

Essence: Sweet children, in order to become part of the rosary of victory, constantly remember the Father. Do not *waste* your *time*. Pay full attention to this study.

Question: What *request* does the Father make of His children?

Answer: Sweet children, the Father *requests* you to continue to study well. Maintain the honour of the Father's beard. Do not perform any dirty act through which the Father's name would be defamed. Do not cause defamation of the true Father, the true Teacher and the Satguru. Promise that you will remain pure whilst you continue to study.

Song: Having found You, we have found everything; the earth, the sky, everything belongs to us.

Om shanti. Who sang: Having found You, we have found the kingdom, that is, the kingdom of the whole world? At present, you are *students* as well as children. You know that the unlimited Father has come to make you children into the masters of the world. You are sitting in front of Him and studying Raja Yoga. This means you have come here to study; you are studying to become *crown princes* and *princesses* of the world. This song is sung on the path of devotion. It is in the intellects of you children that you will become the emperors and empresses of the world. The Father is the Ocean of Knowledge. The *supreme* spiritual *Teacher* sits here and teaches you spirits. You souls understand with the senses of your bodies that you are sitting in this place of study in order to become world *crown princes* and *princesses*. You should have so much intoxication! Ask your hearts: Do we *students* have such intoxication? This is not a new matter. We come to the Father every cycle in order to become the *crown princes* and *princesses* of the world. As well as being the Father, He is also the *Teacher*. When the Father asks you what you will become, you all say that you will become the sun-dynasty *crown princes* and *princesses* or Lakshmi and Narayan. Ask your own heart: Am I making sufficient effort for that? The unlimited Father has come to give us the inheritance of heaven; He is our Father, *Teacher* and Guru. Therefore, He would definitely give the highest-on-high inheritance. See whether you have the happiness of studying today and becoming *crown princes* and *princesses* tomorrow. This is now the confluence. At present, you are on this side and studying to go across to the other side, to heaven. You will go there when you have become full of all virtues, 16 celestial degrees full. Ask yourself: Have I become worthy enough for that? It wasn't a matter of just the one devotee Narad; you were all devotees. The Father has now liberated you from performing devotion. You know that you have become the Father's children in order to claim your inheritance from Him. You have come here to become *crown princes* of the world. The Father says: Continue to live in your households. Those who are in the stage of retirement do not have to live in a household. Kumars and kumaris do not have a household; they have a *student life*. Students remain celibate whilst studying. This study is very elevated and you have to remain pure while studying and for all time. Having studied whilst remaining celibate, they then indulge in vice. Here, you remain celibate and study the full study. The Father says: I am the Ocean of Purity and I make you this too. You know that you remained pure for half a cycle. You made a firm promise to the Father. Baba, why shouldn't we become pure and become the masters of the pure world? He is such a great Father, even though the body He takes is so ordinary. The soul has intoxication. The Father has come to make you pure. He says: You have been indulging in vice and have now ended up in a brothel. In the golden age you were pure. Radhe and Krishna were a pure *princess* and *prince*. Look at the rosary of Rudra and the rosary of Vishnu. After the rosary of Rudra comes the rosary of Vishnu. The Father explains: In order to enter the rosary of victory, first of all, constantly remember the Father. Do not *waste* your *time*. Do not become monkeys chasing after those shells. Monkeys eat chick peas. The Father is now giving you jewels. So, what would your state become by continuing to chase after shells or chick peas? You would go to Ravan's jail. The Father comes and liberates you from Ravan's jail. He says: Your intellects must renounce all bodily relations, including with your own bodies. Have the faith that each of you is a soul. The Father says: I enter Bharat every cycle. I come and make the people of Bharat into *crown princes* and *princesses* of the world. He teaches you so easily. He doesn't say: You must come and sit here for four to eight hours; no. While living at home with your families, consider yourselves to be souls and remember Me. You will then become pure from impure. Those who indulge in vice are called impure. It is because the deities were pure that their praise is sung. The Father explains: The happiness here is temporary and short-lived. Sannyasis rightly say that happiness is like the droppings of a crow. However, they don't know how much happiness the deities have. The very name is the land of happiness. This is the land of sorrow. No one else in the world knows about these things. Only the Father comes every cycle to explain to us and to make us soul conscious. Consider yourselves to be souls. You are souls, not bodies. You are the masters of your bodies. Your body is not your master. Whilst taking 84 births you have now become tamopradhan.

