

TRICOLOR SECRET

The **tricolor flag** is a symbol of India's independence, which we hoist every year on **15th August** with great respect because on this day our beloved India got freedom from the slavery of the British. It is a symbol of freedom and national integrity as well as the sacrifice of freedom fighters.

The three colors of the tricolor have their own special meaning: **Saffron** symbolizes renunciation, courage and sacrifice, **white** symbolizes peace and purity, in which the **wheel** on the white band is called **Dharma Chakra** and **green** symbolizes the greenery and prosperity of the earth.

Together these three colors symbolize the pride of the country and with the message of unity and brotherhood, they also impart the knowledge of living a peaceful, loving life.

Now let us also understand its spiritual meaning, which has been explained at the present time through **Brahma**, the corporeal medium of **Shiva**, the Supreme Soul.

Three lines are shown on Shivlinga, first let us understand its spiritual meaning:

Whom does it symbolize? **Trilokinath** (the lord who is the knower of all the three worlds), it includes **Trikaldarshi** (knower of three aspects of time), **Trimurti** (the Trinity), **Trinetri** (the giver of the third eye of knowledge)... all have come. The lord of this world is also the lord of the one who is in the middle, that is, the lord of the **Tridev** or **Trinity** in the subtle region. Those who know this secret become the children of **Trilokinath**, the **triloki** of **Trilokinath**, that is, the one who knows all the knowledge.

And the flag of India is also in it. There is a chakra in the middle... who is the chakra?
That "Shiv Baba point".

Ashoka chakra

God Father Shiva

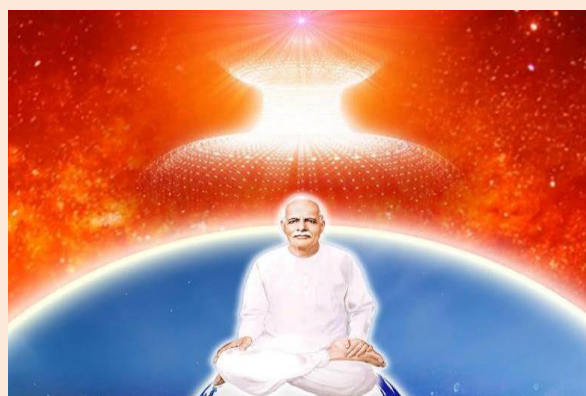

Which color comes below - "Green" means this colorful world

HEAVENLY DEITY WORLD - SATYUGA

what color comes in the middle "White" is the subtle region

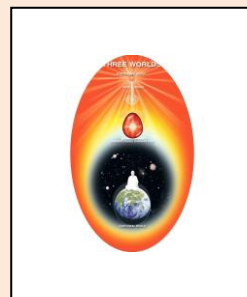

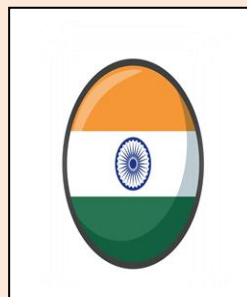

then "Kesari (Saffron) " means the color of the supreme abode.

Everything is there in it. Why do we call green color for greenery? When trees and plants grow on the earth, there is greenery, trees and plants all speak the beauty of nature. The subtle region in the middle and Kesari above because the supreme abode is of such color. That's why it is called three colors "tricolor". And who is sitting in the middle of the wheel is "My Baba" who is the formless point light form. Everything is connected.

Why is there a tricolor band on the dress? Complete knowledge is merged in it, when it was the beginning, the badge contained knowledge.

Now it's final moment so the knowledge is embedded in the dress. The souls who become the power of Shiva and liberate specifically the country of India and the whole world in general from the slave of Ravana in the form of vices, are praised in the form of **Bharat Mata Shivshakti Avtar** i.e incarnated mother India Shivshakti

MOTHER INDIA SHIVSHAKTI AVTAR

Sita or Sajni (bride) in the form of soul has been kept as a slave by Ravana in the form of 5 vices in his Shokvatika i.e mourning garden for half the cycle, due to which today all the souls who are trapped in the clutches of these vices are sad and unhappy by being involved in sinful deeds and have been calling their beloved dearest Ram or Sajan (beloved) since birth after birth in the hope of arriving and getting rid of them. So now in the confluence age after hearing the call, the same purifier Supreme God Father Shiva, the Supreme Soul or Shiv Rama, has come from the supreme abode to relieve devotees, brides, Sitas & Parvatis from this mourning garden of Ravana in the form of Ravana kingdom, to take them back to the supreme abode and transfer to the heavenly land i.e Ashoka Vatika. True freedom is to be free from this Kali-yuga land of sorrow or from the five vices (Lust, Anger, Greed, Attachment, Ego). Did we become free after the British left and went away or by the partition of the country? Freedom is to be free from the mind, from the evils. The one who is free from all these things is a true Indian and can truly celebrate Independence Day. The one who has gained victory over his shortcomings, weaknesses and evils, taken the reins of his sense organs in his hands and sitting as karmendriyajeeet (victory over physical sense organs), only he can be called a true citizen and has a true right to celebrate Independence Day. The one who free the entire India from corruption and evils are the only true Indians spiritual military.

Today, the country has become free from the slavery of Muslim and British foreigners, but it has become a slave to the enemy of five vices hidden within it. Because of this, the kingdom of Rama could not come, on the contrary, the kingdom of Ravana expanded. This beautiful world turned from heaven to hell. So now have to do **true service** to free all souls from evil. This is the **true Independence Day** and they only sing the **true National Anthem**.

In front of National flag, let's have a pledge to liberate **Mother India** from these **five vices** in the form of foreigners, so that the kingdom of Rama may be established again on this earth. May this earth be freed from all sorrow, disease thereby creating an atmosphere of happiness, peace and prosperity all around, may this earth get transformed from hell to heaven. One must make this resolution that I will free maximum number of people in India from the shackles of Ravana. This is the **duty of a true Indian citizen**.

Lastly, the **Godly message** is "Considering self to be a point light form soul and remembering the beloved incorporeal point light form God Father Shiva, the soul will become pure, all the bonds of sorrow will end, sinful actions will be destroyed, will be freed from punishment, will live in Joy, never get tired, will achieve liberation & liberation-in-life. This means that in the future, you will receive the inheritance of happiness and peace in the heavenly world or will attain the liberated stage in the supreme abode".

Om Shanti
