

**Beloved Avyakt image, Mother, Father, BapDada's loving instrument teachers who are always merged in God's love, and brothers and sisters of this land and abroad who are the decoration of the Brahmin clan, please accept sweet, spiritual love-filled remembrance.**

This new type of "avyakt meeting" in the drama is filling all the children with new zeal and new enthusiasm. Look, all the children everywhere are celebrating an avyakt meeting with BapDada online and becoming very happy. With the vehicle of their intellect, each one has reached their home Madhuban in a subtle form. This first turn has begun with the Uttar Pradesh (UP) zone. Some main teachers and brothers from there have come to Shantivan and are doing 3 days tapasya bhatthi. All are paying attention to social distancing and also wearing masks for their own protection and also for the protection of the family. This is also a new scene of the drama that we are all witnessing as detached observers. Singing songs of "Wah Baba, wah! Wah drama, wah!", all are very happy. Everywhere, with facilities of science, they are having very good experiences. Today, sweet Baba has drawn the attention of the world server children: As well as serving with words, also serve with your mind. All brothers and sisters are definitely practicing this anyway. Baba says: Children, now become a conqueror of Maya, a conqueror of the mind and a conqueror of the world and always be *ever-ready*. Since the Father is your Teacher, do not make time your teacher. Make intense effort in advance and *pass with honours*. Listening to such sweet inspirational elevated versions, everyone will definitely make special effort according to this *homework*. Achcha. Lots of remembrance to all.

**While doing service through your mind of giving souls even a drop, make intense effort**

**over a long period of time and remain *ever-ready* and you will become a bead of the rosary.**

Today, the Father, the Ocean of Love, has come to meet His loving children. The children remembered "My Baba, come!" and so the Father says: My loving children, love has such an attraction that every child has made the Father belong to them and the Father said "My child" to every child and merged each child in Him. It is a wonder! The children said "My Baba" and the word "my" is filled with so much love that the Father also said "My children!" Love is such that it completely changes you from what you were. Waves of love are flowing from the forehead of every child and BapDada is pleased to see this. Love is the means with which to make someone's heart belong to you. Seeing the waves of love flowing from each child, BapDada was very pleased.

BapDada is now going to conduct a five *minute drill* with all of you. Save all your devotees and unhappy and peaceless souls who are remembering you and calling out: "O our ancestors, give us peace for even a short time. Give us a drop of happiness". With the power of your mind, while sitting here, make those souls *emerge*. Can you hear them calling out, "Save us! Save us!?" Enable rays of happiness and peace to reach such souls with the power of your mind. Repeatedly continue to serve through your mind in this way because, together with the Father, you children are also world servers. Just as you become instruments to serve through words throughout the day, in the same way, every now and then, continue to practise serving through the mind. There is also benefit for you in this because if your mind remains constantly *busy* in service, you will then be saved from the useless and wasteful thoughts that Maya creates in between. You will not have to work hard. What response would you give if BapDada were to ask you now how you are? "That you are making effort, but sometimes..." You are not making effort all the time. BapDada now wants to see the end of the word "sometimes" in the *record* of all the children. Is it possible for the word "sometimes" to finish? Will you be ready when the time comes? Instead of "It is happening or "It definitely has to happen", can you become *ever-ready*? Why? If you make the sanskar of being a conqueror of Maya, a

conqueror of the mind and a conqueror of the world your practice over a long period of time, then in the final moments, this practice over a long period of time will also make you victorious and make you a bead of the special rosary. You will then *pass with honours*. Not just *pass*, *pass with honours*. So speak! Do you have this courage? You want to *pass with honours*, do you not? They are the ones who become worshippers from the copper age till now, that is, they become beads of the rosary. You have the pure thought to make yourself a bead of the rosary, do you not?