Both you, the souls, and your bodies have become impure. By becoming body conscious, you committed sins. You now have to become soul conscious. You have to return home with Me. The Father says: In order to make both yourselves, the souls, and your bodies pure and clean, remain “Manmanabhav”. The Father *freed* you from Ravan for half a cycle and you are now being given that *freedom* again. For half a cycle, you can rule *freely*. There aren’t even the names of the five vices there. Now follow shrimat and become elevated. Ask yourself: To what extent do I have vices? The Father says: First, constantly remember Me alone. Do not fight or argue. Otherwise, how would you become pure? You have come here to make effort to be threaded in the rosary. If you fail, you will not be threaded in the rosary. You will lose the kingdom every cycle. You will then also have to repent a lot at the end. A *register* is kept for other studies too. One’s character is also examined. This too is a study. Wake up early in the morning and study on your own. You have to go to work during the day and so you don’t have time then. People perform devotion early in the morning. This is the path of knowledge. In devotion, while worshipping, their intellects remember one bodily being or another. Here, you remember the Father and you then start remembering your business etc. Your sins will be cut away according to how much you remain in remembrance of the Father. When you children have become totally pure from your efforts, the rosary will then be created. If you do not make full effort, you will become part of the subjects. If your yoga is good, if you study well and you *transfer* your *bags* and *baggage* to the future, you will receive the *return* of that in the future. When someone makes a donation in the name of God, he receives the *return* of that in his next birth. The Father says: I have now come to you *directly*. Whatever you do now is for yourself. People make donations and perform charity *indirectly*. That is how they help the Father. At this time, you help the Father the most. You know that all your money will be destroyed. Therefore, why not instead use it to help the Father? How would the Father establish the kingdom otherwise? We have neither an army nor weapons. Everything here is incognito. People give an incognito dowry to their daughter; they lock the suitcase and put the keys in her hand. Some give a dowry with a lot of external *show* whereas others give it privately. The Father says: You are brides. I have come to make you into the masters of the world. You help in an incognito way. You souls know that external splendour is worth nothing. This world is vicious and impure. The world population has to grow. Souls definitely have to come down. Because the birth rate is increasing, they calculate that there won’t be enough food. They have devilish intellects. You children have now received Godly intellects. God is teaching you so you should have so much *regard* for Him! You should study so well! There are many of you children who have no interest in studying. It should be in the intellects of you children that you are being made into *crown princes* and *princesses* by Baba. The Father says: Now follow My directions! Remember the Father! You repeatedly say that you forget. If a *student* repeatedly says that he forgets his lesson, what would the *teacher* do? If you do not remember Baba, your sins can’t be absolved. Would a *teacher* have mercy or give blessings to all his students so that they can all *pass*? There is no question of mercy or blessings here. The Father says: Study! Carry on with your business etc., but it is also essential for you to study. Become satopradhan from tamopradhan. Show this path to others too. Ask your heart: How much do I help the Father? How many others have I made similar to myself? The picture of the Trimurti is in front of you. This is Shiv Baba and this is Brahma. This is what you become through this study. You will become this again after 84 births. Shiv Baba enters the body of Brahma and makes Brahmins into these (deities). You have now become Brahmins. Now, ask your heart: Have I become pure? Am I imbibing divine virtues? Have I forgotten the old body? This is an old shoe. When you souls become pure, you will receive *first-class* shoes; you will leave your old costumes and put on new ones. This cycle continues to turn. Today, he is in an old shoe and he wishes to become a deity tomorrow. You become *crown princes* of the world for the future half cycle through the Father. No one can snatch that kingdom away from us. Therefore, follow the Father’s shrimat. Ask yourself how much you remember Baba and for how long you spin the cycle of self-realisation and enable others to do that. Those who do something will receive the reward of it. The Father teaches you every day. Everyone receives murlis. Achcha, even if you don’t receive them, you have been given the seven days’ *course*. This *knowledge* has entered your intellects. At the beginning, a bhatthi was created. Some were strong, but others were weak and so they left because of the storms of Maya. Some remain pure for six to eight months and then they become body conscious and destroy themselves. Maya is very powerful. You were defeated by Maya for half a cycle. If you are defeated now, you will lose your status. There are many levels of status, numberwise. Some will become kings or queens, some will become advisers, and some will become subjects. Some will have palaces of diamonds and jewels. Even some subjects are very wealthy; they have

