### 1. Self-Respect I am Supremely Pure Angel.

- I, the angel, have incarnated on this earth to establish the religion of Purity.... Impurity of Iron age can not even touch me...I have to give the donation of purity to all souls of the world.

### 2. Yoga-Practice

a. My complete form of purity is in front of me... light and might is spreading in all directions from it... slowly it comes towards me and merges in me...

b. I, the angel of purity, am standing in universe and removing the darkness from the world... all souls are becoming pure.

c. Completely pure Brahma Baba is calling me to subtle region with His open arms... I, the supremely pure angel reach subtle region... Baba is making me elevated through His pure drishti.... Baba is emerging all five elements of nature in front of Him..and I alongwith Baba purify the nature by giving them vibrations of Purity... after that Baba is giving me a tour of subtle region...

### 3. Inculcation – **Completely Viceless**

- I should not remember anyone but Baba.

4. Churning – What are the signs of Completely viceless soul? Make a description through words. For E.g. - Free from waste.

- Free from the attraction of body and bodily things.
- Free from the feelings of jealousy, hate and dislike etc.

### 5. To-Self-Sovereigns

a. If there is struggle in the inculcation of Purity, then don't give up. We are the same souls who have achieved victory over these sins each Kalpa. We will become victorious again. God's hand of blessings is on our head.

b. Hey Victorious soul! Why do you want to loose the attainment of 21 births over few moments of sensory pleasure. It's worth a penny in front of the happiness of Golden age. Remember, your 5 minutes of sex-lust can bring darkness to complete 5000 years.