Every day at amrit vela, BapDada looks at the beads of His rosary and has a special celebration with them. Do all of you consider yourselves to be beads of a rosary? There is also another rosary of 16,000, but that is the *second* rosary. The special rosary that is worthy of praise and worship is the first rosary. Today, BapDada was seeing those beads, because, together with Brahma Baba, it is they who specially claim a right to the kingdom. Today, Father Brahma was seeing his intense effort-making children of the present time and, of course, only two would sit on the future throne of the kingdom, but the first rosary is of those who are companions in the kingdom. Have you *checked* yourselves? You will return home with BapDada because it is now the *return journey* for all of you. Since you have to return anyway, you will return with the Father, not alone. So, who will be the beads that are close and return home with the Father? Those who are intense effort-makers over a long period of time. Not just effort-makers, those who only do something sometimes. Only those who have been equal to the Father over a long period of time will claim a right to the kingdom. So, what do you think? Are you making intense effort? Those who feel that they are in the *line* of effort-makers should raise their hands. Those who are intense effort-makers, raise your hands high! You are raising your hands very low. Achcha, many of you are raising your hands. Raise your hands high once again! Not (low) like that. Achcha.

BapDada sees the children's *chart* every day. The *majority* are intense effort-makers but they also add the word "sometimes" to it. However, what is the Father saying? *Attention please!* There should not be any upheaval even in your subtle thoughts. You definitely have to be unshakeable, immovable and one with pure thoughts over a long period of time. Some children have a very sweet heart-to-heart conversation. They say: Baba, we will definitely become ready because as the time comes closer there will be more situations of upheaval and so there will *automatically* be disinterest. However, then who is your *teacher*? Time or the Father? Time is your creation. The Father is now signalling to you that intense effort over a long period of time will make you *pass with honours* at the end. Everyone will *pass*, but, in order to *pass with honours* it is essential to make continuous intense effort over a long period of time. Therefore, *note* down today's date. If, even now, it is "sometimes", if you think that *something* will happen, if you continue to use these words in the future..... The Father's love is always there. He has love even for the *last* bead. Why? They have said "My Baba" from their heart. Even great souls of today do not say "My Baba" but they at least believe "My Baba", and so the Father loves them too. The Father constantly has love for the children; till the *last* moment and even for the *last* one. It is love that has made you belong to the Father. BapDada has also said that the *majority* of you have love for BapDada and it will remain, but you don't need just love, you also need power. You also need to make intense effort.

BapDada has *faith* in the children and this is why He is giving multimillionfold congratulations to the children from now. Wah children! wah! You are courageous. With your courage, you will definitely receive the Father's help. Now, do one thing. In order to keep your mind *busy*, just as the Father had earlier told you to put a *stop* in a *second*, you are a point and you have to put a point and see everyone as a point. When you see everyone as a point you will not have any other thoughts. Pay *attention* to serving through your mind! So many unhappy souls are crying out and so you have to focus your mind on *extra* service of giving them rays. Service through the mind is very elevated service. It is beneficial for those who are unhappy and also beneficial for you. There is *double* benefit. You serve through words and that service is increasing; you are

doing that from your heart. The numbers are increasing, the number of centres is increasing. The *majority* of you are good in serving through words; not everyone, but the *majority* of you. In the same way, now continue to do the service of giving a drop to special souls. Do not keep your mind *free*. Keep your mind *busy* in one service or another: in giving powers through your mind, in serving through words, serving with virtues in your actions, in the service of giving happiness to your relatives and contacts. Keep your mind *busy* in all these different types of service, because who are the *richest* souls in the world? It is you, is it not? How many treasures have you received? So, serve with every treasure. The more you use these treasures for service, the more they will increase and this is why just as you pay *attention* to serving the self, in the same way, pay *attention* throughout the day to serving by giving rays through your mind to unhappy souls and your devotees. They are crying out a lot; you are not able to hear them. In the *majority*, there is one reason or another for sorrow in every home. Who will give such unhappy ones happiness? Speak! Who will give it? It is you, is it not? So, throughout the day, *check* your service through the mind. How much time are you giving to it? Just as you give time to yourself, in the same way, how much time do you give to serving through your mind? You are merciful, are you not? So have mercy for those who are unhappy. You have a song, do you not? “O mother and father, have mercy for those who are unhappy!” BapDada has to hear a lot of this. You can’t hear it as much, but now, listen to it. Where would those people go? They are your brothers and sisters. So, benefit yourself and keep your mind *busy* and also remove the sorrow of unhappy ones. They are crying out, their hearts are crying out. BapDada hears this and remembers you children. O My beloved children, my long-lost and now-found children, now have a merciful heart. Be co-operative with Brahmins too. No matter what type of sanskars someone has, what is your duty? To have conflict with that sanskar or to free that soul from the conflict of sanskars? The *title* “Remover of Sorrow and Bestower of Happiness” is your *title* too, is it not? You are the Father’s companions, are you not? Father’s companions, what thought have you had? You are going to transform the sorrow and peacelessness of this world and bring happiness and peace, are you not? You have to do this. Raise your hands! You are going to do this? Or, are you just going to watch? It is happening, but it has to change now. Even if it is Brahmin souls, do not just continue to watch and think that they are doing it, but also transform them through your words and thoughts in the mind. You should not have to do it. BapDada continues to hear that that matter has reached BapDada. Since you have given this situation to Him, then you yourself should follow the Father’s *directions* because BapDada is responsible and the special beloved companion children are His instruments. So, instead of having waste thoughts in your mind, now constantly give co-operation to the unhappy and *disturbed* souls, whether they are Brahmin souls or anyone else. Be co-operative. Achcha.

