

**16/07/18      Morning Murli Om Shanti      BapDada      Madhuban**

**Essence:** Sweet children, don't commit a sin and then hide it. A lot of punishment is accumulated by those who hide their sins and secretly sit in a gathering. Therefore, remain cautious. Never make the severe mistake of indulging in vice.

**Question:** By keeping which aim constantly in front of you will you continue to move forward in your efforts?

**Answer:** Aim to become a worthy child of the Mother and Father and seated on the heart throne. *Follow the Father* at every step. Don't perform any such activity through which you would become someone who defames the name of the clan. Such worthy children consider themselves to be pilgrims and remain constantly on the pilgrimage. Pilgrims never become impure on a pilgrimage. If someone is influenced by vice, he becomes completely crushed and all truth is destroyed and he becomes very unhappy.

**Song:** Do not forget the days of your childhood!

Om shanti. This song is only for you children. If, after saying "Mama, Baba" you fall into vice, then you should understand that you have died. This is a destination where great caution is needed. I am a child of that Supreme Father, the Supreme Soul, and I am without an image. In fact, I do not have an image while I am there. Then I adopt an image, experience 84 births and then become an adopted child of God. If you have the faith of being an adopted child and you then indulge in vice, you die. You understand that the Father is the One who gives happiness, but He is then also the One who takes the full account through Dharamraj. The Father doesn't cause sorrow. He is the Bestower of Happiness, but Baba has explained that, just as the *Government* has a Dharamraj with it in the form of the *Chief Justice*, who makes people take an oath, so, too, here, God Himself, says: If you fall into vice and become impure and don't tell Baba about it, there will continue to be one hundred-fold punishment. If, after becoming a child of the Father, you secretly indulge in vice and don't tell Baba about it, you would die completely. Then, no matter how much effort you make, you wouldn't be able to gain victory. Baba is warning you! There are many children who hide things from Baba. It is a great sin to indulge in vice. When you hide something, you die. It would be better if such ones didn't become the children. When a child is unworthy, his father would say: Better the child were dead! No one should think that Baba doesn't know anyway. Yes, this Brahma is baharyami (the one who knows everything external) and he doesn't know, but that Baba knows very well. The Father says: I have to give happiness. Everyone receives punishment according to their actions. Baba tells everyone. In that, too, the women have to remain very cautious. You must never tell lies. Baba is more merciful to the women than to the men because the women have been harassed a lot. The Father comes and places the urn on the mothers and therefore the mothers have a great *responsibility*. Baba doesn't emphasise anger as much as He does lust. In fact, no one impure can sit in this gathering. Sometimes Baba has to go and meet impure ones. Eminent people are more impure because they have a lot of wealth. This is why the mothers called out to be protected from being stripped. All are unhappy. Having heard the call of the mothers the Father has come. Mothers should remain very cautious. The names of the mothers are Pukhraj pari, Neelam pari (angels having names of different jewels). Baba cautions you: Here, devils are made into deities. Impure ones are called devils. This whole world is impure and devilish; not a single person in the impure world is pure. It is explained about sannyasis that they are not as pure as deities. They still reside in the impure world and they belong to the path of isolation. In the golden age, all were pure and completely viceless. You have come here to become completely pure because this world is completely impure. Not a single one is pure. The silver age is said to be two degrees fewer. In the golden age, they are 16 celestial degrees, and then, in the silver age, there are two degrees fewer. In fact, the silver age cannot be called heaven. Heaven is the golden age. You

