

## Happy Satguruvar! Synopsis: Sakar Murli February 05, 2015

1. Shiv is God and He comes in this one age every cycle and changes Bharat from hell into heaven. He changes beggars into princes. He purifies the impure. He is the **Bestower of Salvation** for all. It is Shiv Baba who is teaching us Brahmins. The Father has come to take us souls back home. No one but the Father can change you from a stone into a diamond. You have come here to have your intellects made divine. Bharat truly was the “Golden Sparrow”.
2. You are Raj Rishis and unlimited sannyasis. No one but you Brahmins can teach Raja Yoga. This is the nectar of knowledge. Those who understand clearly are real children, whereas those who understand nothing at all are stepchildren. Stepchildren never become heirs. Real children (**maatele**) are those who follow the Father’s shrimat completely, whereas stepchildren (**sautele**) do not.
3. “Om” means: I am a soul and this is my body. People say, “Om shanti”. The soul gives his own introduction. I am a soul and my original religion is peace. I, the soul, am a resident of the land of peace. It is only when you become bodiless that you can have peace.
4. This is the Court of Indra (**God who rains knowledge**). The Father explains that Ravan is your enemy. *The wonder of Ravan is that, although people continue to burn effigies of him, he never dies.*
5. The remembrance of you children is accurate. You consider yourselves to be distinct from your bodies. Simply consider yourself to be a soul and remember the Father. **Do not remember the devil spirit.** Baba is making us into the masters of the whole world. He makes us into the masters of the whole earth, sea and sky.
6. Whilst living at home with your family, keep your intellect in yoga with the Father. You now have to become soul conscious. Your sins will be absolved to the extent that you remember the Father. You have now received the third eye of knowledge. You now have to become conquerors of sinful actions. *That is the age of those who have conquered sinful actions, and this is the age of those who perform sinful actions.* **You gain victory over sinful actions with the power of yoga.**

**Slogan: Take one step of courage (himmat ka ek kadam) and the Father will give a thousand steps of help.**

**Points to churn from the slogan:**

We, the souls, are the avyakt angels in the flying stage, stabilized in our avyakt stage , who have benevolent feelings, feelings of being loving and co-operative, feelings of increasing courage and enthusiasm, feelings of being soul conscious, and the feeling of belonging and good wishes constantly, for all...by constantly holding the hand of shrimat and having the Almighty Authority Father with us, we consider Maya to be a game and a paper tiger, the attacks of Maya to be gifts, the storms of Maya to be gifts and watch them as detached observers...we are the master almighty authorities who are constantly victorious over Maya...

We are the most fortunate souls in the whole world, with a right to claim the fortune of a kingdom... we are courageous and enterprising...by making full effort we conquer Maya, create tactics to remain pure, and remain as pure as a lotus flower while living in a household...by following shrimat we attain happiness and give happiness to others through our behaviour, activities and faces...we remain very sweet while interacting with one another and do not get trapped in familiarity...

With a planning intellect we are the embodiments of success...by enabling others to attain something through love, cooperation, courage, enthusiasm, and by giving them all powers, we claim the certificate of contentment from everyone, and attain everyone's blessings of love and their contentment...we are maharathis full of all divine virtues, qualities and specialities, with the power to mould ourselves and become real gold...

By not taking the law into our own hands, and by remaining love-full and lawful, we glorify the name of the Father.....by knowing the straight and simple path to the land of peace and the land of happiness, we, the real children, increase the intensity of our efforts, and with the intoxication of knowledge become Narayan from ordinary people...