**It is the turn of UP, Benares, West Nepal to serve:** It is good. Devotees from everywhere come to UP a lot. Those from UP definitely have to give the message to the devotees. It is your duty to give the message and then it is in their hands for them to create their fortune and how much of it they create. However, they should not complain to you that you did not give them the message “Our Father came and He came to give us the inheritance. We would have claimed some inheritance, at least!” You do do this, because the Father receives the news. In any case it is easy for you to give the message to everyone whenever possible. Father Brahma and Jagadamba, the World Mother had a lot of love for UP. Father Brahma went to UP just as much as he went to Bombay. The place where Father Brahma placed his footsteps is so fortunate! Both Lucknow and Kanpur have had a right to this fortune. Bombay also became that, but it is now the *turn* of UP. Drops of teachings from the mother and father have fallen *directly* on UP. What does UP have to do for the future now? You do service through words in the melas, but, according to the present time, BapDada has been telling everyone until now to bring heirs and well-known *mikes*. “Well known” means those whose words create an impact on the ones who hear them. Prepare such *mikes*. Each centre, whether small or big, if it is in the *list* of centres then they definitely have to give the proof because there is no guarantee about the time. Anything can happen at any time. This is why BapDada is telling all the zones, and even those who have not

come. Baba is telling all the zones: Now, move forward! *Classes* continue to take place. The numbers are continuing to increase but now prepare those who will become instruments. In order to create them, BapDada has seen that there are such souls in all the *zones* who can become instruments. You are doing it, but now increase your *speed* a little. Achcha.

Everyone has now met. You come having made lots of preparations. Every Wing comes having made a lot of preparations. BapDada does know that, but He also has to consider the *time*. Baba is giving lots and lots of *in advance* multimillionfold congratulations to all of you for becoming intense effort-makers from now. Now, of those who have come this time, you must be hearing the murli regularly. Is there anyone who doesn't hear the murli? Raise your hands! No one. Achcha. Those who do not listen to or read the murli, stand up! There are a few. It doesn't matter, but from now, for the remaining time... These are the Father's elevated versions. BapDada comes from the supreme abode and Brahma Baba comes from the subtle region and they speak the elevated versions, so do not *miss* a murli for even a single day. You would then get off BapDada's heart-throne. Those who *miss* the murli should understand that they are not the masters of the three thrones and that they will only become masters of two thrones according to their capacity. Therefore, MURLI, MURLI, MURLI, because the murli has *directions* for every day. There are *directions* for all four *subjects*, and you have to receive *directions* for every day. All those who are *missing* it for one reason or another should make a *programme* for themselves so that they can hear the murli. Find one method of *salvation* or another. Inventions of *science* nowadays have been made for you. *Science* was invented about 100 years before Shiv Baba entered Brahma Baba. It has to be useful to you and this is why you should *use* it. Take benefit. Achcha.

To the children who are sitting in front of Baba, or wherever you are hearing the murli, love and remembrance from the depths of the heart, with deep love, and namaste.

**\*\*\* Om Shanti \*\*\***