palaces of diamonds and jewels. Here, the Government is in debt to its people. Therefore, are the people wealthy or is the Government wealthy? The saying, "In the land of darkness, the blind are the rulers", applies to this time. You children should now have the faith that you are studying to become the *crown princes* of the world. Does one forget at college whether one is becoming a *barrister* or an *engineer*? Some have storms of Maya as they continue to move along and they thereby stop studying. The Father makes one *request* of you children: Sweet children, if you study well you will claim a good status. Maintain the honour of the Father's beard. If you perform any dirty acts, you defame the name of the Father. Those who cause defamation of the true Father, the true *Teacher* and the Satguru can never claim a high status. At present, you are becoming like diamonds. Therefore, you should not chase after shells. When Baba had a vision, he quickly discarded all the shells. He thought: If I am to receive a kingdom for 21 births, what would I do with these? So, he gave them away. I am claiming the kingdom of the world. You also know that destruction has to take place. If you do not study now, it will become *too late* and there will be repentance. You children will have visions of everything. The Father says: You called out: O Purifier, come! I have now come into the old world for you and I am telling you to become pure. You fall into the dirt again and again. I am the great Death of all Deaths. I will take all of you back with Me. The Father comes and shows you the path to heaven. He gives you the *knowledge* of how this world cycle turns. This is unlimited *knowledge*. Those who studied in the previous cycle will come and study again. You will also have visions of that. You should have the faith that the unlimited Father has come, that God, whom we worshipped so much and longed to meet, has now come and is teaching us. We should at least meet that God, our Father. If you had this firm faith, you would come running to meet Him with so much happiness and enthusiasm. This is not a matter of cheating. There are many who neither become pure nor study. They simply want to come to Baba; they come here just to look around. The Father explains: You children have to establish your kingdom in an incognito way. Become pure and you will change from tamopradhan to satopradhan. Only the Father teaches you Raja Yoga; all the rest are hatha yogis. The Father says: Consider yourselves to be soul and remember Me, your Father. Have the intoxication that you have come to the unlimited Father to be made into *crown princes* of the world. Therefore, follow shrimat. Maya is such that she breaks your intellects' yoga. The Father is powerful, and Maya too is powerful. For half the cycle, there is the kingdom of Rama and for the other half, there is the kingdom of Ravan. No one knows this either. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and *good morning* from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Always maintain the intoxication that you are studying today and that you will become *crown princes* and *princesses* tomorrow. Ask your heart: Am I making enough effort? Do I have that much *regard* for the Father? Do I have an interest in studying?
2. Become an incognito helper in the Father's task. *Transfer* your *bags* and *baggage* to the future. Do not waste time chasing after shells, but make effort to become like a diamond.

Blessing: May you be a jewel of contentment and become an embodiment of success in service with the speciality of contentment.
The special virtue for service is contentment. It is called service but if you are *disturbed* by it or it *disturbs* others, then it is better not to do such service. Where there isn't contentment with yourself nor contentment with contacts, then that service will neither give you nor others the fruit of attainment. So, first of all, stay in solitude and transform yourself with the blessing of being a jewel of contentment and then go onto the field of service. Only then will you become an embodiment of success.

Slogan: Do not waste your time in breaking a rock of obstacles, but take a *high jump* over it.
