba is giving you the news of the whole world and of what is happening everywhere. You can tell from the *radio* if a big war is taking place somewhere. You children know that you are now becoming very wealthy; you are becoming the masters of heaven. The subjects there will also

be very wealthy. For them, too, nothing is unavailable for which they would have to create *inventions*. Krishna is very wealthy. Does Shiv Baba have money? Krishna is a master of Paradise. You know that your *aim* and *objective* is so high. This Lakshmi and Narayan truly were the empress and emperor. They are not that now. The Father is now making them like that once again. They are now so poor, but they used to be so wealthy. Only you know the *history* and *geography* of Lakshmi and Narayan. Is there any person who knows the story of his 84 births? You now receive such elevated teachings. It is only the one Father who tells you all of this. So many temples are built to Him. You would say: We used to rule the kingdom. We have so many temples built to us. By thinking about these things throughout the day you should remain cheerful. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### **Essence for dharna:**

1. Don't be afraid of the storms of Maya. Run the *race* of remembrance. Keep a *chart* of remembrance. Remembrance is your means of *safety*.
2. We are establishing an elevated kingdom by following shrimat. We are *unknown* but *very well-known warriors*. Maintain this spiritual intoxication.

**Blessing:** May you be a constant server who serves with your elevated vision, attitude and actions. Just as your body cannot continue without breath, similarly, service is the breath of Brahmin life. Just as you become unconscious when you cannot breathe, in the same way, if a Brahmin soul is not *busy* in service, he becomes unconscious. So, continue to serve at every moment with your elevated vision, attitude and actions. If you do not get a *chance* to serve with your words, then serve through your mind. When you do all types of service, you will receive *full marks*.

**Slogan:** The throne of the stage of a detached observer is the throne for making accurate decisions.
