

Synopsis: Sakar Murli February 12, 2015

1. The One who teaches us is the **Ocean of Knowledge**. He is the **Purifier, the Bestower of Salvation** for All. The Father says: I give you knowledge. You become deities. Your religion is deityism. This knowledge will then no longer exist. You are in the light. You know the story of the 84 births of this one.
2. All human beings know that there is a soul in each of them. They say “living being” do they not? Originally, we are souls, then we receive bodies. No one has seen his or her soul; they only understand that they are souls. ***A soul can be understood but cannot be seen.*** This is called “self-realisation”. Through your divine vision you are able to see your own home as well as heaven.
3. The Father says: “Manmanabhav” and “Madhyajibhav” means: Remember the Father and the land of Vishnu. This is your aim and objective. Race! Remember the Father well and also teach others. You are the Father’s helpers (**Khudaaai khidmatgaar**). “The Helpers of God”; “The Salvation Army”.
4. Don’t perform any sinful actions. Don’t have attachment to bodily beings. This body is made up of the five elements. You may see through those eyes but you have to remember the Father. We are now to go home and we will then go to Paradise.
5. Only the Father comes and makes everyone belong to the Lord and Master. The Parent comes and puts an end to all fighting in the whole world and then there are the cries of victory. Here, the majority are mothers. People also consider them to be servers. The Father now comes and puts the mothers in front. No one can have victory over you. The Father is teaching you all the laws.
6. Shiv Baba, through Brahma, is establishing the deity religion, that is, the new world; the old world is destroyed through Shankar and then He sustains the new world through Vishnu. Let this be proven. *Brahma becomes Vishnu; Vishnu becomes Brahma.* There is a connection between the two. *Brahma and Saraswati then become Lakshmi and Narayan.* **The ascending stage happens in one birth and the descending stage takes 84 births.**

Blessing: May you accumulate in your account of charity (punya ki poonji) by knowing the importance of every thought at every second and become a multimillionaire (padmaapadampati).

You charitable souls have so much special power in your thoughts that you are able to make the impossible possible (asambhav sambhav) with this power. Just as, nowadays, they are able to make the desert (registaan) flourish with their instruments and able to make flowers grow on mountains, similarly, with your elevated thoughts, you are able to make those who have no hope (na ummidvaar) into those in whom there is full hope (ummidvaar). Simply know the value of every thought at every second and use your thoughts and seconds and accumulate in your account of charity. The power of your thoughts is so elevated that even one thought makes you a multimillionaire.

Points to churn from the blessing:

We, the souls, are the stars of hope and the fortunate souls who awaken our own fortune as well as the fortune of the world...we let the past be the past and make every thought of the present and the future elevated...we do not get trapped in any bodily beings through our thoughts or deeds...by not touching the snake of the vicious body we do not burn the charity performed in the past...by repenting for our past mistakes from our hearts, clearing them with the Father and thus finishing our burden, we become those who have all the rights to all the attainments... by accumulating through our experience of knowledge, by the attainments experienced through remembrance, by service done through our body, mind and wealth, we stand in the line of those who have attained something...

By being great donors (mahadani) and the bestowers of blessings (vardani), we, the perfect and complete souls, with our powerful stage, donate experience to the weak souls and perform charity at the end of the cycle, become worthy of worship and worthy to be praised from the copper age by them.....
