

Essence: Sweet children, become nightingales of knowledge and do the service of making others equal to the Father. Check how many you have made similar to yourself and what your *chart* of remembrance is like.

Question: What *promise*, which human beings cannot make, does God make to His children?

Answer: God *promises*: Children, I will definitely take you back to My home. If you follow *shrimat* and become pure, you will go into liberation and liberation-in-life. Everyone has to go into liberation. Whether someone wants to or not, I will force him to settle his karmic accounts and take him back home. Baba says: All of you go into your stage of retirement when I come. I take everyone back.

Om shanti. You children should now pay attention to your study. You have to imbibe all the virtues of the praise that is remembered: Full of all virtues, 16 celestial degrees full. Check whether you have these virtues in you. The attention of you children will be drawn to whoever becomes this. All of this depends on your studying and teaching others. Ask your heart: How many do you teach? No one has yet become a complete deity. When the moon becomes full, it gives so much light. Here, too, it is seen that you are numberwise according to your efforts. You children can understand this and the *Teacher* also understands. His vision falls on each one to see what each one is doing. What *service* is he doing for Me? He looks at the flowers. All are flowers. This is a garden. Each one of you knows your own stage and your own happiness. Each of you feels your own individual level of a life of supersensuous joy. Firstly, you have to remember the Father very much. It is by remembering Him that you receive a *return*. You children are shown a very easy way to become satopradhan from tamopradhan: the pilgrimage of remembrance. Each one of you can ask your heart: Is my *chart* of remembrance fine? Am I making others similar to myself? You are nightingales of knowledge. Some are *parrots* and others are something else. You mustn't become a pigeon. You have to become a *parrot*. It is very easy to ask yourself internally: To what extent do I remember Baba? To what extent do I stay in supersensuous joy? You have to change from human beings into deities. Human beings are human beings. Whether they are *male* or *female*, they are human beings. You now imbibe divine virtues and become deities. None, apart from you, are going to become deities. You come here to become members of the deity clan. There, too, you are members of the deity clan. There won't be any sound of conflict or jealousy. In order to belong to such a deity family, you have to make a lot of effort. You also have to study in a disciplined way. You must never *miss* studying. Even if you are ill, your intellect should have remembrance of Shiv Baba. There is no need to use your mouth for that. Each of you souls knows that he is Shiv Baba's child. Baba has come to take us back home. Very good *practice* of this is required. No matter where you are, stay in remembrance of the Father. The Father has come to take you to the land of peace and the land of happiness. It is so easy! There are many who are unable to imbibe very much. OK, then stay in remembrance. All of you sitting here are children. It is numberwise in that too. Yes, you definitely do have to become that. You definitely remember Shiv Baba. You all break away from others and connect yourselves to the One alone. You do not have remembrance of anyone else, but you do have to make effort here till the end. You do have to make effort. Internally, let there be remembrance of one Shiv Baba alone. When you go out touring or sightseeing, let there be remembrance internally of the one Father alone. There is no need to use your mouth. The study is very easy. He teaches you and makes you the same as He is. You children have to reach such a stage. Just as you came in the satopradhan stage, so you have to go back in that stage. This is so easy to explain. While doing all your housework and walking and moving around, you have to make yourself into a flower. Check that you don't have any confusion in you. The example of a diamond is very good for checking oneself. You yourself are the *magnifying glass*. So, check yourself: Do I have the slightest body consciousness in me? You are all effort-makers at this time, but you have your *aim* and *objective* in front of you. You have to give everyone the message. Baba had said: It doesn't matter if it costs something to print it in the papers; at least everyone would receive this message. Tell them: Remember the one Father and your sins will be absolved and you will become pure. No one is pure now. The Father has explained: Pure souls exist in the new world. This old world is impure. There cannot be a single pure being here. When a soul becomes pure, he sheds his old body; he has to shed it. By continuously staying in remembrance, you souls will become completely pure. We each came from the land of peace as a completely pure soul and sat in the palace of a womb. Then we played those long *parts*. The cycle has now ended and you souls will go back to your home. From there, you