children have to make preparations for the golden age. If you fall into vice, you cannot go to heaven. The main thing is not to become impure. Shiv Baba knows, but how much can He ask each one? After becoming impure, if you hide it, severe punishment will have to be experienced. The *tribunal* will sit and this Baba will also sit. Dharamraj, too, will sit. Then Dharamraj will tell you: At that time you indulged in vice and you then came and sat in the gathering. You didn't tell Baba. Now there has to be punishment. Therefore, Baba says: Remain very cautious! You cannot indulge in vice and then sit here. Many such people go and sit at the *centres*. Baba knows, but if He were to tell them not to sit here, they would become devilish at some point and create obstacles. They would become *traitors* and begin to cause upheaval. This is called the impure kingdom, the world of thorns. There are no kings or queens. As are the senior *ministers*, so the people. They would not understand these things. You should remain honest with the true Baba. The Lord is pleased with an honest heart. He will open the locks on your intellects. If your heart is not honest, the lock will not open and you will then continue to wilt. There will continue to be obstacles and this is why Baba explains to you in advance. It is also written in the scriptures: Devils would come and secretly sit in Indraprasth. People come and sit just like that here and at the *centres*. They come to see what we do and then sit there looking at the kumaris and causing mischief. The unlimited Father now comes and explains to you children, but the world doesn't know. They have put Krishna's name instead of the Father's in the Gita. God Himself is the Ocean of Knowledge and He Himself sits here and explains. You have to remember that Father because you now have to return home. You are now on the pilgrimage of remembrance. No one indulges in vice while on a pilgrimage. This is a long journey. You are on the pilgrimage for as long as you live. If you indulge in vice while on the pilgrimage, you become completely crushed. Always remember that you are on a pilgrimage and that you mustn't indulge in vice. The world nowadays is very dirty. Even guides on a pilgrimage are very dirty. Baba is very experienced. The Father comes and uplifts the kumaris and mothers more than others. The name "Jagadamba Shakti Army" is remembered. Baba explains: You have to remember that whatever actions you perform, others who see you will do the same. If BKs have any vices, body consciousness or greed etc., they are not able to do *serv ice*. They would *fail* and their students would then become upset. If a BK is good, she will definitely manage a shop well. Those who do good *serv ice* become emperors and empresses. Less *service* and you would become maids and servants of the emperors and empresses. Lakshmi and Narayan will have maids and servants; they live with the *kings* and *queens*. Here, you are changing from human beings into deities. You are on a pilgrimage. If you forget the pilgrimage, if you forget Shiv Baba and the *sweet home*, you will be slapped very hard by Maya. You have to make a lot of effort. Remain safe from the vices. Nothing can remain hidden here. Nothing can remain hidden from Shiv Baba. He has to give punishment. It is said: *Follow the Mother and Father*. The *Father* would not do anything like that. Many children come to Baba and Baba can tell from their conversation whether someone is impure or hardly remains pure. Baba has doubts and He then has to explain in the murli. Many hide this. It is very bad to indulge in vice on a pilgrimage. You will then not be able to be threaded in the rosary of victory. If you wish to become part of the sun dynasty, then, never become impure on the pilgrimage. Children continually forget that they are on a pilgrimage. Some don't remember Baba for even an hour or half an hour throughout the day. It is very difficult for them to stay in remembrance of Baba. Then, they go into a *royal* clan but claim the status of maids and servants. You must definitely make effort and become seated on the throne of the mother and father. Otherwise, the Father would say that you are an unworthy child who is not moving along very well. You Brahmins are on a pilgrimage. If you behave badly and defame the name of the clan, you will experience a lot of punishment. You have been *jailbirds* in the womb for birth after birth. At this time, all human beings are *jailbirds*; they repeatedly continue to experience punishment. You now have to go into the palace of a womb. Therefore, you should make so much effort. No matter where you may be sitting, on a *train* or anywhere else on the pilgrimage, you have to stay in remembrance. You all say that you will marry Lakshmi or Narayan. Therefore, first become like that. If you don't attain a status, what did you do? Baba continues to caution you. When you come to Baba, Baba makes you laugh and entertains you very well.

Some are insects of attachment just like monkeys. Their intellects' yoga with their friends and relatives doesn't break at all. Those who become impure even write to Baba: Baba, I was defeated. I fell into the *gutter* of vice. They become completely crushed. Baba continues to caution you: You are on a pilgrimage. There shouldn't be the vice of lust here, otherwise you will become very unhappy. You have to claim your inheritance of Paradise from the Father and so don't ruin everything you have, even by mistake. Lust is the greatest enemy. It causes you sorrow from its beginning through the middle to the end. In the land of death, everyone continues to experience sorrow from the beginning through the middle to the end. The golden age is called the land of immortality. You receive the sovereignty by listening to the story of immortality from Shiv Baba, the Lord of Immortality. The old mothers and the kumaris have been saved from vice and the widows are very fortunate. Shiv Baba is the Husband of all husbands. If you come to God's school and listen to the murli, you will hear new things. The unlimited Father makes you into the masters of heaven, the pure world, and so you should instantly become pure. If you continue to choke and drink poison, you won't be able to imbibe. A golden vessel is required. The Father has to become egoless and come into the impure world. Only the children know Me. Among them too, Maya catches hold of some by their nose and makes them fall; they don't have *regard*. Oho! God is teaching us! We are so fortunate! Baba is sitting in such an ordinary body. You children also have to become egoless. He is the Incorporeal. He cannot have arrogance of a body. You too become egoless. When you die, the world is dead for you. We now have to go to Baba. Why should you remember this graveyard? If you continue to talk to yourself in this way, your mercury of happiness will rise and you will remain constantly cheerful. We are on a pilgrimage with Baba. Baba has come to take us back home. It should not be that Maya cuts off your ears. Then, even though you listen, you won't be able to imbibe knowledge; your mercury of happiness will not rise. If you donate to many others you will continue to receive blessings from many. The path of knowledge is for you to remain very sweet with everyone. You mustn't become salt water. Fulfil your responsibilities to the vicious relationships and the divine relationships. Become loving to both sides. The Father is pleased to see His worthy children. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

### **Essence for dharna:**

1. We are now on a pilgrimage, and we therefore have to move along very cautiously. We definitely have to remain pure.
2. Become egoless, like the Father. We have to go to Baba. Therefore, remove your attachment from everyone. Talk to yourself and remain cheerful.

**Blessing:** May you be a spinner of the discus of self-realisation and remain constantly free from any spin of sorrow and also liberate others from that.

When children who are influenced by their physical senses say, "Today, I was deceived by my eyes, mouth or drishti", to be deceived means to experience sorrow. People of the world say, "I didn't wish to be involved but I got caught in a spin." However, the children who are spinners of the discus of self-realisation can never be caught in any type of spin of deception. They are the ones who remain free from any spin of sorrow and they also liberate others. They are the ones who, as masters, make their physical senses function.

**Slogan:** Be seated on your immortal throne and maintain your elevated pride and honour (shaan) and you will never then be distressed (pareshaan).
