

Dadi Janki – 15th January 2017 – Gyan Sarovar

It's time to go home...

Today is third Sunday. I am in Gyan Sarovar. I was in an airport once and did World Meditation Hour there. Baba has made us worthy to follow the disciplines in this Yagya. If I do then others will follow. To follow the system is also to follow the Marayadas. We are receiving an education here and we need to follow the system. We used to keep the time of India for world meditation throughout the world. Then we kept the time in the evening (local time).

Today's Murli was wonderful. First we have to churn. When we churn we get power. From the Murli we get sustenance for the day. The knowledge of the cycle means the drama. It tells us how we come down the ladder and now we have to climb up. Baba has come and shown us how to fly. The bird of the soul flies high... What are the wings which take us into the ascending stage?

Baba is Karankaravanhar. He is the One who does and also makes us do. He is telling us not to get stuck/attached somewhere. Bring Baba in front of you in a second and you will be able to put a full stop to the past. The future will be good.

The 100 years of the Confluence Age is so good. Now we have to go back home along with Baba. He will take us back but we have to be ready. We have to now go back to that land of silence. The Golden Age is coming and the Iron Age is going. This is why we need to be in silence; to prepare to go home. Are you ready? Ready to go back home and then come back again. In silence we can earn a lot of income.

We are in Harmony Hall – har mani – accept defeat and all difficulties will finish. Do you know how to prepare dilkush (happy heart) toli; to prepare it, eat it and feed it to others... If your heart is happy then everything is good. One who is happy is pleased with everyone. Don't sulk after coming onto this path of knowledge. A soul with a happy heart will understand the feelings of others. Baba is pleased with one who has a true heart. Service happens through our bhavna. Do service with true bhavna and no-one will be displeased with you.

Om Shanti