will go to the land of happiness. There, a womb is a palace. You still have to make effort to claim a high status. This is a study. Now, hell, the brothel, is to be destroyed and the Temple of Shiva is being established. Everyone now has to go back home. You understand that you will shed those bodies, go to the new world and become *princes* and *princesses* there. Some of you think that you will become part of the subjects. The *line* of your intellects should be very *clear*. Let there only be remembrance of the Father and nothing else. This is known as being a pure *beggar*. Even your body should not be remembered. Those are dirty old bodies. It has to remain in your intellects that you have to die alive here. We now have to return home. We had forgotten our home. The Father has now reminded us. This play is now coming to an end. The Father explains: All of you are in the stage of retirement. At this time, all human beings in the world are in their stage of retirement. I have come to take all souls back, beyond sound. The Father says: It is now the stage of retirement of all of you, young and old. You didn't know what is meant by the stage of retirement. You just used to go and adopt gurus. You have been made to make effort for half the cycle by your worldly gurus, but they have no knowledge. The Father Himself now says: It is now the stage of retirement of all of you, young and old. Everyone is to receive liberation. Young and old, all will die. The Father has come to take everyone back home. You children should be very happy about this. Here, you feel sorrow and this is why you remember your *sweet home*. You want to go home, but you don't have that sense. People say: We souls now want peace. The Father says: For how long do you want it? Each one of you has to play your *part* here. No one can remain peaceful here. For half the cycle, those gurus etc. have made you make a lot of effort. By making effort and wandering around, you have become even more peaceless. The One who is the Master of the land of peace has now come and He will take everyone back home. He also continues to teach you. People do devotion in order to go to the land of nirvana and for liberation. It would never enter anyone's heart to want to go to the land of happiness. Everyone else is making effort to go into the stage of retirement, whereas you are making effort to go to the land of happiness. You know that, first of all, there definitely has to be the stage beyond sound. God even *promises* you children: I will definitely take all of you children back to our home. It is for this that you have been doing devotion for half the cycle. Now if you follow shrimat, you will go into liberation and liberation-in-life. However, everyone has to go to the land of peace anyway. Whether someone wants to go there or not, everyone definitely has to go according to the *drama*. Whether you like it or not, I have come to take everyone back. I will even force you to settle your karmic accounts and take you back. You will go to the golden age and all the rest will reside beyond sound in the land of peace. Baba will not leave anyone out. Even if you don't want to go, there will be punishment and beating and I will then take you with Me. Such is the *part* in the *drama*. Therefore, if you go, having earned your income, you will also receive a good status. What happiness will those who come at the end receive? The Father tells everyone: You definitely have to go back. All the bodies will be set on fire and I will take all the souls back. It is the souls who have to go back with Me. If you become full of all virtues, 16 celestial degrees, according to My directions, you will receive a good status. You have called Me to come and bring death to all of you. Now, death is almost here. No one is going to be left out. The dirty bodies cannot remain. You have called Me to take you back. Therefore, the Father now says: Children, I will take you back from this dirty world. Your memorial is also here: there is the Dilwala Temple. It is the Temple of the One who wins your heart. Adi Dev is sitting there and Shiv Baba is also there. Both Bap and Dada are there. Baba is present in this one's body. When you go there, you see Adi Dev. You souls know that this is BapDada sitting here. The memorial of the *parts* you play at this time is also here. There are the elephant riders, the horse riders and the infantry (foot-soldiers). That is non-living whereas this is the living. There is also Paradise up above. You come here having seen those *models*. You know what the Dilwala Temple is like. Every cycle, that temple is built in the same way so that you can go and see it. Some people become confused about how all of these mountains etc. were broken down and how they will become the same again. How? You should not think about such things. Even heaven doesn't exist now, so how will that come again? Everything can be created by your making effort. You are now making preparations to go to heaven. Some people become confused and even stop studying. The Father says: There is no question of becoming confused about this. We will make everything of our own there. That will be the satopradhan world. You come back having seen the fruit and flowers etc. of that world and you also drink mango juice. None of that exists in the subtle region or the incorporeal world, but it all exists in Paradise. The *history* and *geography* of the world repeat. There should be

this firm faith. However, if it is not in someone's fortune, he would say: How can all of that be possible? How can there be the diamonds and jewels which you hardly see nowadays? How would we become worthy of worship? The Father says: This play of being worthy of worship and worshippers is predestined. We are Brahmins who then become deities, warriors, merchants etc. By knowing this world cycle, you become the kings who rule the globe. You understand this and that is why you say: Baba, we met You in the previous cycle too. The temple of our memorial is just in front of us. It is only after this that heaven will be established. The pictures that you have are a wonder. People come and look at them with so much interest. No one in the whole world would have seen such pictures; nor can anyone make such pictures and give you knowledge. No one can *copy* you. These pictures are treasures through which you become multimillion times fortunate. You understand that you have multimillions in your every step. They are the steps of your studying. The more yoga you have and the more you study, the more multimillions you will receive. Maya will also come to you with *full force*. It is only at this time that you become shyam-sundar (ugly and beautiful). In the golden age you were beautiful and *golden aged* and in the iron age you are ugly, *iron aged*. It is the same for everything. Here, the land is even barren. There, the land is *first class*; everything is satopradhan. You are becoming the masters of such a kingdom. You have become that many times. Nevertheless, you should make full effort to become the masters of such a kingdom. How will you receive your reward unless you make effort? There is no difficulty in this. Murlis are printed now, but, as you make further progress, they will be printed in the region of hundreds of thousands. Children say: Whatever money I have, I want to use that for the yagya. What would I do with it by keeping it all? Just see what happens as you progress further! You will also see the preparations for destruction. *Rehearsals* will continue to take place. Then, there will be peace. Children, you have all the knowledge in your intellects. It is very easy. You simply have to remember the Father. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Forget even that body and become a completely pure *beggar*. Keep the *line* of your intellect *clear*. Let it remain in your intellect that the play is now ending and that we are going to our *sweet home*.
2. There are multimillions in every step of studying. Therefore, study very well every day. Make effort to become a member of the deity clan. Ask yourself to what extent you are able to experience supersensuous joy. Do you have that happiness?

Blessing: May you have self-respect by making your stage powerful with the awareness of your *title*. At the confluence age, the Father Himself gives His children elevated *titles*, and so you have to keep spiritual intoxication of this. As you remember your *title*, so your stage becomes as powerful as that. For instance, your *title* is a spinner of the discus of self-realisation, and so as soon as you have this awareness, your looking at others finishes; in front of self-realisation, Maya's throat is cut. When you remember that you are a mahavir, your stage becomes unshakeable and immovable. So, together with being aware of your *title*, make your stage that powerful and you will then be said to be someone who has elevated self-respect.

Slogan: In order to fulfil the desires of wandering souls, increase your power of discernment.
