

MAMA

We remember Mama with love.

Mama is remembered for her purity,
wisdom and kindness,
for her strength, her teachings
and her insights,
for her sweet nature, her discipline
and her powerful intellect,
but above all, she is remembered
for her love....

On Mama's day, we remember
her with special love.
In the physical form she was our
inspiration and she still is.
We do not remember her just today.
She is in our hearts, thoughts
and actions every day.
How can she not be?

There is only one Mama....
